## PREFACE.

In this volume is completed the Journal of the Council of Safety, which it will be remembered was the permanent executive committee of the Convention, or provisional revolutionary government. The Convention met at stated times, or was called together by the Council on any emergency, while the Council carried out its measures, and administered all matters connected with the war, or growing out of it.

In August, 1776, a new Convention was elected, charged with the duty of framing a Bill of Rights and a Constitution for the State. Their task was accomplished in November. The Constitution provided for a House of Delegates consisting of four members from each of the nineteen counties, and two each from Annapolis and Baltimore, to be elected immediately by the people. There was also to be a Senate of fifteen members, nine from the Western, and six from the Eastern Shore, to be chosen by an electoral college, designated by popular vote.

The governor was to be elected annually by joint ballot of the two Houses, and was to be assisted by a Council of five members, chosen in the same manner.

The election for electors to the Senate was held on Nov. 25, 1776, and they performed their duties on Dec. 9. The Delegates were elected on Dec. 18, and the Assembly met in Annapolis on Feb. 10, 1777. On the 13th Thomas Johnson was chosen governor, and was inaugurated with imposing ceremonies on Mar. 21.

The State government being now complete, the Council of Safety dissolved itself by simple adjournment, and handed over its records and unfinished business to the Council of the State. The records of the State Council are therefore taken up in this volume, as they have never been published.

The most disquieting matter with which the Council had to deal, was the activity of the tories, especially during the gloomy winter of 1776-77. In Somerset and Worcester counties there was a strong tory feeling; and under leaders of some ability the loyalists became so bold that a dangerous outbreak seemed imminent. Gen. Smallwood and Col. Gist were sent down into those counties in February, 1777, to suppress disaffection and restore order; and Congress empowered Smallwood to call in the aid of the continental troops, should it be

found necessary. Smallwood's letters of March 3 and 14 give interesting particulars.

What has particularly impressed the editor in his study of these records, is the self-possession and composure of all the leading men in that great struggle. Neither danger, disaster, nor success seems to have shaken their steadfast souls. In all the correspondence we find no appeals to passion, no high-sounding phrases, no particle of the demagogue's stock in trade. They had not been hurried into revolution, but accepted it when it was seen to be inevitable, and with calm determination they saw it to the end.

The eulogy passed by Chancellor Hanson on the Convention and Council of Safety is worth quoting as a just tribute to the memory of these truly great men. He says:—

“Such an administration, the immediate offspring of necessity, might have been reasonably expected to be subversive of that liberty which it was intended to secure. But in the course of more than two years, during which it was cheerfully submitted to by all except the advocates for British usurpation, although many occasions occurred in which an intemperate zeal transported men beyond the just bounds of moderation, not a single person fell a victim to the oppression of this irregular government. The truth is, that during the whole memorable interval between the fall of the old, and the institution of the new form of government, there appeared to exist among us such a fund of public virtue as has scarcely a parallel in the annals of the world.”

Sir, We received your's of the 28<sup>th</sup> of December but know not how to give any certain answer, Congress having made no written requisition to us relative to the militia, nor have they in any manner explained to us the destination of those Troops. The militia are to move forward on the requisition of the Honourable Congress; and no question if you apply to them, or to your Brigadier but they will inform you of every thing necessary or proper to be known. We are sorry to find the militia so very backward, perhaps the news of the victory lately obtained (a narrative of which you will find inclosed in the inclosed hand-bill) may serve as a spur to the

Sir. Col. Contee in passing through Annapolis left with us some papers preparatory to a complete return, and promised to attend the Board in a few days to explain every thing that had been done by the Commissioners.

We are sorry now to inform you that he has not been up, and we hear both himself and his family have taken the small pox; this obliges us to request your immediate attendance for a few days; the board are at a loss in several particulars, and cannot well proceed to a final arrangement of the eight Battalions without you, be pleased therefore to come down as soon as you can.

We are, Sirs your ob. S. &amp;c.

To Gen<sup>l</sup> Chamberlaine and John Hanson Esq.

P. S. We congratulate you on the victory obtained by Gen<sup>l</sup> Washington, the particulars of which you will see in the Hand Bill inclosed. Mr. Carroll from Congress writes us that General Heath had crossed the North River and retaken Fort Lee & Hakinsack 130 prisoners and the Stores and Baggage.

Sir,

On being informed last Saturday that seventeen armed men from a neighbouring county, had forceably taken some salt I had purchased some time agoe for the use of a plantation belonging to an orphan under my care, I collected some persons as soon as possible and persued them about twenty four miles without being able to overtake them before they had seperated, having got the start of us about two hours. we waited on the man who was said to be their leader, whose house we found guarded, tho' he did not appear himself, and the only one of the party who acknowledged the fact, we brought off and now send him under a Guard with his confession enclosed and the deposition of the person who lived in the house and had the salt in charge. I also send you Colston's letter to me for your information, to which I answered that I had nothing further to say in the affair, and that it should be laid before the Council of Safety. The expence I

have been at hope will be thought reasonable and shall be c. s. c. glad to have an order on our Treasurer. I hope my conduct in this affair will meet with the approbation of the Council, being with the greatest respect.

[Petition of Andrew Glasby.]

January. 1777.

To the Honorable the Council of Safety of Maryland. The Remonstrance and petition of Andrew Glasby late master of the Snow George, most humbly representeth, that some time ago, your Remonstrant's vessel, with all her hands and cargo was made captive of by George Cook Esq<sup>r</sup> commander of the ship Defence of this Province. That amongst others of the captivated a free negro man, called by the name of Party fall happened among the number, who was at that time entered on board your Remonstrant's Snow at the rate of seven dollars per month, in the Capacity of a common Sailor your remonstrant and Pet<sup>r</sup> humbly representeth unto your Honours that he is given to understand, that when a free negro doth not inlist or take up arms in Defence of Great Britain against America in the present unhappy contest, the Honble Congress have passed a resolve, that he should have and enjoy the same freedoms and privileges with other freemen of the State. Your Remonstrant and Petitioner further sheweth unto your Honours, that such is the custom of the place from whence this negro came, that the person in whose ship or vessel he enters, is obliged to give bond, with sufficient security under a heavy penalty, for a safe return of said negro: And to prevent-Frauds it is added, that in case said negro should die on his passage, the person giving such security shall be obliged to carry to the place from whence he was carried or taken both his ears. Your Remonstrant further representeth to your Honours that he has divers times mentioned this matter to the said George Cook Esq<sup>r</sup> and requested of him to deliver to your Remonstrant the said negro, in order that your remonstrant might thereby release his securities. And as the said George Cook Esq<sup>r</sup> hath altogether refused to give up to your petitioner the said negro, he therefore prays your Honours interposition therein and he as in duty bound will ever pray &c.

January 1<sup>st</sup> 1777

I last night received a number of Commissions for the officers of the Liganore Battalion and among the rest, one for myself as Colonel. That for myself was what I did not expect, it being now near a fortnight since the election, at the close of which I was declared duly elected, to serve in Assembly, as a Delegate for Frederick County. It is impossible for me to serve in both Capacities agreeably to the present constitution; for I need not put you in mind that by the forty fifth article in the form of Government, Field officers in the militia are ineligible to a seat in the House of Delegates &c. This article I look upon to be a good regulation, and am determined to adhere to it. It being known to and expected by the people, that I am to serve them as their Representative, without the most distant expectation of my serving as a Field Officer, and as one or the other must be resigned, it is my resolution to act in the former capacity. And therefore with that respect which is due to the Executive Body of this State, I resign into your hands, herewith enclosed, the commission made out for me, as Colonel of the said Battalion.

I am Sir

Your humble Serv<sup>t</sup>

I am favoured with yours by express and am sorry you should want any information from the Commissioners for recruiting the Army. At Wilmington the return was to have been made, but on getting there the Gentlemen very anxious to get forward proposed taking all the papers and compleating the buisness before they parted. To this proposal I agreed and gave up the papers that were in my possession. Under these circumstances it perhaps will not be in my power to give your Honours the satisfaction I could wish tho' should you still incline that I should wait on you, on intimating as much by the return of an express I sent off yesterday, I will immediatly wait on you, being with the greatest Respect

Gentlemen: Congress have received no Letter from General Washington since the 27<sup>th</sup>. We are informed by private Letters that all our force, about 10,000, are in the Jerseys, and that the Enemy are retreating. It is certain that Gen<sup>l</sup> Heath has retaken Hackensack and some Prisoners.

Mr. Shearman, Delegate from Connecticut, informs that the Enemy are in Possession of New Port, Rhode Island, and that about 10,000 are collected to oppose them.

The enclosed Petition was put into my Hands; your Board will make proper Enquiry and grant Redress. Captain Yates delivered me the enclosed.

Mr. Carroll informs Me that an application was heretofore made to Congress relative to the Case of Milne and Jenkins, and declined Giving any opinion. I have given the state of their case to the Georgia Delegates. I will write you further on this subject.

General Smallwood will communicate to you his Directions from Congress. I shall procure Money from them as soon<sup>r</sup> as it can be signed, and shall furnish the General with a sum to enable him to expedite the new Levies. I doubt not the ready Concurrence and assistance of your Board. On the Success in procuring a new Army depends our all. I wish you would give a Line to any officer who may apply to you for Money, and signify what sum I shall advance.

I think it would be proper for you in a full Board to consider the Propriety of Convening our general Assembly. Our State is as yet unrepresented.

Bladensburg Jan<sup>y</sup> 3<sup>rd</sup> 1777.

I am favour'd with yours of the 2<sup>nd</sup> Inst, in which you desire to be inform'd if I can furnish eight or ten tons of Cordage and what the price and time of delivery will be. To these three questions I can at present answer to one of them only. it is that I can make the Cordage and perhaps as soon as any one of the fraternity. The price I cannot set at this time, that will depend on the price of hemp, and the time of delivery is uncertain, having little or no hemp by me, and it is seldom ready for sale before the last of March. I mean the crop of 1776.

I have already taken steps for securing twenty thousand weight, but I do not expect it can be engag'd before the time above mentioned. when it comes in I can turn of one thousand or twelve hundred p<sup>r</sup> week, perhaps a greater quantity, but I chuse to be moderate as experience has told me unforeseen disappointments are often presenting themselves to our view, I cannot now give you a more conclusive answer to your letter, for I wou'd rather not contract at all than make an agreement that I had not a certainty of complying with. if from what I have said, you think there is any probability of our coming to an agreement, on your favouring me with a line I will act accordingly and not engage for any more than

I have already promised, tho' several applications have been c. s. c. made to me lately.

I shall set off from hence in the morning early and hope to be at Annapolis at night and wait on the Hon<sup>ble</sup> Council the next morning, to whom please to present my respectful compliments

Gent.

I have had no opportunity since my receipt of your last letter before this by Col<sup>o</sup> Price nor did I think it worth while to send an express. I wish you would be pleased to send forward one thousand pair of shoes to be lodged at Philadelphia subject to my orders with the prices that there may be no difficulties in settling with the men. I before desired an order for the arms which were lodged at Philadelphia by the Maryland Flying Camp militia, but you gave me no answer as to that point presuming it was your intention they should be put into the hands of the militia I have ordered they should take what good arms they could with them and told them they may expect the deficiency would be supplied out of those arms, I shall be obliged to you for an order to meet me at Philadelphia as well as your instructions to the disposition of them. on my return it is my intention if the people can be kept together to come back slowly in convenient bodies and bring the arms with us. Disputes about command will be destructive of all authority and order. I wished to know whether I was to command all the Maryland Militia or only

those of this Brigade. Your silence on that head compels c. s. c. me to repeat my request that you will send me something decisive on that point. I hear from Col<sup>o</sup> Beatty as far as New York that Washington Militia turn out well. J. Johnson's and Bruce's Battalions do us honor. B. Johnsons not so much, a good many in it are backward, though every thing will be done that industry can effect. from what I hear the Montgomery Militia muster very thin. I this evening received Col<sup>o</sup> Sheredine's and Major's Howard's resignations, and believe Major Moor will not act. several of commissions for the commissioned officers are wrong. it is really difficult to put things on a footing at such times that will please generally. I have appointed the Battalion to meet next Tuesday, and shall attend it in my way to Philadelphia. By this means only I expect to be able to send you a list of such as will do. I inclose a letter from Col<sup>o</sup> Bruce by bearer to forward the commissions to Philadelphia. I think it my duty to mention to you one Robert Bruce who was in the Clerk's office of Charles County. He went a rifleman in Price's company. He now goes out in the Militia. He is very active in spurring up and I believe very spirited. I think he merits and I wish he had an Ensign's Commission. The companies I believe have recommended his brother, who I understand deserves well. Would it not be well that a few recruiting officers were ordered to attend us. I suspect if they do not, I shall have broils about our Militia enlisting as the quota of our neighbours which I must oppose. Frederick Ridgely goes surgeon to Baker Johnson's Battalion, if you approve, he is a fine young fellow, will you by bearer send him a commission. Doct. Adam Fisher to C. Beatty.

To the Honorable Council  
of Safty, Annapolis

[John Gibson to Council.]

Talbot County 4<sup>th</sup> January 1777.

Council of Safty. Gent.

I imagine ere now you've had an impeachment laid before you by M<sup>r</sup> Chamberlaine against Jere. Colston, and others of Caroline County for forcibly taking a quantity of Salt from him. And lest you should not have the matter impartially laid before you Honors, I've thought proper at the request of the parties concerned to give a real and true State of their whole proceedings in going out in serch of salt and their coming in, viz. Colston being in extreem want of salt heard it was most likely to be had in Talbot County, and being well acquainted there, He proceeded through it making the strictest enquiry after salt, but could hear of none except that M<sup>r</sup> Chamberlaine had ingrossed. He then went to M<sup>r</sup> Chamberlaine with an intent to purchase, and finding him not at home, made his business known to the family, who told him M<sup>r</sup> Chamberlaine would certainly sell him none and also heard that he had refused selling to many before. Colston went a second time, when he was disappointed in the same manner. On his return he acquainted many as he pass'd with his business and the real want he was in, for he then had 1500 w<sup>t</sup> of Pork kill'd in his house, which had laid there some time for want of salt, which he could by no means procure and returned empty home again. He was then mentioning his case to his neighbours, who say'd they was in the like circumstances and knew not what to do. He then let them know he was informed Chamberlaine had a quantity of salt, at a plantation of his, (called plain Dealing) to the amount of 100 Bushels, but would not part with any of it to any person. Those men then after making the strictest enquiry after salt without success, pressed him to go with them, and seemed determined if Colston would join them, to deal plain with the ingrosser of that scarce article salt. They then proposed going with each of them a musket, and also money to buy as much as they had real present need of, which latter they would first offer to Chamberlaine's Trustee, and if he would not take the money and deliver the salt, they would take it by force, to this proposition Colston agreed, the time was appointed when to set out

on their expedition, accordingly they met and went down to Plain Dealing to the amount of 17 men with muskets, (though no ammunition) where they found a number of negroes which they expected belonging to the plantation, and the Trustee from home, however his wife was, to whom they apply'd for salt, tho she as well as the negroes had their lesson, say'd there was none there, Colston told her he was credibly informed there was a considerable quantity there, which had laid some time untouched, therefore insisted to have the door of the house in which the salt lay opened, or they would break it open, at the same time telling her their necessity and likewise of the money for the quantity they wanted, as they did not mean to rob them of it, but to pay a full price, on which the woman say'd if they would not be too lavish, they might get what they wanted, and opened the door, called a negroe, and they ordered him to measure out carefully  $17\frac{1}{2}$  Bushels for which they paid her 35 Dollars. Then went home and wrote M<sup>r</sup> Chamberlaine their necessity and what they had done, that if the sum they paid for the salt was not sufficient, they would still pay him the price he asked, tho' on hearing it he pursued them to Caroline County as quick as possible and took a poor lad that was a hireling to a man that sent it with them, who I imagine is still confined: the above is a true state of case, in which I make no doubt your Hon<sup>rs</sup> will judge of us favourable as the case will admit of. I need not remind you of these distressing times, for that reason as no violence has been and hope you'll not think them men of seditious principles, who might be desirous of stirring up partie faction. They are by no means such. I know several of the leading men to be men of reputation, who bears and is deserving of a good a moral character as most men in the country; I could wish our leading Gent. on this side of the Bay was as little inclined to partie designs and self-interest as Colston, who was their leader of that Salt company. They have been sincere in their Country's cause and have acted like men of Spirit and principle ever since these distressing times commenced, which is more than can be said with truth of any engrosser of Salt here.

They have not passed through the country publishing the numberless and great difficulties, that we are at in carrying on the War against G. Britain, neither have they through any dastardly conduct or conversation endeavoured to disunite and weaken our cause; which too many of our first Gentlemen have done and in public acts, and speaks with such timid duplicity, which leaves the ignorant in doubt. Was they real friends to their country as they stile themselves, would they ingross that necessary article salt, and keep it from the neces-

c. s. c. sitous as they do in this county, which seems to be for no other purpose than to distress the needy (for what end?) to make the war in which we are engaged more irksome, occasion the people to mutineer and create divisions among them, these are the ends they answer. May just vengeance fall on the heads of all such traitors. The success of Howe's arms when near Philadelphia has unmasked many of our leaders here, which I'me sorry its in my power with truth to say of them, and could with truth say a great deal more to the discredit of our once leaders, which for the present must decline as time will not permit. To conclude, I've thus far given you a true discription of Colston's case, and some of the conduct of our county men, and by which you may the easier judge of the unhappy situation of the people of this shore, must beg your patience a little further while I inform you, that if you should send summons's for those Caroline men to be brought before you on M<sup>r</sup> Chamberlaine's charge against them, I know not where it will end, especially with that Gentleman and his tory assistants, for there are not less than 3 or 400 men who have pledged their faith to each other to go at an hour's warning, and at the risk of their lives and fortunes not only release those men, but be revenged of those who occasioned such injuries to be done them, which I really believe is the truth.

I therefore hope your Hon<sup>rs</sup> of the two evils will choose the least, let it pass over, as no one is injured by this conduct yet, and lest it excite more devisions among us than we already have, which are too much encouraged by crafty, designing men, against whom we ought always to be prepared to defend ourselves, by being as unanimous in all our public undertakings as possible, which is the sincere wish of Gentleman,

Your very humble Servant

John Gibson

N. B. Among other facts in the state of M<sup>r</sup> Colston within, its set forth that M<sup>r</sup> Chamberlaine's Trustee was not at home, which is wrong. He was at home, but sick, which occasioned his wife to act.

I find my health so much impaired by the late Campaign, that I am unable to render my country the services which I ought in honour, shou'd I continue to accept of the Commission with which I have been honoured This with some other

reasons have induced me to a resignation. I have enlisted c. s. c. some men who has consented to enrole with Capt. Benjamin Ford. You'll much oblige me by empowering some person here to receive and settle the remainder of the Publick money now in my hands.

[Thomas Sparrow's Memorial.]

To the Honourable The Council of Safety of Maryland.  
The memorial of Thomas Sparrow, Humbly sheweth—

That agreable to the warrant your Honours was pleased to grant me for the purpose of recruiting men for the service of this State, I repaired to Dorchester county where I had had the promise of a sufficient number, and firmly believes that I could have enlisted them, but for the reasons hereafter mentioned.

I was four days on my passage from Annapolis to Cambridge, and on my arival Major Thomas Muse being dead, I was obliged to wate a week before I could acquaint your Honours therewith. Colonel Traverse knowing the disappointment I had met with, told me he was going to Annapolis, and should soon return with an answer, if I would write to have another Gentleman appointed to assist me with cash for the recruits. I waited six days after Colonel Travers's return to his House at Hooper's Island for the letter directed to Cap' Daffin, which Gentleman supply'd me with a Horse to ride for it, as Col. Traverse had omitted to send it to him. I received the letter, and on my return to Cambridge, heard the corps belonging to Dorchester County was to meet at the Lightwood knot chapple. M<sup>r</sup> Peter Carvil told he would ride to that place with me, and made no doubt but that I would enlist thirty men, as he had heard many intended to meet me there for that purpose. I had not received any cash, but as that opportunity offered, I concluded to advance the Small Sum I had to bear my expences, which if not Sufficient, M<sup>r</sup> Carvil offered to supply me with, and to do him justice he was the only friend I had in the field who had courage enough to stand by me. I proceeded to do my duty, and undertook to read the resolve of Convention with respect to raising matrosses. One of the Company told me it was all false and if any man should enlist, he would be sent to Philadelphia, and not to Annapolis, and that they were damned fools that

c. s. c. would go to either to fight against their King. I then told him he was a Tory. another told me I should not come there to find any thing else; I told him I hoped to find it otherwise. A young man then desired to hear the proposals; I attempted to read them to him, but one of the Company struck the paper, and many of them made such a noise, that prevented me from informing those who wanted to enlist. I then put up my papers, lest they should take them from me. About an hour after a man called me aside and told me he would enlist at Cambridge, for he was afraid to do it there. M<sup>r</sup> George Slakum overheard him, and said Dam your forty shillings, it is not worth six pence. I have gold and silver enough, and will give fifty shillings to a man either to fight for the King, or not fight against him, which of the two I am not positive, but believe I can prove both, if I can be enabled to go there for the evidences. M<sup>r</sup> George Slakum told me I was a damned rascal in offering to enlist men against the King and they were damned fools that would go with me. I saw immediately after that in different places men whispering together, at which time a young man as he passed by me said goe off immediately or you will be murdered. I took his advice. It being dark, I knew not the road perfectly. In a few minutes I heard some horses in full speed coming after me; on which I took to the woods and made my escape for that time. It would take up too much time to relate what I suffered in that night, which had almost cost me my life. In Cambridge I received of Capt. Daffin eight pounds, which he told me was at his own risque, being bound up by the Instructions he received not to advance more than forty Shillings at one time, but as I proved to him the inconveniency attending it he advanced me more. When I came away I returned him the whole Sum advanced. I have advanced some cash to the men I have enlisted, to do which I was under the necessity to sell my sword and watch. As I have been so much disappointed in getting men, I was determined not to make use of the public money. In Cambridge I next beat up for men in the presence of many of our principal Gentlemen, being the time of the Election. I had a flag made of two sheets of small bills, which one of a mob that had raised against me, often attempted to take from the man who had it and struck him. They then proceeded to insult me, and was very industrious in advising men not to enlist. John Chalmers seeing the treatment I met with told me he had two swords and that I was welcome to one of them. I accepted of one of them and soon chased the Town of my enemies. Lieutenant James Gray was much my friend in this affair. I intended next to goe to New Market as I understood there was to be two days

racés, but my friends advised me not, as It was expected C. S. C.  
many of Capt. Andrew's men would be there, and I should be  
used ill. I complained to many of the Committee, and in particular to Capt. Daffen and M<sup>r</sup> Ennals who told me the night I came away they were sorry I was so ill used, but that it was out of their power to help it, and advised me to apply to your Honours, who I hope will find my Conduct in this matter to have been such as will not disgrace the warrant you Honoured me with, which conduct I am determined to pursue in any station you may think proper to place me in, if it is only a private, and hope that the trifling eregularities I have some years ago committed, may not prevent me from being prefer'd according to the services I have, and am willing to render in the present dispute.

She may do very well without the Stern Cable, it is of no use to them in the West Indies, and if she gos to any part of old France they must have more with their two Bowers, and there is plenty of cable to be got there, the stern cable will sut Captain hamond if you will order it so I shall then git a cable for the Galley, there was many things might bin taken out off the Brigg by a hand thats a proper Judg. that would be of grat servis to the States navy and she go well found to sea. Gentlemen.

Frederick Town January 5<sup>th</sup> 1777

I received p<sup>r</sup> Gen<sup>l</sup> Johnson the first Major's Commission for the Linganore Battalion, dated the 28<sup>th</sup> December 1776, and finding Capt. Wells Commissioned Lieutenant Coll<sup>l</sup> in consequence (I suppose) of the certificate he was so officious with. I therefore resine my commission into your hands again for no other reason than that I am determind not to serve under any officer that was returned in that certificate. Unless the Battalion concur in and agree to the measure, for they whole at that meeting did not amount to 150 rank and file, therefore conclude it unjust that the majority of the Battalion should be bound by the minority. Beside the election was conducted with the greatest impropriety, thare maner of voting was that they whole field officers should be voted for at once, and the highest on the pole to be first Colonel &c. and by that maner of voting a person that's popular for any under officer, will undoubtedly be first Colonel, or higher than they people intended, and this to my certain knoledge was the case and they officers put in contrary to intention of the people themselves, but if any other customary meethod to recomend be fell upon that is justifiable I will serve with the greatest chearfulness in any office in the Battalion and march at the shortest notis. They companys all hold themselves in readiness against they officers be commissioned agreeable and think they will turn out generally, to incourage which has been the unremitted indeavour of, Gentlemen,

Jan<sup>y</sup> 6<sup>th</sup> 1777.

We are much at loss how to proceed in the military line for want of proper information from the Commissioners, and are sorry that you are under such circumstances that it is not in your power to give us the satisfaction we require. Col Rumsey is engaged with the Militia under his command, M<sup>r</sup> Contee, we have heard, is ill, and Mr. Hanson, from the distance between us, we fear will not attend. These considerations we doubt not will weigh with and induce you to come over to give us what assistance you can, more especially when we inform you that the Council of Safety have chosen you a member of that Board, which being thin, your attendance is the more necessary. We are very certain that the want of salt creates much uneasiness, every day proves more and more the melancholy truth; therefore it is undoubtedly incumbent upon every person having more of that article than will answer his immediate wants, to spare to those who are distressed. We know of no vessel lately arrived with a quantity of salt belonging to the public, but if there had, you must be sensible that and much more would be required by us to comply with the order of the late Convention. We have certain advice that seven thousand Bushels of salt have been imported into Baltimore in the course of last week, it would therefore be well for some who can do it, to send a vessel or

c. s. c. two which, we apprehend, may be got with convenience and ease to that port and bring down a parcel to satisfy the present necessary calls of the people We are, Sir, &c

Sir. We have before us a petition from the Serjeants, Corporals and private men of your Company relative to the Pay, Rations &c. The former it is not in our power to alter, but you may assure them that we will lay it before the Assembly at their meeting, and doubt not their Request in that particular may be gratified. As to the rations we beg you will enquire into it, and have it rectified, if the Victualler fails on his part. Vinegar and Indian meal are articles, we conceive, may be easily supplied, and those they complain of wanting. Molasses indeed he may find some difficulty in procuring, and therefore if not to be had, ought to be made up with something else. We beg the favour of you to examine some Ticklenburg offered to us by Messrs Vanbibber and Crockett and inform us if you think it will do for tents, if it will we agree to take it.

c. s. c. being able to get the time of their entry from M<sup>r</sup> Turnbull, tho' repeatedly have asked for it, this uncertain condition causes a great perplexity. however from every circumstance I think it best to settle with the whole of them, and endeavour to reenter as many as possible I can. the Frigate has opened a rendezvous by which means they get most of the Seamen in this place, it would enable me to get men for the ship much sooner, if you should approve of our opening a house of that kind likewise, I arrive here on Saturday and should have wrote you sooner, but thought of waiting on you which I now have declin'd, as I expect to have one side of the Ship out tomorrow and properly cleaned this week. I intend to engage the Seamen for the ship during the warr if possible, but hope you'll be pleased to write me fully the manner you'll have them entered, and what encouragement they may expect as to Prize money which bears great weight with them, for should it be less than in the Continental service, it will be with difficulty they'll enlist. I shall use my utmost endeavour to get the Ship ready as quick as possible. Your letter to me wherein you directed me to employ an attorney to put in a claim for the Snow George, I did not receive till the day I set out for Philadelphia, the hurry in setting of prevented me from speaking to M<sup>r</sup> Buchanan to do it, so that there was no claim laid. An appeal to Congress will be easily done by a few lines from you to M<sup>r</sup> Chase, or who else you may approve of.

Wednesday Morning

We remain in the most anxious suspense, Some important event has taken place, but we are unable to inform the particulars.

The enclosed is a copy of a letter from the Committee of Congress to M<sup>r</sup> Hancock. I have no leave to make it public. I send it to give you all the intelligence in my power, it may be shewn but not printed. Our State is still unrepresented and every day matters of the greatest importance are debated and determined in congress.

I am afraid our recruiting service will be greatly injured unless satisfaction be given to the officers. I believe many reasons will occur to convene the General Assembly as soon as possible. Many reports from Somerset County cause uneasiness here, and if true, demand speedy and vigorous measures.

I have just heard of this Conveyance and drop this line from Grants Tavern.

I am, Gentlemen, with Respect,

Your obedient Servant

Philadelphia Jan<sup>y</sup> 5<sup>th</sup> 1777  
10 o'clock

We have no certainty to this Hour, except the substance of current reports by various hands. Gen<sup>l</sup> Washington drew up his army and took post on the hills on this side Trenton Bridge. he caused large fires to be made and kept up. He had received certain intelligence that Gen<sup>l</sup> Howe, with a considerable reinforcement, was on his march from Prince Town to join the main body at Trenton, he decamped in the middle of that night, made a forced march, met M<sup>r</sup> Howe about Maidenhead, or Quaker Bridge, gave him battle, put him to the Rout, and took 500 to 700 prisoners, pushed forward, took possession of Prince Town at the point of Cannon, with a number of officers of the 40<sup>th</sup> regiment, and this morning we are told he was still preparing and determined to push on to Brunswick, where are all the Enemy's valuable stores &c. That part of the Enemy's army that possessed the part of Trenton on the other side of the Bridge never discovered Gen<sup>l</sup> W<sup>h</sup> march until they heard the engagement. They then took possession of all the Heights, and remained under arms until about 11 o'clock, when they marched off by the Prince Town Road, in order, as is supposed to get on the other side of our army, and join there Gen<sup>l</sup> Howe. Gen<sup>l</sup> Putnam marched from hence yesterday with about 600 men, 500 follow to day and more are coming in every hour. We hear various reports of Gen<sup>l</sup> Heath being again on this Side the North River, and of the New England Militia coming down ag<sup>t</sup> N. York.

Bladensburg Jan 8<sup>th</sup> 1777

I am favoured with yours of the 8<sup>th</sup> Instant, and agreeable to what you recommend, I shall pursue such steps as I think most promising in order to secure the quantity of hemp that will be sufficient for your cordage you want from me, my thanks are due for your offer of assistance in case I should want it, but I flatter myself I have materials that will purchase the quantity mentioned in your first letter, and further than that I desire not to go. Speculation when goods run so high I wish not to meddle with, though should you think it necessary to have a greater quantity than ten tons from me, then indeed I have doubts of my ability to deposite ready money, and nothing but ready cash will go down with those folks.

Shou'd any further intelligence be necessary be pleased to c. s. c.

Sir, We have the pleasure of your favour of the 7<sup>th</sup> and are sorry to find so many of your men have left you, the only way to replace them is to open a Rendezvous and offer the same Pay and Terms in every Respect, that the Continent does, we cannot expect to get them on lower, of this Proposition of yours we approve and would further submit to your

c. s. c. consideration, if it would not be well to send your Tender to the mouth of Potomack, or any other place you may think better, and there open a Rendezvous, you may by this step forward the Enlistment.

We send you the Time of Entry from M<sup>r</sup> Turnbull for your Government. You will, we doubt not, expedite the Defence all in your power. Delay is dangerous, and much may depend upon her hastily getting to Sea. Be pleased to apply to M<sup>r</sup> Chase and show him our letter, he will do what is necessary relative to the Snow Georgia

Sir, We received your letter by Vincent Trapnell, who came down to the Council of Safety in consequence of your advice to him, he alleged a number of facts by way of mitigation or excuse for his conduct, we gave him an opportunity of verifying those facts by affidavits or evidence to be produced, and appointed him to attend on yesterday the eighth of this month, and also wrote Captain Bosley, who came down, but Trapnell has not appeared. He sent some Depositions and wrote the weather was not good enough for him to come down; we do not think this excuse sufficient, and therefore request you would give the necessary orders to have him arrested and brought before the Board as soon as possible. Should you meet with any difficulties, you will call in the necessary assistance, and apply to the Committee of observation for their advice, should you want it. This man must not be suffered to behave in the manner he does, the example may be dangerous; we have a letter from Samuel Baxter the Collector of Middle river upper hundred who has likewise complained of obstructions in the execution of his duty. We

have wrote to him to apply to the Committee or yourself for c. s. c. assistance and to proceed to levy the fines. We are &c.

No. 95.

Sir. We received your letter of the 3<sup>d</sup> instant complaining of some obstructions in the execution of your duty, you have sent down no proofs or depositions to lay a proper foundation for our proceeding to call any of the persons before us.

We have wrote to General Buchanan to assist you in your duty if necessary, and we would have you apply to the Committee for their advice. If the persons who have been fined by the committee do not pay, you must put the Resolve of Convention in force by distraining their effects, and if you are resisted let us have Depositions to prove the fact, and we will call the Delinquent before us and take order therein.

Gent. We have heretofore wrote you about the proceedings of the Whig Club in Baltimore. The power they assume of sending persons into Banishment without any cause assigned is expressly contrary to the twenty fifth section of the Declaration of Rights, to which we beg leave to refer you.

Captain Galbraith has complained to us that one of his men who is regularly inrolled and otherwise well behaved, has been ordered to leave the town; we request you would enquire into the affair and let us know what proceeding has been had on the occasion, and what foundation there was for it. We intend not to countenance Tories or disaffected persons, but we wish the peace of the State to be preserved, and that all offenders should be punished according to the law of the land. And we again recommend to you, Gentlemen of the Committee, to discountenance such arbitrary and extrajudicial proceedings.

Sir. We here send you a copy of a confession made by James Larey before M<sup>r</sup> Hayward one of the Justices of the Provincial Court, in which confession he alleges that several persons were concerned with him in taking salt from M<sup>r</sup> Chamberlaine, we conceive the Assembly will not intermeddle with offenders, but have them tried by the Courts of the Countys in which offences are committed.

We therefore request you to call Larey before you and all the other persons mentioned in Larey's confession and make them recognize for their appearance at the next Court to be held at Talbot County there to be tryed or discharged by due course of Law.

I wrote you sum time ago about her, but not receving your answer to that matter I did not now how to act. I shall lode the Brig as fast as possible with tobaco, flour and bread, the carpenters are overhalling her, I have pork and beef enuf for the Defence, and to spare for other vesells.

I wated on the Councill of war about the Cabble from Capt. Larkin hammons but they would do nothing in it without Capt. Hammond's consent, and hee would not agree to part with his cabble at any rate. So that there could bee nothing done. Pleas write if I must purchase any more vesells. I consulted with Capt. Joseph Nicolson who was on the spot, and hee aproved of my conduct as to the Ship.

I am favoured with yours along with the Commissions. Doct. Buchanan, when I told him you had sent for his Commission, asked me what his pay would be. I answered him, that I did not remember exactly, but believed it to be about 30 or 33 dollars a month. He said that he could not and would not go under fifteen pounds, I told him it would have been proper in him to have known the pay before he asked for the birth, for that it was not in my power to make it better. After this I was applied to by M<sup>r</sup> Thomas Charleton who is desirous of going out as surgeon. I informed him how we are circumstanced with Buchanan and therefore refer him to you. Buchanan seemed resolved when I parted from him not go unless the pay is fifteen pounds, nor would I wish to force him if we can get another. M<sup>r</sup> Charleton's abilities I know nothing of, but they must be poor if they are not equal to Doct. Buchanan. You will be so good as to order in this matter, what you think best and oblige, Sir

No. 99.

Jan<sup>y</sup> 10, 1777

Sir. The honorable Congress have not thought proper to communicate their intention of ordering out the Militia of this State to our Board in any other manner than verbally by Col<sup>o</sup>

c. s. c. Ewing, which we intimated in our first letter. Since that, we have received a copy of their requisition transmitted to the Committees from one of our Delegates in Congress, so that we have always had doubts how far it would be proper for us to interfere. The Militia being to march under the requisition of Congress addressed to the several Committees of observation.

Your commission gives you the right to command, and we are desirous you should take the command of the whole Militia from this State in case you determine to go under the requisition of Congress. We cannot be more explicit. Your going or not we leave to your own discretion.

The arms heretofore belonging to this State furnished the Flying Camp were stopt in Philadelphia or that neighbourhood by the Board of war, acting, we presume, under the authority of congress. A copy of their order we send inclosed. We know not whether the General Assembly will consider those arms as our property. We make no doubt all the militia have been furnished them. Many have been lost or changed for worse arms. Congress is responsible to us for the deficiency at least, and we apprehend it would be improper to give an absolute order for them until the point is settled. We take it for granted arms will be found you by order from the Board of war at Phil<sup>a</sup> and there we request you to apply. Congress have said in their requisition arms should be furnished. 500 pairs of shoes we have sent forward to Jesse Hollingsworth through the stages, to be sold out to the soldiers at 12/6 under your directions, and we have sent by the post the commissions you wrote for. We heartily wish you success in the military line, since it seems to be your choice and would gladly gratify you in every thing, but we apprehend it may involve this State in a dispute about the arms. Should we give you an absolute order, it would be an evidence against us that we consider them as our own, which we think at present would be a disadvantage to the State. Few or none of the good arms we fear will be got at any rate, and we should be extremely obliged to you to enquire into the affair and let us know your opinion when you get to Philadelphia, what arms that did belong to this State can now be got.

We are, &c.

To Brigadier General Johnson.

Jan<sup>y</sup> 10, 1777

Sir. We are much obliged to you for the intelligence you have communicated, and most cordially congratulate with you

on the promising appearances our affairs have at present in c. s. c. the Jerseys, we hope the enemy will soon be driven entirely out of that State.

A second lieutenant of Col. Hall's Battalion has applied to us for an order on the Treasury for money: We think some of the field officers the most proper persons to give out money to, and our request is that money sufficient for recruiting each Battalion may be given out to the Col. or commanding officer of the Battalion where it has not been already done by the Commissioners. This will be attended with some trouble, and occasion frequent applications to Congress: we are therefore of opinion that the easiest and best method would be for the Honble Congress to supply the Board with the whole bounty-money for eight Battalions, not already delivered out to the commissioners or officers, and we will then distribute to the field officers and take the receipts and transmit them to Congress.

Should they not choose to deliver it out to us in that manner, then request the Bounty money may be given out, as first above mentioned, to the Colonel or commanding officer of each Battalion as they apply, & take their receipts for the same, and should be obliged to you and the other Gentlemen Delegates for this State to apply to congress from time to time as may be necessary.

We have been deliberating about calling the Assembly, and are not yet determined. We doubt the severity of the weather will make it exceedingly disagreeable crossing the Bay and attending the Assembly in the very dead of Winter, and therefore do not think of calling the two Houses together, unless the necessity should be more urgent, or the Delegates for Congress from this State from their knowledge of public affairs should recommend the calling them before the Day of their adjournment. Tis very little more than thirty days before the meeting of Assembly in course; were we to send expresses immediately they could not be called together sooner than the first of February; and if we have any better weather it will probably be about that time. We have wrote the several Committees of observation to encourage the new Levies all in their power, and where there are no Committees, to the Colonels and other chief militia officers. The post is not come in, we are waiting with impatience for a confirmation of the good news.

We are, &c

In Col<sup>o</sup> Beatty's Battalion commissions are wanting for Van Swearingen Jun<sup>r</sup> as Captain, Frederick Stample first and

c. s. c. Philip Nutter 2<sup>nd</sup> Lieutenants and John Karn Ensign. I believe no commissions ever issued for this company. Stricker was Capt. and Heister I believe first Lieutenant (both in the regular service) Swearingen 2<sup>nd</sup> Lieutenant it was at first a minute company. In James Johnson's Battalion, my brother writes me commissions are wanting for John Martinete as Capt. John Sleybaker first and Christian Lafever 2<sup>nd</sup> Lieutenants, and Henry Woolhite Ensign. I believe the former Captain of this company is in the regular service. the last mentioned company have marched and the first will in a day or two, on the presumption that Commissions will issue as desired, which I wish to be sent to Philadelphia. In my last I mentioned to you my intention of meeting the Linganore Battalion, and endeavouring to get them to accomodate their differences about officers. I went to the place on Wednesday, but few of the men and not quite half the officers attended my journey was fruitless, though most of those who attended declare their willingness to march, yet none of them will give up their pretensions. I inclose you M<sup>r</sup> Sheredine's and M<sup>r</sup> Howard's resignations, Joseph Hobbs, Nicholas Hobbs and Nathan Manyard in Basil Dorsey's company have returned their commissions. The Hobbs's refuse to act at all. Manyard I am told ought to be first Lieutenant. I have not seen Capt. Dorsey, nor heard from him though I have been at the trouble of writing twice or thrice to him, as well as to the other Captains in this Battalion, of the officers and men who met me some were desirous that Wells should be first Colonel; about the same number that Moore should be first Colonel, and about a like number that declined expressing any inclination either way, so that I do not know whose appointment would most promote the public service, yet I think it necessary commissions should issue, and be sent to the chief Colonel, as well for the command as field officers as soon as possible, perhaps by so doing we may get some of them to stir. I inclose you a list of the Captains, Lieutenants and ensigns as they stand without regard to Field officers. This list I made out from the officers who met, differing in some instances from those returned by the Companies because of refusals &c. From several unforeseen delays I judged it unnecessary to proceed on Wednesday. I shall go tomorrow. I cannot but repeat my request that you'd send 1000 pair of shoes to Philadelphia. Many poor fellows will want shoes by the time they get there, and I wish you'd give me a conditional credit for blankets, if to be got, for a good many march without em. If you have it in your power too to send us a skilful physician it will be well worth while, we are badly off, and the people who go from the little care taken of their countrymen, are

very apprehensive of fatal sickness, indeed I fear that their c. s. c. scanty cloathing will subject them to severe pleurisies

c. s. c. When I was amongst the people the other day, some Gent. from Ann<sup>s</sup> were there, from whom I learnt that some people below were buying up wheat at very high prices. They told me the conjecture was it was done to invest the paper money for fear of its falling in the purchaser's hands, it is obvious if provisions should be ingrossed from such a motive, it will bring very great distress on us; there's no existing power I believe to prevent it, but as an article of our constitution provides against retrospective laws, I submit it whether if this practice is carrying on in any very great extent, it may not be proper to forwarn people from pursuing it to lay a foundation in justice for the interposition of the Legislature.

Gen<sup>a</sup> Washington County January 11<sup>th</sup> 1777.

The militia of my Battalion have marched almost generally. Col<sup>o</sup> Smith's Battalion are now ready, there are some of the former Commissioned officers who have gone in the German Battalion whose places are vacated in the Militia, others have been elected to serve in their room, viz. Capt. Peter Beall in the room of Capt. W<sup>m</sup> Heyser, Jacob Ott, 1<sup>st</sup> Lieut. Michael Ott 2<sup>nd</sup> Lieut. and William Conrad, Ensign: likewise the following Gentlemen were advanced in Capt. Fackler's company, viz. Leonard Shryock to 2<sup>nd</sup> Lieut. in the room of Adam Smith and Michael Tomer, Ensign.

It is earnestly requested that Commissions may be made out for the foregoing Gentlemen, each respectively and sent by the Bearer Melcher Belsheever, who will meet the Battalion at Philadelphia. The men are spirited in the defence of Liberty, and hope no delay will be made in forwarding their Commissions, otherwise I doubt confusion may arise in their companies as they are agreeably elected, and have pledged my honour to be assistive in procuring their respective Commissions, and send an express for that purpose. I hope my request will be comply'd with, and am,

Gentlemen.  
The enclosed state of Col<sup>o</sup> Smallwood's Battalion and the

Independant Companies are made out from some memoran- c. s. c.  
dums I made in the execution of the Commission I was hon-  
oured with by the late Convention and contains every infor-  
mation in my power to give you was I to attend in person, I  
am sorry to say we found a good deal of discontent prevail-  
ing in our army and the Gentlemen very attentive to their  
rank. The commissioners determined that a promotion in  
Battalion would be doing strict justice and most likely to give  
general Satisfaction.

You have my thanks for the honour conferred upon me in  
the appointment to your Board and am sorry its not in my  
power to accept of the Trust with any tollerable conveniency.  
Since the beginning of the present dispute, the little I have  
been able to do for my country has been undertaken with  
chearfulness, without any consideration of my private affairs,  
and now finding some attention to them necessary, have  
allotted a few months to remain at home, that should there be  
any necessity of leaving them in the Spring, it may be done  
with more conveniency and Safety.

[D. I. Adams to Council.]

The Honble Council of Safety, January 12<sup>th</sup> 1777.

Gent. Yesterday in the Council Room I had a slight view  
of the Roster, Gen<sup>l</sup> Smallwood and Coll<sup>o</sup> Price made out of  
the rank and promotion of the officers to serve in the Conti-  
nental Service.

I observed in their Roster they have pointed out two modes,  
and left you at your choice to adopt either. The first is rank-  
ing the officers as they stood under the former resolve of Con-  
vention, when the regular Troops of this State were first  
raised.

The second of their Rank, when they left the State. If the  
former Rank is adopted, that is to say, Regular majors to  
command Brigadier Gen<sup>l</sup> Captains to command Lt Coll<sup>o</sup> Lt<sup>s</sup>  
to command Captains and Ensigns to command Ensigns of  
the militia, which was the first establishment of the Troops by  
Convention it would be unjust. I am warranted by this asser-  
tion by the convention's reconsidering the matter and making  
an amendment to the former resolve, giving the Flying Camp  
Militia equal rank with the regulars, with this difference, that  
the Regular officers should command the officers of the Flying

c. s. c. Camp, of equal degree. Therefore it would not only be a peice of injustice to the Flying Camp officers, who has suffered every fatigue and hardship of the campaign, to promote the regulars according to the first resolve of Convention, but it will also tend greatly to the hurt of the Service. This I speak with confidence, well knowing that the officers of the Flying Camp would quit the service sooner than submit to have their commissions taken from them, without committing any offence, it would be submitting to what never was done, or heard of in any Service whatever. Instance Majors Forrest, Tom Smith and Howard, who gave up their companys to other officers, on their being promoted to the rank of Majors. Would it not be very unjust to take those officers commissions from them and give them Capt<sup>ns</sup> Commissions, and set them out recruiting at this advanced Season, when they might have had their Companys recruited by this time, and the choice of men which would have added honor and credit to them, had they been first appointed Captains. I will only beg leave to ask your Honours, whether you could have a good opinion of a man's honor and Spirit who would Submit to any thing so much below the character of our officer and Gentleman.

If Gen. Smallwood and Coll<sup>o</sup> Price want us broke (for I must give it that appellation, if our commissions are taken from us) to do us justice (or me which they may particularly point at) let them keep a watchful eye over us, and when we are guilty of any action unbecoming and unworthy the service in which we are engaged, have us tried by a Court Martial, broke and discharg'd from the Service, then they will have an opportunity of promoting their officers.

If the last Resolution of Convention is adopted through the whole arrangement of Regular and Flying camp officers, as they went out from this State to Camp, it will bear some degree of justice, but the Flying Camp officers would retain their commissions, many of them promoted to a higher rank and many of the Regular officers lose theirs, or not rank as high as they expect they do at present, which I imagine would disgust such regular officers, and cause them to lay down their commissions after being promoted, so that adopting either mode will have its bad effects. I observe on their Roster Coll<sup>os</sup> Ware, Price and Guist ranks before any officer in the Flying Camp, and the other Regular officers rank as it was settled by Convention, if those officers ought to be first promoted, by the same rule every officer in the Regular Service ought to be raised according to their rank, by the first Resolution of Convention, Gen' Smallwood ask'd me in the Council Room if I did not think it unjust, I should command Captains of the Regular Service. If there is any injustice in

the case, it is equally unjust for me to command Captains of c. s. c. the Flying Camp, as the Regular Captains command no higher than Captains of the Flying Camp. I as Brig<sup>t</sup> Major ranked as youngest Major which in point of rank ought by the line of promotion to be promoted before any captain in the Service, but I never ask'd any such right I only ask a Lieut. Coll<sup>ns</sup> commission in the Flying Camp, which I thought I had a right to, and there is no doubt but the Gen<sup>t</sup> who so strongly recommended me to the commissioners were of the same opinion. It would be exceedingly hard on me, who left the Regular Service, where my commission was on a certainty, and gave it up and run my chance in the Flying Camp in order to get myself promoted (If I merited it) amongst that Corps, if they were reinlisted should now return to my former post in the Regulars and take my rise from that. This is a strange way of arguing, it appears to me, my formerly being an officer of the Regulars is a disservice to me, if I am not to be promoted.

I am, Gentlemen, with great respect,  
Your most obed<sup>t</sup> Humb<sup>l</sup> Serv<sup>t</sup>

Jan<sup>y</sup> 13<sup>th</sup> 1777

We are, &c.

Circular Letter to each County  
to the Senators and members  
of the Lower house of Assembly

[Baltimore Committee to Council.]

Gentlemen. In Committee Baltimore 13<sup>th</sup> January 1777.

We received your letter of the 9<sup>th</sup> Inst. relative to the proceedings of the Whig Club, and in consequence called M<sup>r</sup> Edwards of Capt<sup>ns</sup> Galbraith's Company before us to give information who it was gave him notice to depart this Town, that it might enable us to summon them before us and examine into the matter, but he only produced a letter directed to him signed, Legion. We have heard there is such a body as the Whig Club, and that it is composed of great numbers, but as no individual has been pointed out we cannot take any cognizance of it.

c. s. c. This Committee have on all occasions exerted their utmost influence to preserve the peace of the State (so far as their very limited powers extend) and will continue to do it, but while the State remain in the present confusion, without any laws or any constitution it cannot be expected but that irregularities will ensue. We must therefore earnestly recommend it to your Hon<sup>ble</sup> Board to convene the Legislature as soon as possible that our constitution may be carried into effect and that we may be represented in Congress.

There has been an information given this day that a number of People in the upper part of this county has been forming a petition to Lord Howe, and that one Maddir can give further light into the affair. We have issued a Summons for him to attend the 21<sup>st</sup> Inst. when we will examine into the matter.

We herewith transmit to you the deposition of John Hardman a sargeant belonging to this State, who we understand may be found near French Town in Cecil County. This deposition was taken against John Ross, when he was gone to Virginia and consequently not present. On his return we called him before us and examined Elizabeth Dewit, wife to Thomas Dewit Prison Keeper, and also two witnesses in his favour, the purport of which is herewith inclosed. We have obliged him to enter into bond in the sum of five hundred dollars, conditioned that he will appear before your Board at any time you may think proper to cite him and that in the mean time he will be of good behaviour towards this and the rest of the United States.

We are Gentlemen, with Esteem, Yours,  
(Signed p<sup>r</sup> order) James Calhoun  
Chairman

P. S. A former letter from your Board concerning the proceedings of the Whig Club was laid before this Committee and refer'd to a Special Committee to draw up an answer thereto, but at that time we were in the utmost hurry and confusion at this place on account of the Congress removing from Philadelphia, and the letter was by some means mislaid.

J. C.

To the Honorable Council of Safety. Annapolis.

[Affidavits in Ross's case.]

Elizabeth Dewit, wife to Thomas Dewit, Keeper of the Prison made oath that she heard John Ross drink success to Lord Howe, and that M<sup>r</sup> Ross appear'd a little groggy at the time.

Daniel Curtis made oath that he heard John Ross drink confusion to Lord Howe and all his proceedings in the Prison, that

the Prisoners refusing to drink the same Toast, Ross told c. s. c. them if they would not drink his toast, they should not drink his toddy and then set down the Bowl, then the Prisoners cal'd for another Bowl, and drank confusion to Gen' Washington and all his proceedings. The witness saith that Ross appeared to be a little in liquor. That this was on the Wednesday, Thursday or Friday of the Court before last.

William Spencer made oath that some time before the last election M<sup>r</sup> Ross came to him to write an advertisement offering himself as a candidate for Sheriff, that upon the deponent's asking him, if he was worth one thousand pounds, and willing to take the oath prescribed in the fifty fifth section of the constitution, he said he was satisfied to take the oath, but did not know whether he was worth the £1000.

[Deposition of O'Donnell.]

On the twenty seventh day of January 1777 Before me the subscriber chairman of the Committee for said County came Constantine O'Daniel and made oath on the Holy Evangelists of Almighty God That some time ago John Ross and Daniel Curtis in the evening came into the Goal in Baltimore town and called for a Bowl of Liquor which they had. That the said John Ross then Drank confusion to Lord Howe and Lord Dunmore and handed the Bowl to one of the Tory Prisoners in said Goal, desiring he might drink the same, but the said Tory Prisoner refused. whereupon the said John Ross took the Bowl out of said Prisoners hand telling him if he would not drink his (the said Ross's) toast he should not drink out of his Bowl he might get a Bowl for himself. And further saith not.

Constantine O'Donnell.

Sworn Before Ja<sup>s</sup> Calhoun.

[Deposition of Hardman.]

Baltimore Sct. This day John Hardman sargeant in the Company of Regulars belonging to this state lately commanded by Edward Veazey Esq<sup>r</sup> came before me the subscriber chairman of the Committee of Baltimore County and did depose as followeth: That he being one of the guard who escorted the North Carolina Prisoners lately sent from Philadelphia to Baltimore Town under the command of Captain Winder, did on Saturday evening the 21<sup>st</sup> Instant call in at the Prison to see the Prisoners with whom he had travelled from Philadelphia, and ordered some Toddy to be made for them, at which time a certain person (who he has since learned is

c. s. c. named Ross, & who has been described to him, as being lately sub-sherif of this County & Keeper of the Poor House) did come in & seemed to enter into a very friendly conversation with the Prisoners amongst whom this Deponent was sitting: That the said person took up the Bowl of Toddy which he had called for, and drank damnation to General Washington & his army & success to Lord Howe & his army. That this Deponent suspecting the said Person on his coming into the room to be a tory from his department towards the Prisoners, he strictly attended to him, & upon his drinking the aforementioned toast he perceived one of the Prisoners whisper him the said Ross, which he conceived to be to inform him who this Deponent was. That immediately after, the said Ross began to alter his tone, and took up the Bowl & drank Damnation to General or Lord Howe. That this Deponent then challenged the said Ross for his conduct & told him he would mark him & accordingly took pains to enquire at several persons who the said person was, & from whom he received the aforementioned account of him:

Baltimore January 13<sup>th</sup> 1777.

M<sup>r</sup> Nathaniel Smith has examined the Ticklenburg, and thinks it will answer for tents, and I now want your order to deliver it, and should be glad how soon you could have it taken away. Before your favour of 7<sup>th</sup> Inst. came to hand, with the concurrence of the others concerned in the Peggy here, I had dispatched a person to Capt Hond with orders for him to have the powder and every thing else saved, brought

here by way of Norfolk. There being so many persons interested in the powder and other cargo on board that vessel, I conceived it would be very difficult to settle the loss, unless every thing was brought here. c. s. c.

Should that not be agreeable to you, I can yet give orders to have the whole of the Powder sold there.

When I mentioned to you my intentions of leaving the Ship Defence you was desirous of knowing my reasons for so doing. I have here sent you them in writing. In the first place I need expect no further preferment in the servise, as I find the officers of the Soldiers are prefered before the sea officers. An other objection is I doe not think the Ship will be mand for sea this winter and I look on it to be losing time to continue by her when I may have an opportunity of expending the time to more advantage. Not but I have the greatest esteem for the servise, and would doe all that in my power lies for the benefite of the same. With respect to you Capt. Jan<sup>y</sup> 16<sup>th</sup> 1777

Sir. In pursuance of a request from Congress of the 9<sup>th</sup> inst. we have employed several persons to purchase Beef & Pork to be salted for the Army. The current prices in this State before this resolution passed were from 45<sup>s</sup> to 50<sup>s</sup> for stall fed Beef & from 50<sup>s</sup> to 52/6 for Pork. These exorbitant prices were occasioned by different causes, to wit, scarcity, great quantities wanted for our armed vessels, the extravagant advance laid on goods by merchants, and by private persons speculating.

It is not in our power at this late season to lower these prices much, but have restricted our agents to give from 35<sup>s</sup> to 45<sup>s</sup> for beef, as in goodness, and to 50<sup>s</sup> for Pork, dollars at 7/6, and allow them 5 pr. ct. commission for purchasing and curing, the State being at the expence of labourers for that purpose. We shall be happy in cooperating with your Excellency in this as well as in every other resolution of Congress, in which our common interest is so firmly united

Sir. We received your two letters of the 15<sup>th</sup> and 16<sup>th</sup> of this instant, and have sent you by Captain Cooke the sum of one thousand pounds currency. We sent up Captain Kely yesterday with a letter about the ship. We intend loading the ship entirely with Tob<sup>o</sup>, and as we expect the price to be very high at Baltimore Town, and as we can purchase cheaper on Potomack, we propose to send the ship round to that river, where we hope to get her lading of long dull tobacco at 20<sup>s</sup> or 25<sup>s</sup> p<sup>r</sup> C<sup>t</sup>. We therefore request you would call on the marshall and present the inclosed order on him for the price of the ship being £4400, which he is to credit the State for out of the monies he has now in hand. We request also you would desire him to make out his account that we may see which way the balance is ; if any be due to him we will pay, if due to us we expect to receive.

c. s. c. We wish to know the quantity of Tob<sup>o</sup> you have purchased and the price you gave, that we may direct what is to be done with it.

We have some days ago sent forward five hundred pair of shoes to Philadelphia to be delivered to your order. They are in the course of stages and we hope will soon be there, they have been deliverd Jesse Hollingsworth and the boat is returned to Annapolis a day or two ago; these are all we can spare. The Regulars are calling on us fast for shoes. We have wrote you fully by last post, and sent up some commissions. We now send the Comm<sup>s</sup> for Colonels Johnson's and Beatty's Battalions. Those for Linganore Battalion we have sent to Colonel Wells, and wrote him on the subject. What you say about forestalling has been taken under consideration on the recommendation of the Honble Congress and an order published, which you may see in the Maryland Gazette.

We send you a commission as first Colonel, and a number of other commissions for the Linganore Battalion, 'tis very strange your people should have so strong a desire to march to the reinforcement of General Washington, and cannot agree about officers, we are desirous of removing all objections, and on a proper recommendation of the other field officers we will send up commissions, we send no commissions for David Moores Company, because we know not to whom to send them. Moore has refused to act and we should be glad to know who the people will recommend for that company.

We are, &c.

P. S.

There are ensigns wanting for Winchester's Company and Dorsey's, which we will send on your recommendation. Charles Warfield may take his choice to act as quarter master under his old comm<sup>n</sup> or Lieut. under the one now sent.

Sir.

Dorchester County Jan<sup>y</sup> 17<sup>th</sup> 1777.

I have this day received your favour and take this early opportunity to inform you that I am of opinion it will be in

my power to procure you a quantity of beef at the price you c. s. c. have mentioned, shall accordingly employ a proper person to ride about to purchase, having little doubt of his meeting with some. I shall immediately be in want of Salt to cure and cash to pay for it, which you will be pleased to send me as soon as possible, I wou'd beg leave to take notice of the absolute necessity of having the salt sent soon, as no quantity can be had here at any rate, shou'd it not be wholly expended for your use by my not being able to procure the quantity of beef you want, I will be accountable for the overplus.

I cannot help observing that the commission you offer is by no means adequate to the trouble and expense I shall be at on this occasion, nor do I undertake the business with a view of profit, therefore I expect shou'd I expend a larger sum than the 5 per Ct. in purchasing and curing the beef, you will not hesitate to reimburse me.

Worthy Gentlemen.

January the 17<sup>th</sup> 1777.

This to inform you that I have wrote to your Honors three different times, but have not received any answer, therefore let you know by this oppertunity that I have applied to M<sup>r</sup> Barnett Ackleburger Merchant for cloath but his price is 18<sup>s</sup> per yard, but have purchased at 17<sup>s</sup> 6<sup>d</sup> much better of M<sup>r</sup> Charles Harris, therefore please to let me know by the Bearer, whether I must render you a bill of cost or to M<sup>r</sup> Chase. I have applied to M<sup>r</sup> Chase for blanketts, and he sent me to the Board of War, but I could get none, but M<sup>r</sup> Chase told me that the first that came I should have; but is very uncertain when I shall get any, my soldiers are forced to stand centery night and day, which I think very hard; I think it very proper to get leather Britches for my soldiers as they are willing to allow the difference between them and others out of their wages. Should be glad you would inform whether I shall be right in so doing; I can get very good stockings at 15<sup>s</sup> per pair, the same man is applied to for all he can make in a twelvemonth at the same price; also the hats wheather I shall get them made in Baltimore, or your Honors send them up to me from Annapolis with the other cloathes:

The person I recomended to you as first Lieut. is a wool card maker as you expected him to be &c. The Liev<sup>t</sup> in my last recruit Phillip Stilts by name is ready, and willing to serve

Sir, We received yours of this day's date, we have heretofore fixed the price of provisions, Pork not to exceed fifty shillings, in consequence of an order from the Honorable

Congress. If the Bermudian goes on in the manner you say, C. S. C. he will be so far from fixing the market price, that he will probably get no clearance. We have published an order against forestallers and Ingrossers, which you may see in the last paper, to which we refer you. We request you send the Galley and all her hands under Cap<sup>t</sup> Davies' care as soon as possible up to Annapolis where we will endeavour to have them supplied with what they want. We are desirous of doing what lyes in our power to forward the public service, and hope you will dispatch the Galley and her hands up to us and for that purpose give the necessary orders to Cap<sup>t</sup> Davey.

Gent. We received your favour of the 13<sup>th</sup> before it came to hand we had taken the step you recommend by convening the General Assembly to meet at Annapolis on Wednesday the 29<sup>th</sup> instant when we hope effectual measures will be taken to keep those who are disaffected or too much inclined to riotous and extrajudicial proceedings within proper bounds.

It gives us pleasure to be informed that your Committee have on all occasions exerted their utmost influence to preserve the peace of the State, and will continue to do it. We are much concerned that we have cause again to trouble you on behalf of Melchior Keener, who hath lately been very ill used as he alleges, by some Soldiers of Cap<sup>t</sup> Nath<sup>l</sup> Smith's Company, and others who came without any authority or warrant that he knows of, to search his house, and committed divers irregularities, two of the Soldiers were David Welch and Harry the drummer, as he informs us. the Whig club we take it for granted had no hand in this riot. We have

c. s. c. wrote to Cap<sup>t</sup> Smith, and request you would with his assistance inquire into the affair and see that the peace is preserved. If Keener be guilty of any offence, let him be prosecuted according to law, and the resolves of Congress and Convention. We must observe once for all that mobbing men of doubtful principles is not the way to gain friends to the cause of America. This is the same person we wrote you about in our first letter (whose case was referred to a special Committee) but no answer given on account of the hurry and confusion Baltimore Town was then in by congress removing from Philadelphia.

Surely Gent. it is in your power with the assistance of Cap<sup>t</sup> Smith to put a stop to such riotous and irregular proceedings.

We have considered the deposition transmitted us against John Ross and desire you would direct him to attend our Board according to the condition of his bond on Monday the 27<sup>th</sup> instant. What you tell us of the people framing a petition to Lord Howe and the Riots complained of in Baltimore Town have induced the Council of Safety to pass an order, a copy of which is inclosed to you and to each of the Captains

Philadelphia 20<sup>th</sup> Jan<sup>y</sup> 1777.

I received yours of the 10<sup>th</sup> Instant, and am obliged by your attention to my request for the shoes. The present price

c. s. c. here is 22/6. You mention to me that M<sup>r</sup> Hollingsworth would send 500 pair, he tells me in his letter that he has sent 1000, but I have not yet had the packages examined all Col<sup>o</sup> J. Johnson's Battalion that may be expected about 250 are here, part of Col<sup>o</sup> Beatty's about 160, part of Col<sup>o</sup> B. Johnson's, about 120, part of Col<sup>o</sup> Bruce's about 150, and Col. Stull's I do not know the number are also here the other parts may be soon expected, and the whole of them will from what I learn average about 250. Some of the Montgomery Militia I hear are on the way, what may be expected from Col<sup>o</sup> Smith's Battalion, or from Battalion Harford and Cecil I do not know, but suppose not much. A good many of the Cumberland Militia I hear are here and on their way and that the Philadelphia militia and part of the Cumberland militia now at Camp are coming away. It appears to me that a strong reinforcement is now not only desirable, but necessary to keep our officers in their late course. I am anxious to contribute all I can to it, and from all that I can collect am persuaded if the militia would now generally and vigorously exert themselves we should have a fair chance of ruining the British army in the Jerseys. But a very few of my Brigade are yet arrived though I hope to get Col<sup>o</sup> Beatty and J. Johnson away on Tuesday, the rest as fast as possible for many reasons. Some of the Pennsylvania Officers have as I expected inlisted a few of our Militia. Gen<sup>l</sup> Gates and Lord Sterling, both now here, have concurred with me in stopping it, where we have found the men we have taken them back. I mention this that some of our officers may be ordered forward without delay, to inlist such as are desirous of entering into the service. I enquired on my coming here for the Flying Camp arms and accoutrements. I find what were fit for use were sold, and the rest I am told are sent to be repaired. Seeing your Sentiments, I shall receive none as belonging to our State, but it was much my wish to have got what good arms I could into my hands as a part of ours and to have carried them home, for presuming the Congress are not sufficiently supplied to return arms at present, I thought about 2000 stand wou'd be better to us than almost any sum of money.

I am indeed sorry that the congress did not correspond with you on the Subject of their resolutions relative to our militia and have had my feelings on the occasion. I knew you had no authority to order the militia of Maryland to Pennsylvania or the Jerseys, and would expect your permission only, which I thought you gave when you ordered me to have the militia got in readiness to march on further order that not a moments time might be lost. I have with the best intentions acted myself and pushed others to do what I thought

best and shall be happy in contributing in any degree to save c. s. c. the Country from the devastations which would most certainly without extraordinary exertions have soon extended much further than the Jerseys. I may probably continue here until the latter part of the week. We have nothing of any great consequence it is confidently reported that upwards of 30 Baggage Waggon's fell the other day into our hands, and that the baggage of 60 or 70 other waggon's was in such a situation that we should probably get it

I am Gent. with very great Respect,

[Depositions in the case of Richard Andrew.]

To the Honble The Council of Safety of Maryland.

Gent. In obedience to a letter sent this Committee from the last Convention, of certain persons in this County, having taken property from some of the inhabitants of Dorchester County, and on information being made to us, we summoned a certain Richard Andrew before us, who we find to have been the principal person in the outrages. Therefore have thought it my duty to inclose you the depositions made on oath against him by Joshua Willis and John Coleman. That you may take order therein as to you shall seem meet.

Signed by order of the Committee of Caroline County  
January 20<sup>th</sup> 1777. Benson Stainton Chair<sup>m</sup>

The deposition of Joshua Willis of Caroline County, Doth depose and say that on or about the 20<sup>th</sup> of October last, James Murrey's negro boy came to this deponants, and told him, his mistress desired him to come there, that he went and when he came, there was Richard Andrew with many others in a house of the said Murreys, a taking salt. Mrs. Murrey desired Willis to plead with Andrew to leave her some salt, for they had seventy in family, which he did the salt which he saw that they left, was about two Bushels or under. Said Andrew told him that there was more in the smoak house. After they had taken the salt, said Andrew with several others went into the house to M<sup>rs</sup> Murrey and tendered her a dollar per Bushel for fourteen and a half bushels of salt, which she refused and said she had sold them none, if he had any account to settle with M<sup>r</sup> Murrey he might do it, when he came from the convention, he left in paper money to the amount offered above, and further saith not.

Sworne to in Committee at Melvill's Warehouse before  
January 20<sup>th</sup> 1777. Benson Stainton, Chairman.

c. s. c. The deposition of John Coleman of Caroline County, upon being sworn on the Holy Evangelists of Almighty God, deposed and said, that sometime in October last he this Depo-  
nent was at work Ja<sup>s</sup> Murrey's mill, and heard that a number of persons was at the said Murrey's in search of Salt, and he went to the house where they were and there found Richard Andrew and seventy or eighty persons with him who seem'd to be under his command, some a trying to brake open doors and others thretning to brake them open, and he this Depo-  
nent got the keys of M<sup>rs</sup> Murrey to shoe them what salt there was, and after that came out and locked the doors, and after some dispute between Richard Andrew and others with M<sup>rs</sup> Murrey about the salt the said Andrew said he would have the salt, and picked up the key that was lying by M<sup>rs</sup> Murrey and went and unlocked the dore against her will and measured fourteen bushels and a half of salt as they said; and then Richard Andrew and one Levin Cannon went in to settel with M<sup>rs</sup> Murrey, and she said she had sold them no salt and would receive no money. And Richard Andrew said they had got fourteen bushels and a half of salt and counted out fourteen dollars and a half as they said and laid it on the table and left it.

I have enquired something about Tobacco on Potomack, am informed twenty two shillings and six pence has been offered, and Tobacco comes in slow, my acquaintance thinks it may be had at twenty five shillings and five shillings for cask. If the Council of Safety determine to load the ship that Capt. Kelty commands with Tobacco and chuse that I shou'd put one half the cargo on board and will give me orders to that purpose, I will cause it to be set about immediately. I intend to be inoculated for the small pox myself in two or three days, but that will not impede the dispatch of the Ship, as I shall give such directions to put things in the greatest forwardness. If Col<sup>o</sup> Hooe puts half the Cargo on board, and is desired not to exceed 25/ p<sup>r</sup> Cent, I make no doubt Tobacco may be had for that price, and if I am to put the other half, it would be well to advise Col<sup>o</sup> Hooe of it, that we may act in conformity and be as one purchaser. Many purchasers always raise a commodity is well known by you all. Be pleased to favour me with a line p<sup>r</sup> Post or if any opportunity, before. It would be well to let the ship take in her ballast, lumber, Bread &c. at Baltimore, if to be had readily there. Provision I presume may be had on Potomack where the ship loads and the Capt. may purchase it.

In James Ogle's company in the same Battalion commissions are wanted for Ignatius Elder as 2<sup>nd</sup> Lieut, and Francis Elder Ensign.

I do not yet see any officer from our State to recruit, I obtained a general order against the enlistment of our militia, notwithstanding which several were enlisted, some of whom I have got back again, but I do not know how it will be when I get further. James Johnson's Battalion, part of Col<sup>o</sup> Beatty's and part of Col<sup>o</sup> Bruce's have gone forward for Head Quarters. We are armed very slowly, it is out of my power to keep our people together, too many of them have been home. Sir. Your favours by the post and by Express inclosing resolves of Congress, came safe to hand. We are buying up provisions with all diligence, the season however is so far advanced that we doubt no considerable quantity of pork can be procured. We should have acknowledged the receipt of yours of the 9<sup>th</sup> instant, but our President intended at that time to do himself the honour of waiting on you, he has been indisposed this day or two past; will probably be at Baltimore some time next week.

As to the success the recruiting officers have met with, we cannot speak with absolute certainty. Captain Yates and Captain Deams are near ready to march as they inform us, and General Smallwood has given out a great many recruiting warrants, the business goes on but slowly we fear; the rank of the officers occasions, we believe, a good deal of uneasiness; the commissioners who were sent up with full powers by the late Convention, have returned their proceedings to this Board, by which it appears they have granted commissions to most of the Field officers, Captains, and first Lieutenants, and to some second Lieutenants of seven Bat-

c. s. c. talions, leaving the eighth for the German Battalion. Divers have resigned, and the General thinks others will resign if the proceedings of the Commissioners be not reviewed. We do not think this Board have power sufficient to controul what the Commissioners have done. [Charge against Henry Guyton.]

Baltimore County ss.

The deposition of George Brown aged above twenty one, taken in committee chamber this eighteenth day of November 1776, being duly sworn on the Holy Evangeles of Almighty God; deposeth and saith that some time in October last the said George went to a certain Henry Guyton of Baltimore County to purchase cattle at a public vendue which said vendue was held on cattle that was distrained by Capt. James Bosley for a fine that was levied on said Henry by Baltimore Committee for being a non associator and refusing to pay his fine according to a resolve of Convention in such cases lately made and provided. That the said George did purchase at the said vendue one steer and one Heifer for four pounds eleven shillings he being the highest bidder, that the said Henry granted him liberty to let the cattle remain on the premises untill it would be convenient for him to take them away; That on Monday last he the said George went for his cattle and the said Henry came up to him in a great rage and singing a hymn (he being one of the people called methodists) and began to pull off his coat and said if said George was a man he would fight him, before he should have the cattle and the said George said he would have his property before he left the Plantation, and the said Henry instantly sent for eight white men, and one negro to prevent the said George taking

the cattle and said he would tie him the said George and handcuff him and leave him among the cattle, and the said George reply'd he would blow the brains out of the first man that would lay violent hands on him, and then left the place, but the said Henry with his party aforesaid followed him, and the said George said he would not contend with them, but would take the law of them and said Henry answer'd him that he would wipe his asse with his law, that it was a blackguard and unnatural law, and he expected that in a short time he would have other law for him the said George and those that distress'd him, that his cattle was distress'd for the use of the County, and he might have his share of them as well as others and told the said George to go about his business and seek his recompence, and then turned up his asse and said a fart for them that will give it you, and the said George further saith that the said Henry hath kill'd the steer for his own use, and said if the said George would offer to take the Heifer, he would give him a blow that would put him past labor for one twelve month and further this deponent Saith not.

Sir: We received your's of the 20<sup>th</sup> instant by Friday's Post, and at the same time a resolve of Congress for marching the militia of Baltimore, Harford, Cæcil and such other Counties as we may think proper. We are making out requisitions for A. A. Co, P. George's, Kent and Q. Ann's Counties, how many will turn out we know not, we fear not a great many. We intend that you should have the command of the whole, as they get up to Camp or the neighbourhood thereof. We observe what you say about the arms, and give you full Power and Authority to bring away all the arms left by the Flying Camp, provided you can get such as are good. We are sensible of the great use these arms may be of to the State, and that no money can be equal to their Value; but if only a small Proportion of Arms can be got, and those indifferent, we are of opinion you had better bring away none at all. We shall be much pleased to have a Line from you now and then to give us Intelligence how affairs go on in the Jerseys. We shall advise you hereafter how the Militia move forward. We concur with you in opinion about sending up recruiting Officers, and shall apply to the General to name one he can depend upon.

are making out the necessary dispatches for calling for the  
militia in Baltimore, Harford, Ann<sup>l</sup>, Pr. George's Kent and

General Smallwood hath heretofore delivered in a List of  
Subalterns, to whom we have given warr<sup>ts</sup> for recruiting, and  
shall hereafter give them commissions, either as second Lieutenants,  
or Ensigns according to their merit, and the diligence  
and activity they show in recruiting. We thought this step  
most advisable, and that it would expedite the service. Some  
money is necessary and proper to be lodged here to give out  
to officers occasionally, they frequently call on us, and think it  
hard to be obliged to ride up to Baltimore. Whatever you  
may order shall be delivered out to some of the Field officers  
and their receipts taken. We are, &c.

The Humble Petition of James Larey, to the Honourable the Council of Safety,

Humbly Sheweth, That your poor Petitioner hath been confined these five weeks past, in the Guard House; and for what he is confined, he knoweth not as he is not guilty of any thing in the least tending to the prejudice of the present state. Likewise, most honourable gentlemen, I am to communicate to your Honours that I have been taken once up to your Honours but never has had any hearing or examination; the reason why, I know not. I am in a strange place most considerate gentlemen, and, as I was taken off in a hurry or onawars, has not the second shirt or thing with me for to shift myself with therefore I must of course, sirs be in a shocking condition. Also, most considerate gentlemen I am to inform your honours that I have wanted a good deal of Provisions since my unhappy confinement, the officers, who is to get it for me not looking properly after it, and of course in a long duration of time most honourable Gentlemen, I must die in the present situation I am in, Therefore most honourable and considerate Gentlemen hopes that your Honours will take the low and distressed situation of your poor Petitioner into your most serious considerations and grant him some relief from the present exigency that he is in. And your poor Petitioner, shall ever be in duty bound to pray.

James Larey.

So God bless the congress, and direct our General.

[Council to Jesse Hollingsworth]

Jan<sup>y</sup> 27, 1777

Sir. We have honored your Draft for £4099. 12. 6 to M<sup>r</sup> David Stewart, the sum is large, but as you have done and are constantly doing many Services for the State, we have therefore done it.

Whatever your account may be, we should be obliged to you from time to time to let us have it, that we may be justified to those who have put us in authority. Your account with others will be called for by the General Assembly, be pleased therefore to let us have it when convenient. Let the Ship Lydia be got ready with all expedition. When Captain Walker wants money for the Gondola he ought to apply here, and we shall supply him with what is necessary. The Ship Lydia will get bread from out of the Stores belonging to the Public, her Beef and other provisions you will be pleased to furnish out of that bought for the State. We have wrote M<sup>r</sup> Stewart the Marshall. As to slops to be furnished Captain Cooke's people, we should be glad you would undertake it, and keep a shop always full, that they may have them when they want, but you'll please to observe that Captain Cooke or his people are to pay you, and no charge is to be made by you against the State, unless it be necessaries for the Ship's outfit. We are, &c.

Mr. Jesse Holingsworth.

Sir,

Chester Town 28<sup>th</sup> January 1777.

I received your favour of the 25<sup>th</sup> Inst. about an hour ago. I was concerned with M<sup>r</sup> Ringgold last Fall in a small adventure by Capt. Crockett, in the proceeds of which I have understood there were a few blanketts, intended chiefly for our own family use. As surviving partner, I ordered the whole proceeds to be delivered to M<sup>r</sup> Hollingsworth, with a request to him to forward them to me at this place. These I suppose must be the blanketts which M<sup>r</sup> Hollingsworth gives you information of, and if they are wanted for the public service ours must give way: yet as our families are in real want from having supply'd the Soldiery at different times and must have, I wou'd have a dozen of them reserved for that purpose. The rest, be the number what they may, your Honble Board have enclos'd my order to M<sup>r</sup> Hollingsworth to deliver, and M<sup>r</sup> Galloway the first time he goes to Annapolis, will settle the price with you and receive the money for them.

I have the honor to be Sir, Your most obed<sup>t</sup> Serv<sup>t</sup>

M<sup>r</sup> Contee wrote my father a few lines which he received the 28<sup>th</sup> Inst. wherein he informs him to tell me to apply to the Council for my commissions and instructions, my being very unwell oblidg'd me to gett M<sup>r</sup> Turnbull to call on you for them. Your compliance will much oblidge your obed<sup>t</sup> Servt.

Gentlemen.

Baltimore Town Jan<sup>y</sup> 28<sup>th</sup> 1777.

Captain Yates will be ready to march his company tomorrow. His first Lieutenant is too ill to march. There is no second Lieutenant or Ensign appointed. It is absolutely necessary to officer his company. Capt. Yates sometime past gave you a recommendation for an ensign.

We have no intelligence of any consequence, various Reports are come to Town: it is said New York is in our possession. I can give no credit to this report. It is certain in a late skirmish between a party of our militia and a foraging party of the enemy, we killed 20, took 30 prisoners and 53 waggons and 200 British horses.

In Committee, Baltimore Nov. 18<sup>th</sup> 1776.

Gentlemen. The inclosed papers contain matters which to us appear alarming and interesting at this critical juncture. We have therefore sent them to you for your directions how we are to proceed thereon. M<sup>r</sup> Bosley one of the Deponents was appointed by this Committee a collector of the fines from non-enrollers, and was in the execution of his duty when assaulted in the manner related. We are sorry to inform you that the spirit of violence and opposition to the measures which have been adopted for our common safety, grows extremely daring and outrageous in this county, so that the officers appointed to carry into execution the Resolves of convention dare not proceed without farther assistance: And the militia threaten to lay down their arms unless the fines of non-enrollers who daily insult them are strictly collected. Some speedy and vigorous measures are necessary to preserve union among the People, and effectually to destroy the rising hopes of internal enemies. This committee have done every thing that they conceived themselves impowered to do in such matters, conducting their determinations with all the lenity that the case would admit of, but this has failed to produce the desired effect. You will please to inform us what farther steps we are to take to inforce the resolves of convention.

The deserters which Justice Smith refused to commit we have ordered to Prison, in which we conceive ourselves justifiable from the necessity of the case, having only two magistrates in Town to act on any occasion and those notoriously inimical to our common cause.

[James Bosley's Statement.]

Thursday last 14<sup>th</sup> of this month as I was executing my office according to orders from our Honourable Committee, at Vincent Traplins proceed'd thus, rode up a large wagon rode through his plantation, as I received directions from his neighbour M<sup>rs</sup> Sheals, as soon as I came within a small distance of him, as he was at work looking up towards me, he swore he would blow my brains out and quickly stept to his

c. s. c. door, when he was hindered by his wife urging and begging of him not to get his gun, he turned and picked up a large stick swearing and cursing and with both hands struck my head. I fended it off as much as I could, with a small cane I rode with, otherwise the consequence might be worse than you see. During this his proceedings, I desired him to desist and that I should go away, without proceeding any further and leave the matter to your committee. he swore I should not have the liberty to go out of his inclosures, as he was fully determined to kill me. While he was about to repeat his strokes I began to ride off, he closely pursued with stones, swearing he would kill me, I rode as quick as I could, and hapily was let out of his field by a servant of Edward Bossman's, else he undoubtedly would have overtaken me. The servant gave me an Intimation to ride away as fast as I could, otherwise he would kill me. I believe it was his intention, when I got out of his field. I then turned and told him I would acquaint the committee of his actings to day; he answer'd the committee and I might kiss his arse and be damned, pulling his coat apart behind, for a parcel of roguish damn'd sons of bitches, and if they came there he would use them in the same manner as I have done you &c. &c. &c.

Thus Gentlemen I have acted by your authority, till I can act no more without endangering my life, which I am determined not to do any longer without your protection, all which I leave to your present consideration and immediate assistance, as I have called a number of vandues to-morrow.

I am, Gentlemen, your humbl<sup>e</sup> Serv<sup>t</sup>

The deposition of Aquila Wilmot of Baltimore County, who being duly sworn, deposeth and saith, That about the twentieth day of November last, he the deponent, as a spectator, went to see the sale of some things at a certain Rich<sup>d</sup> Rhode's distrained upon for his non-enrolling fine; When the deponent came near to the yard Gate of said Rhodes, he the said Rhodes came out at his gate, and forewarned this Deponent and those, that were with him from going into the Gate at their peril. Capt. Bosley told M<sup>r</sup> Rhodes that he would speak with him. M<sup>r</sup> Rhodes laughed and said "Ah, I will speak with you," upon which Capt<sup>n</sup> Bosley and Rhodes went a few steps distance, and thereupon Vincent Trapnell came out of the Gate, and asked this Deponent if Bosley summoned him there, to which this deponent replied, *No*. The said Trapnell also said that Bosley had better quit collecting fines, and if he did not he would be as surely killed, as he was born, and that there were men there at that time, who came on purpose to kill him, and that he Trapnell came to save his life, and that he wanted to talk to Capt. Bosley, and advised him to quit, for it was a damned piece of roguery. Capt. Bosley and Rhodes being done conversing, Trapnell told Capt. Bosley to go home, and not to proceed any further, for if he did, that he would be killed, as sure as he was a man, and that this Deponent thinks said Trapnell lifted up his cane and said that if Bosley did proceed, he would not give that for his life (shaking his cane) which Hill Savage seconded. There were some others also who did the same.

Capt. Bosley then told them, that there seemed to be an overmatch for him there, but that he (Bosley) would apply to the Committee for a guard of men to support him in the collection of the fines. Vincent Trapnell then desired to know the time and place, and that he wanted fair play, jumping up and knocking his heels together, swearing by God "he was Bottom," and turning round to his company said that he could raise 500 men by night and 1500 men by Saturday night. It was also proposed by some of the Company then assembled, to pull down Capt. Bosley's house and destroy his Living, which proposition Trapnell acquiesced in. During which

c. s. c. time Trapnell among others used a great deal of ill language, and challenged a certain Smith, who went with Capt<sup>n</sup> Bosley, to fight, and further this Deponent saith not.

The deposition of John Willmot son of Rob<sup>t</sup> aged twenty four years who being duly sworn on the Holy Evangeles of Almighty God deposeth and saith, that on Wednesday the 20<sup>th</sup> Inst. he was asked by Capt. James Bosley (who is appointed by the Committee of Baltimore County to collect fines from non-enrollers,) to go with him to Richard Rhodes, whose effects were distrained for payment of a fine, and advertised that day for sale. That accordingly he went in company with the said Capt. Bosley, James Smith, Aquilla Willmot and Charles Bosley, and when he came to the gate, they were met by Vincent Trapnell, Hill Savage, Dan<sup>l</sup> Thomas, John Thomas Jun<sup>r</sup> Philip Love W<sup>m</sup> Sanford, Richard Rhodes and several others at the gate, all with clubs in their hands, who told them to Stop, and Richard Rhodes forewarned them from going into his yard, and then Vincent Trapnel said he came there to save Bosley's life that day, as there was men there intended to kill him, and told Capt. Bosley to go home and live honest, and not go on collecting fines any further; Hill Savage held up his Stick and said if he proceeded any further he would not give that for his life; and Vincent Trapnel added he could raise 500 men before night to join him, and 1500 before Saturday night if he wanted them, and further asked Capt. Bosley where the artillery company was, as he heard he intended to bring them and they were ready to face them at any time, and further saith not.

Chairman of Committee.

On the 14<sup>th</sup> day of November 1776 I was in Company with M<sup>r</sup> James Bosley, when he was collecting the fines upon Mine

Run Hundred, when we proceeded to Vincent Traplings, who c. s. c. we found some distance from his dwelling house, a hewing a piece of timber, as soon as we came about 20 yards of him, he found it was Capt. James Bosley when he immediately dropt the ax and the piece of Timber and run to his dwelling house saying all the way that he went with his hand waving at us, that he would be damn'd if he did not blow James Bosley's brains out, however his wife met him at the door crying out to him for God sake not to get the gun and with her being so uneasy prevented him, and then he turn'd about, and snatched up a large Stick about three foot long, run up to Bosley and laid on with both of his hands upon him while he was on his horse, which cut him very bad upon his head. I suppose he lost half a pint of blood from the wound, and Bosley told him before he struck that if he would forewarn him from distraining that he would not proceed and go about his business, and let the Gentlemen of the Committee handle him as they thought proper, which he damned all the Committee for a pack of damn'd rogues, and they might kiss his asse, and that if they was there he would serve them in the same manner as what I have done you, and that he would not give him the liberty of going to the committee but would kill him before he got out of his enclosures, throwing at Bosley stones and every thing that came in his way, as he was riding to leave him, and after he left Bosley and returned to me and made an offer to strike me, and swore he had a great mind to give it to me. We was inform'd by several of the neighbours that Traplin threaten he would shoot Bosley when he came for his fine, and I should have prevented him from striking Bosley or myself by a Hanger I had by my side, if Mr Bosley had not of told me before we came to Traplins not by any means to strike him with the Hanger, however I went then to look for Bosley, and when I came up with him I found him bleeding and he mentioned to me if I thought it would not be better to go to some house and wash the blood off of him and cut the hair from the wound which I told him I thought it would be best, we then rode up to a house belonging to John Stevenson and found in the house a white servant man who got us some water, and a pair of scissors and while I was cutting the hair off the wound comes Traplin to the door cursing and swearing at Bosley with a stick in his hand, and with that I stept to the door and told him he did not act like a man of courage to follow another off of his plantation after using a man after the manner he had done Bosley, and after he and I had several words he went off cursing and swearing like a mad man.

The whole of which I have inserted here I am verry willing

c. s. c. to be qualified to, if the Gentlemen of the Committee think proper.

Gentlemen.

M<sup>r</sup> James Bossley came to my house in October and destrained on one cow and twelve head of sheep for my fine which was three pound, and he came again on the first of November and brought several men with him and set up all the sheep at five shillings and these men which he brought with him run up the sheep in a few minutes to the three pound directly M<sup>r</sup> Bosley struck them of to James Smith, my father ofred them fore pound and my wife ofered them one of the best sheep there was, and not for them to carry my sheep away and they would not.

Joseph Hilton.

The deposition of Charles Bosly who being duly sworn saith, That about the 20<sup>th</sup> of November 1776, he this deponent went as a spectator to see the sale of some things of Richard Rhodes, destrained upon for his non enrolling fine. When this deponent came to Rhode's Gate, a small distance from his house, this deponent perceived a number of people not less He thinks than 20. Richard Rhodes and Vincent Trapnall came and forewarned the deponent's brother James Bosley, and others who were with him, from going any further, at which this deponent and those that went with him, stopt, seeing the said company all to be armed, chiefly with clubs, some with guns, wearing powder horn and shott Bags, all seemed develish inclined, as clearly appeared from their conversation. The first that spoke, was Traplin, who told this Deponents Brother not to proceed any further, but go home from collecting of fines, for that he should be as surely killed as he was a man. This Deponent's Brother told Trapnell, that there seemed to be an overmatch there then, but said that he would apply to the Committee for a file of men to assist in collecting of the fines. Traplin beged he would give him notice of the place he would begin at, he wanted fair play with him, as he expressed it, at the same time jumped up, knocking his heels together, swearing by God that he was Bottom for them, and turned round to his company, crying "Huzza Boys we can get any day 500 men to our assistance." Then Trapnell and

c. s. c. his companions began to abuse this Deponant, and his associates in a very Blackguard manner. Some of the company said, they were a match for us, either with clubs or Guns, and further this Deponent saith not. Charles Bossley.

[Petition of Charles Gorsuch.]

This Humble Petition to the Honourable Council of Safety, setting at the City of Annapolis, Maryland.

Sheweth. That I your Honours most humble petitioner having been by sundry honest and good characted persons, resideing in and about this neighborhood, advised to acquaint your Honours of the late proceedings of a certain James Bosley, his most rash and inhuman usage, within the confines of my own lands and possessions and upon my own son. Gentleman, last seeding time this said James Bosley came (with a company of men with guns, himself haveing pistols and a sword) upon my plantation, and interrupted my people from work, violently pricking or striking my son in five sundry places in the temples, in the throat, close under his eye, and twice in his belly, my son retreating for to secure his life from such eminent peril, picking up a small stick which lay on the ground, the said James Bosley swore if that he advanced one step forward he would blow his brains out, after this with his company they forced my children and servants out of my own possessions and sowed wheat therein himself, and Gentlemen since this I have legally got these possessions then disputed by the said James Bosley, and gentlemen he lies bound over to the Peace, tho he carries those or such armes wherewith he acted with such violence weapons Gentlemen which I think becomes men of valour haveing cool heads, being steady, virtuous and of an honest principle This and more Gentlemen I could affirm with truth, And I leave it with submission to your Honours Council to judge whether it be reasonable that this said James Bosley should be allowed to carry such weapons as those or not.

I remain your Honours Submissive Petitioner. <sup>his mark</sup>

The company of militia commanded by Capt. Richard Chew, beg leave to represent to the Honourable the General Assembly of this State, that they did on the 11<sup>th</sup> day of September 1776, present a commission to the late Honourable Convention, praying that new officers might be appointed to command their company, they being unanimously averse to serve under the officers then commanding them, on account of sundry misdemeanors committed by them therein mentioned, which petition from the multiplicity of business was then not answered. Colonel Weems having issued orders to the officers to collect the several companys, they take this public method of testifying their willingness to turn out in the service of their country, on this urgent crices, provided they are commanded by officers, whom they can rely on for their bravery and conduct. They therefore pray that the Honourable house of Assembly, would issue orders for a new election of officers in their company, or (if the exegency of affairs is such as not to admit of the delay) to appoint such officers belonging to the company, as the Honourable House may think proper, and that their late officers be emediately discharged as persons unfit to hold such commissions.

By your letter of the twenty sixth Inst. I received the Resolve of Congress wherein they request that there should be thirty six privates commanded by two commissioned officers (with four Sergeants and four corporals. These privates believe me, will take all the officers of the company to get them in the service, and am apprehensive that must be done by force, which the convention of this Province have not given a licence to do, altho' if the officers are allowed to each Company, it will strengthen our hands.

In your last you desire my giving marching orders to my Battalion which I do this day, that they may be ready at the Head of Elk on Wednesday next for that purpose of joyning Gen<sup>l</sup> Washington. No time being mentioned either in Resolve of Congress or in your letter what space of time the said Militia are to continue, it would be necessary to acquaint us by the day the Battalion meets, as it may very much forward the Militia of this county engaging in the service. Gentlemen.

Baltimore Town Jan<sup>y</sup> 31<sup>st</sup> 1777.

I sent you yesterday by M<sup>r</sup> John Gassaway nineteen thousand dollars.

I must again press you to solicit a Representation for our State. The order of this day is to appoint a number of General Officers. Are we interested in the choice of General's? I shall endeavour to put off this Business for a few days. Three of the middle States New York, Delaware and Maryland unrepresented. North Carolina will be so in a day or two. Complaints are so loud in Congress on this Subject, that expresses are sent to New York and Delaware, and I expect our Assembly will be intreated to send their delegates. It is not only necessary to be represented but be assured, the business, the Interest of these States require a full Representation. We have not 30 members in congress, and it is not only improper but impossible, for so small a number to conduct so very important business. Be pleased to communicate

these my sentiments to our General Assembly. We hourly c. s. c. expect to hear of some important news from Camp.

I am, Gent, with Regard & Respect,

Thomas Marshal	} 48 Privates		
1 <sup>st</sup> Lieut.			
Philip Stilts 2 <sup>nd</sup> Do			
William Davis Ensign			

We understand these companies recommend Thomas Gist Jun<sup>r</sup> for their Col<sup>o</sup> Frederick Decker Lieut. Col<sup>o</sup> Joshua Gist 1<sup>st</sup> Major, Gist Vaughan 2<sup>nd</sup> Major and John Hall son of Joshua Quarter master. No commissions have been sent for the following officers.

Nathaniel Brittain 1<sup>st</sup> Lieut.  
Benjamin Talbot 2<sup>nd</sup> D<sup>o</sup>  
Nicholas Haile, son of Geo. Ensign } in Capt. Jno. Cockey's  
William Wilkinson Capt. Sabrit Sellers 1<sup>st</sup> Lieut. Nicholas } company.  
Norwood 2<sup>nd</sup> D<sup>o</sup> and Philip Woolrich, Ensign.

We find on looking over the different Battalions that they composed about 2100 men at their return, but from the great numbers already inlisted in the land and sea service we imagine they do not amount to more than 1500. Under the present circumstances we do not think it expedient or prudent that more than one third should march as we have certain intelligence that three or four men of War are now in the Bay and as high up as Guynn's Islands and the great number of Tories among us and the necessary Guards now wanting here.

c. s. c. You will find by a copy of our proceedings inclosed, the mode we have adopted for forming the whole into one Battalion which we hope will be pleasing.

We are Gentlemen, your most obedient Humb. Servts.

That the name of every man in the Company be put in whether present or not, and on whomsoever the lott may fall he shall march, that when all have drawn, and it is determined who are to go, the number of each Battalion to form themselves into full companies and chuse the officers out of the Battalion. And when the whole are formed into companies, then the officers composing the whole to chuse out of the Field officers already appointed in the county, a colonel, a Lieut. Colonel, two majors and a Quarter master for said Battalion.

Worthy Gentlemen.

February the 1<sup>st</sup> 1777.

As a vacancy has happened in the field officers of Severn Battalion, by a choice of our worthy Col<sup>ns</sup> Hall and Hammond as Representatives for the House, as our Majors has risen to the degree of Colonels, I apprehend that a regular rise for the Inferior officers takes place. If so I think (but am not convinced) that my enrolment is the second in the Battalion, Capt. Hammond commanded the first, he being promoted gave his first Lieutenant the rise to a Captaincy, myself commanding the second company, was then the oldest captain, which with submission I presume entitles me to a Major's commission. If a recommendation is necessary to promotion, I flatter myself I can come well recommen'd for my assiduity and heartiness in the common cause.

from Gentlemen, with all due respect

Your most obed<sup>t</sup> and very humb<sup>l</sup> Serv<sup>t</sup>

The Hon<sup>ble</sup> The Council of the State of Maryland. This Joseph Merriken.

Letter from Daniel of St Thomas Jenifer Esquire, to C. Carroll of Carrol<sup>tn</sup> Jos: Nicholson J<sup>r</sup> Turb<sup>t</sup> Wright, Brice T. B. Worthington and Sam<sup>l</sup> Wilson Esquires, February 2<sup>d</sup> 1777.

Stepney Feb<sup>y</sup> 2<sup>d</sup> 1777.

Gentlemen I am exceedingly sorry that you should have cause to Suspect, that the Constitution formed by the late convention would be dissolved by the non-attendance of

Lib. MA. those who were Elected Senators, and in consequence thereof,  
 P. 233. the power of framing a new one would revert to the people ;  
 rather than this should be the case, and blame be thrown at  
 my Door, I will if possible attend to morrow, and qualify, but  
 with the express reservation of retiring for some time from  
 Public business, the weight of which has already borne me  
 down, to that degree, that without relaxation I shall sink  
 under it.

As you desire me to give my reasons for not attending, I  
 will candidly do it, without saying anything of your Rights,  
 presuming that you only desired a friendly opportunity of  
 removing any scruples, I might have imbibed, against taking  
 a part in the new Government.

The partiality I have always had for the old Government,  
 has and still is such a dead weight upon my spirits, that I am  
 confident that I cannot discharge the trust which is about to  
 be reposed in me, with that energy and alacrity which the new  
 will require. I was sensible of this imbecility from my first  
 taking a part in the unhappy dispute between Great Britain  
 and her Colonies, which I did more with a view of being  
 Instrumental in promoting a reconciliation, than from any  
 expectation of being driven to the fatal necessity of Cutting  
 the knot which linked and tied both Countries together.

And therefore it was that I ever openly declared against  
 taking a part in the new Constitution, further than by person-  
 ally opposing all invaders of my rights in common with my  
 fellow Citizens. But were my Fortitude and Strength of  
 mind much superior to what I find them to be ; I have objec-  
 tions that appear to me insuperable as to the new form of  
 Government, which is calculated more for the times of peace  
 than of War.

In attempting to excell, there have been so many grada-  
 tions, and exclusions that there will not be men enough found  
 of sufficient abilities to turn the Machine with that velocity  
 which the present exigencys of our Affairs require. Besides  
 the Senate does not appear to me to be the Child of the people  
 at Large, and therefore will not be supported by them longer  
 than there subsists the most perfect union between the differ-  
 ent Legislative branches. How long that may be, you, who  
 know mankind full as well as I do, may easily determine. The  
 Credit of the different Paper Emissions of money must be  
 supported, or opposition will be at an End: to do this, Taxes  
 must be laid, and the money made a legal tender; the mode  
 of doing which may not alike suit every man, hence will arise  
 diversity of Sentiment, warmth will ensue and your Govern-  
 ment immediately be dissolved, to explain myself. The two

p. 234. houses are composed of 89 members. 8 of whom have it in

their power to counteract 81. will they submit? There is Lib. MA. but one Remedy that occurs to me, i. e., to pass an Act incorporating the Two houses into one for twelve months, and out of this conjunction to create an Executive Council.

Perhaps the want of power without consulting the people may be objected to this plan. I can to this answer, that if former Conventions had a right to elect members to Congress and to Council of Safety that were not entrusted by the people, surely when they have their confidence by Delegation, they may conjoin for a time, especially when the general Interest is so immediately concerned.

It always appeared to me an impropriety as Agent, to have any share in divesting the Proprietor of his Rights, but as I have had frequent and positive assurances, that compensation would be made to him for what necessity obliged the people to take, I am the less delicate on that Subject, than I otherwise should have been, having the fullest reliance on the Justice and Equity of the General Assembly of the State of Maryland.

I have the honor to be, Gentlemen

Your Most Ob<sup>t</sup> Hbl. Serv<sup>t</sup>

Dan of S<sup>t</sup> Tho<sup>s</sup> Jenifer.

Sir. We understand from M<sup>r</sup> Chase that you are willing to undertake an expedition into Somerset County to suppress some disturbances that have arisen in that and the neighbouring Counties. We request you would get ready to march with three or four hundred Militia or Regulars if Congress can spare them, and call here on your way down for further orders. We have wrote to Brigadier Hooper and Col<sup>o</sup> Richardson to get ready to assist you and with them you are to consult.

Sir. Your letter and papers relative to the disaffected people in Somerset and Worcester Counties we received this day. The General Assembly is not yet got together, and Brigadier General Smallwood is in Charles County. We apprehend that delay would be of evil consequence, and therefore have wrote to Brigadier General Hooper and Col<sup>o</sup> Richardson on the Eastern Shore to get ready some Militia

c. s. c. and what few Regulars may be in their neighbourhood to march into Somerset. We have also wrote to Col<sup>o</sup> Gist (who offered his service) at Baltimore to move forward with some militia and Regulars in case you approve. We have also wrote to Capt. Campbell to assist with the Enterprize and to call upon us for orders as Col<sup>o</sup> Gist has also direction to do. our assembly will then we expect be sitting, and shall lay the despatches before them and obey its commands in the further prosecution of this Business.

The soldiers in Lawrance's Barracks are breaking out fast with the Small Pox. I am told they have all had it except eight or ten. I think it will be the best way to move them to the poor House and inoculate them immediately. If they are suffered to remain in the Barracks and take it in the natural way, the greater part will certainly be lost. There has been five sent up within this two days, and I dont expect above one will be saved. There can be nothing else expected, considering their way of living. Those who were inoculated are in a very good way, but the poor fellows who has it in the natural way, are in the most horrid situation.

I am Gent,

Your most obedient Serv<sup>t</sup>

P. S. There has no one broke out except in the Barracks before mentioned this twelve days past.

Gent<sup>n</sup>

Dorchester County Feb<sup>y</sup> 3<sup>d</sup> 1777.

I have now to acknowledge your favor of the 25<sup>th</sup> ult. covering an order on the Eastern Shore Treasurer for £250, which probably may be more than I may have occasion to

expnd in the purchase of beef at this advanced season, but C. S. C.  
 if I find it otherwise I will call on him for a further sum agree-  
 able to your instructions. It is a great misfortune this com-  
 mission was not given to me about the first of December. At  
 that time I could have purchased a hundred thousand with as  
 little trouble as I now expect to buy a fifth part of the quan-  
 tity (if to be had at all) and at 25 per cent less. I have  
 employed one of the most skilful hands on this shore about  
 this kind of business who is now out and will secure all he can  
 that is yet remaining to be disposed of hereabouts.

I have also to inform you that I received yours per Capt.  
 Patterson of the 22<sup>nd</sup> ult. and by him I was informed he had  
 no other salt on board but the 50 bushels you sent for me,  
 that he was certain the quantity would hold out and that it  
 would not be worth while to measure it as he wanted to be  
 despatched; accordingly I sent my carts with large cases  
 (which I use on like occasions) to receive the salt intending to  
 take it upon his word and in order to hurry the people I went  
 to Town myself but seeing the cases not near as full as I  
 expected to find them I was induced to have the salt measured  
 by a careful hand. I also staid by myself and found I had  
 only  $38\frac{3}{4}$  Bushels in the place of 50. Capt. Patterson came  
 up here by land before his vessel arrived and returned again  
 to Oxford before her, nor was he on board while here, neither  
 the mate nor any of the hands came on shore after the  
 delivery to get a receipt, which I promised Capt. Patterson to  
 give them: had they done this I should on seeing the bulk so  
 small have refused until I had seen it measured. I think it  
 my duty to inform you of these circumstances that you may  
 enquire whence this deficiency arises as there has certainly  
 been a very grand mistake or some foul play on the occasion,  
 being very clear a greater quantity than  $38\frac{3}{4}$  bushels was  
 never delivered to my people and if you think it necessary I  
 will send you my own deposition, and that of an indifferent  
 person respecting this matter.

I am Sirs,

Gent. Philadelphia 4<sup>th</sup> February 1777.

I this minute received yours of the 26<sup>th</sup> last. All this time has been spent in getting about 1000 men, officers included, fitted out for the Camp. I have not more than 180 yet to send forward except Smith's Battalion from Washington, which I hear is on the road. The delay has been as prejudi-

c. s. c. cial as mutinying, many of our people, some whole companies have returned. I believe could we have got arms in a day or two we should have raised upwards of 1500 men. I have understood the Congress have some arms at Baltimore or Chester, and I think you had best get as many of them as you can for those of the militia who may march under the last requisition for you may depend if they stay here any time the same answer will prevail with them as with the Frederick militia. While I am writing this some officers call on me to let me know another company to about 6 or 8 privates have broken off. As many militia as possible ought to avoid calling here at all. The small Pox is very rife and every thing is prodigious dear. There can be no great dependance on equipments or supplies here, if those who come are partly fitted I think they had best proceed, for Gen<sup>l</sup> Washington to prevent a continuance of the shameful embezzlement of arms, has lately stopped all that belong to the Public, on the discharge of the Militia, so that he can as he says, partly supply those who go in. Some of our people have been 6 weeks and some 4 from home already not only inclined, but necessity will urge their return. I shall have difficulties on that head, for whatever you may hear of the great numbers with Gen<sup>l</sup>. Washington he ought to be strengthened. We have nothing very material from Camp. I am afraid we can expect no great things from New York. The Enemy are kept pretty close in the Jerseys. The war is carried on pretty much by small scouting parties on our side, and they often take some prisoners, 16 British were brought here on Sunday, taken within about a mile of Brunswick, as they were going out without arms to plunder. I am told the duty of the regulars is very severe from very frequent attacks on their pickets &c. Gen<sup>l</sup> Gates has sent off a fine regular Battalion (M<sup>c</sup>Coys) this morning. Tomorrow he and I set out for the Camp.

Gentlemen. Committee of Cecil County Feb<sup>y</sup> 4<sup>th</sup> 1777.

This committee acknowledge the receipt of a letter from you of the 26<sup>th</sup> ult. inclosing a resolve of Congress of the 21<sup>st</sup>. This committee will do every thing in their power to expedite the marching of the militia of this county to reinforce Gen<sup>l</sup> Washington, but are of opinion that a sum of money must be sent us for the Support of the militia on the road and to advance some poor men who may want necessaries before

they can possibly march. We think it necessary to acquaint C. S. C. you that there are very few guns in this county, and we believe not above 40 well fitted. A limited time we think ought to be fixed for the Militia to remain with General Washington, without which we are fearful the men will be backward, we should be glad to be informed where the Militia are to get Camp Kettles, tents, &c. It is impossible for us at this time to fix on the particular officers, that will be necessary to give commissions to, some of the commissions of field officers are vacant, and the appointment of other officers to fill them up will occasion many vacancies, we would request if consistent with your power you would send us some blank commissions with orders to fill them up with such men as we think most worthy.

To the Honourable Brigadier General Smallwood.

The petition of Zachariah Tilley humbly sheweth, That your petitioner has served during the last campaign, as a soldier in Capt. Barton Lucas's company, under your command; and is now absent from the army on Furlough. That your Petitioner having been bred to the business of a Ship Carpenter, conceives he can be of more service to his country by working for the Publick in that capacity, than by continuing as a soldier; as he understands that Ship Carpenters are much wanted in the public Dock yards.

Your petitioner therefore most humbly prays that he may be discharged from the army, that he may be at liberty to serve the States in the business to which he was bred and your petitioner shall ever pray &c.

February 5<sup>th</sup> 1777.

We whose names are hereunto subscribed do certify that Zachariah Tilley was bred to the business of a Ship Carpenter, under his Father and brothers; and that he worked at that trade, until he enlisted into the army last winter.

Gent<sup>l</sup> In Committee Queen Anns County Feb. 5<sup>th</sup> 1777.

The recommendation of Congress of the 21<sup>st</sup> ult. with the requisition of the Council of Safety, we received per Express on the 28<sup>th</sup> and on consideration thereof (that no time might be lost in forwarding the service recommended to our attention) we forthwith sent circular letters to the captains of the

c. s. c. several companies of Militia in this county, requesting them to call their respective companies at convenient times and places in those letters ascertained, in order to know who would voluntarily engage to reinforce Gen<sup>l</sup> Washington gloriously supporting the cause of liberty and his country. The Committee pursuant to those letters attended the meeting of the Companies of the 20<sup>th</sup> Battalion on Saturday the 1<sup>st</sup> Inst. to whom the recommendation of Congress and the requisition of the Council of Safety were published when only sixteen men offered themselves for the Service. And on Tuesday the 4<sup>th</sup> Inst. the Committee (pursuant to their appointment) attended the meeting of the companies of the fifth Battalion to whom the recommendation and requisition afores<sup>d</sup> were likewise published, and enforced by an animating and pathetic exhortation from the Rev. M<sup>r</sup> Keener when forty six men offered themselves for the Service. That no endeavors of ours may be wanting to promote this service we have requested other meetings of the Companies at their respective places of exercise, and that returns may be made by the several Captains to the Committee on Thursday next. We lament the backwardness which has generally appeared on this occasion. The raging of the Small Pox to the northward which has been brought here by the Soldiers of the Flying Camp, and is now spreading fast in this county we have good reason to think has discouraged many, who would otherwise have offered themselves for this service. To this we must add that at the meeting of the twentieth Battalion, The backwardness of men of property was assigned by many as the reason for their declining the present service, who declared that if such men would set the example they would most cheerfully follow it. What has been the effect of the meeting on Kent Island we are not informed. M<sup>r</sup> James Kent will on his way to Annapolis know the result and communicate to your honours. In full assurance that you will direct such further measures on this occasion as the exigence of affairs may require,

[Samuel Chase to Council.]

Gentlemen.

Baltimore Town Feb<sup>y</sup> 6<sup>th</sup> 1777.

Congress are very anxious that some immediate steps should be taken by our State, not only as to the person of Capt. Patterson, but as to the payment of the engagement entered into by the Continental and your agent. Capt. Patterson is viewed as a pirate and after examination, if the facts should appear to you to be well founded, it may be well to consider, if it would not be proper to send him to Martinico for trial there, by the law of nations. If our State shall pay the value of the vessel and goods seised by Patterson, would it not be proper to inform the Governor of Martinique that the whole would have been returned, but for the Risque. If no remittance can be made but by produce, it will be an equal risque to send back the vessel. Could not Mr. Morris pay the money for our State? An opportunity of writing will present itself in a few days. Would it not be proper for our State to write a letter, disavowing the conduct of Capt. Patterson, and engaging payment as soon as possible and mentioning the men of war in our Bay, which may delay the remittance.

M<sup>r</sup> Zachariah Campbell in a letter from Vienna, of 1<sup>st</sup> Inst. writes to his brother Capt. Campbell That the Tories in Sussex, Somerset and Worcester Counties, have been assembling for some days. They have 250 men collected at Parker's

Mill, about nine miles from Salisbury, and 'tis reported they C. S. C. have three field peices, which they received from the Roe-buck, with some men, with intention to seise the Magazine and destroy the property of the Whiggs. Coll. Dashiell is now at Salisbury with what Whiggs he could collect about 130, and is to be reinforced on Monday, by eight companies from this county

Capt. Nicholson's Tender brings accounts that there are three men of war in the bay, one at the Tangiers, one at Smith's point, and one in the middle, and that it is reported some men, with two field peices are landed from the Roe Buck. Congress has ordered Col. W<sup>m</sup> Buchanan's Battalion, which was ordered to Camp, to march with Col<sup>o</sup> Gist, and some armed vessells to prevent any communication from the Ships, and to prevent their plundering.

I suggest my fears of a difference injurious to the service, if Gen<sup>l</sup> Hooper should march on this business. Col. Gist will not submit to be commanded by that Gentleman. I beg leave to remind the Board of the opinion of Gen<sup>l</sup> Gates to the necessary orders respecting the Fort here. Several recommendations have gone from Congress to our State. I hope they will be duly attended to.

If advice Boats are not sent outside of the Capes, several of our Store vessells may fall into the hands of our enemies.

The post has not come in—no news. I must again repeat the necessity of a Representation.

Sir. We have received your Favour and approve of your loading the Brig in the manner you have done and intend to do and are glad to hear she is so near being ready.

The Tobacco, as you will observe, will do for the Ship and will for any more that you or we may purchase.

The Hhd. of Rum is come to hand. We have applied to Captain Smith with respect to your marching, he will settle the matter with you. At the same Time we repeat our opinion, that you and your clerks going will be of such ill consequence to the Business you have undertaken for this State that it cannot be suffered, and you and your Clerk must be excused from attending military Duty. Mr Dugan must bake up all the flour that is likely to be damaged and to him we have written for that purpose. We are, &c.

Their are in Harford County over Deer Creek, six companies of Militia, viz. Captains William Webb, William Morgan, John Partrick, Jno. Jolley, Alex. Rigdon, and Rob<sup>t</sup> Glen not yet formed into Battalion. They have had several meetings in order to recommend the necessary Field officers, but the consequence has been uproar and contention, and from the best information I can collect they never will agree. As the appointment is in the Council of Safety, or Assembly it would be well to appoint their officers immediately, or make them independant companies. The following commissions are wanting in Col<sup>o</sup> Hall's Battalion, viz for Capt. Jno. Ashmead, Edw. Bussey, 2<sup>nd</sup> Lieut. Nathaniel West, Ensign, Mathew McClintick 1<sup>st</sup> Lieut, James Walker 2<sup>nd</sup> Lieut. The eight Battalion hath had a meeting in order to recommend their field officers but a quarrel ensued which prevented that business being accomplished. In short the militia in my District had rather battle at home than abroad. I see but little probability of their marching. Their are a few in several Battalions, that offer themselves but only on condition that the whole are compel'd, a great majority in each Battalion against marching so that their is not strength enough in any one to

c. s. c. carry the whole. What method to fall upon I am greatly at a loss, and must submit the mode to the Council of Safety and the Legislature. I am Gent. Your most obed<sup>t</sup> Serv<sup>t</sup>

wrote from any supposition that a misunderstanding about the price of rigging might arise between us, it was solely to make you acquainted with the expected price of hemp, and that you might determine from this circumstance, whether you would take cordage at a price in proportion to the cost of hemp; some price for cordage I suppose will be established at Baltimore, and more I presume I am not to ask. I should now be glad to now what I am to doe with the Ship Liddia. The Brig wants no more flour, tobaco nor bread. I have sum of all those things on hand. I likewise have 10 or 12 tuns of bar Iron which you may have at £50 pounds per ton, which is the price I can get from other people, it will bee wanted for the Ship Liddia. I think I could soon have one third of the Ship's Cargo in Tobaco redy for her at 30 shillings inspected. I have a good deal ingaged at that, and sum at 25 and sum at 27/6. But 30<sup>s</sup> is the prise given now by others, and I think it wont rise. I wait your further orders but am sadly of for want of Clerks. I have no person to make out an acount, for George Dafney that wrote for mee at times is gone in the independant company over the Bay, and David Rickets soon as hee understood that the were ordered to stay from the Eastern Shore thought the Jarseys would be next and set of to Secill County. I beleve from there hee never will return without he can bee clear of any miletery duty, he is a sickly man subject to Rumatism, Payns that for days together hee is not able to doe business, and he is shore it would be deth to him to march, and is determined to keep out of the way for there is no regard payd to your letter as to him, I showd it to the officers all in a Body and I never was told till yesterday morning that I must not march myself. Then Major Nicoldson told mee that I must have all things redy, and go on bord the vesell, and hee should order me on shore. 3 days of this week I have been under arms, not a creature to look after the delivery of flour, tobaco or bread, but a Duch Servant and a littell son of my own, about 13 year old. Now all the Invoices and a counts lies unsetled and a thousand other things and not a clerk to help me. I once more request if you Pleas to get a totall exemption from Capt. Smith for mee and David Rickets and a discharge from every miletery duty while I am your Agent or I cannot doe your busines nor the publics, for there is nothing done here for this State, but I must doe it, and all preperations for the present movement such as I have in my hands but I must have redy, and must at the same time to pleas a few hot men, bee under arms, which cannot bee done with any care. I sold 80 bbls. of your bread to Cummins at 15/. Pleas settell this matter and I will indeavour to do your business. David Rickets was ordered over the Bay at all events if there had been regard paid to your letter hee would not left here.

The Hon<sup>ble</sup> Council of Safety.

Gentlemen. When I was last at Annapolis, I had the promise of cloathing for my company. Capt. Fulford had then an order on the commissary of Stores, to supply the matrosses first, at that time M<sup>r</sup> Howard was so engaged, that he cou'd not, or wou'd not deliever them. Since that, I sent down Lev<sup>t</sup> Moore who told me he cou'd not get them, at that time he obtained an order for shoes only, my men are now allmost naked, if the cloath for their coats and Jacketts, is not readey, must beg you would send me an order by Capt. Furnaval on the commissary here, for linin for their shirts. I shou'd be glad as soon as convenient, for the province to have all their cloathing.

I hope you will allow my men, in regard to britches, the same as Capt. Furnaval's, that is they are to have leather, and pay out of their own pockets ten shillings a pair. my men have ben very uneasy in regard to their not having as much pay as Continental Troops, and assure you it will be very troublesome, keeping them in order. They petitioned you some time ago. I have now sent in a Petition to the Honble House of Assembly to the same purport. I must beg if in your power to assist me to git it granted as soon as convenient to the Honble House.

I shoud be glad there coud be some alterations in the Articals of War as its out of my power at any time to call a general Court Martial, not having officers enough agreeable to our present rules and the Continental officers say they have no right to set on Provincial Troops. Let their crimes be what they will I can punish with only fifteen lashes. I woud not by this have you think me cruel, or that I wish to punish my fellow creatures with more than they can bear or deserve, but the punishment I am now allowed to inflict is by no means equal to some of their crimes.

I should have waited on you, but had the misfortune to hurt one of my legs about three weeks ago, since which have not ben able to walk very little.

Fill up the Brig as soon as possible & get her ready for sea to sail with the first strong Northly Wind that may be

attended with rain or mist. The Ship Lydia must lie a little longer. As we hear the troops are discharged no doubt your Clerk will return. Tobacco it is thought will fall and as the risque is very great in the Bay, Our Council do not incline to give the high prices you mention for Tobacco. You must settle with Cummings yourself for the bread. c. s. c.

[Petition of Vincent Trapnall.]

Gentlemen.

February the 18<sup>th</sup> 1777.

I made bold some time since to petition to your Honours for my enlargement, but have received no answer from your Honours. I now again make bold to intreat your Honours to release me from this my confinement as what I did was only in resentment to the person and no ways designing any ill against the State of affairs of the American cause. I have, Gentlemen, associated and likewise given to the relief of the distressed in Boston. I bear, Gentlemen, no allegiance to the King of England, nor have I any connection with those that embrace his maxims and am ready and willing to pay all due allegiance to this State. I hope therefore your Honours will consider me and my wife and poor children who might have suffered greatly during my confinement, having no stay nor Guide, if your Honours will pleas'd to release me you may depend upon my utmost endeavours to find out and discover any rumour, or any thing else prejudicial to the present system of affairs, from your Honours in duty bound.

Vincent Trapnall.

To The Honourable the Delegates of the State of Maryland in Assembly convened at the city of Annapolis.

[Petition of Vincent Trapnall to the Delegates.]

To the Honourable the Delegates for the State of Maryland now at the City of Annapolis in Assembly convened. The humble petition of Vincent Trapnall most humbly sheweth. That your poor Petitioner has been confin'd ever since the 29<sup>th</sup> of last month for a misdemeanor that he was guilty of and which he did through distraction and inadvertency, however no how prejudicial or injurious to the present State of affairs, but has always been the reverse and maintain'd the cause as far as my abilities would admit of Witness in the association in respect to the Bostonians, and ever shall as far as lies in my power. I was most Honourable Gentlemen confined here by order of the Honourable the Council of Safety and I believe there was some malice and antipathy in the person that com-

plained rather than any thing else. But the case be as it will c. s. c.  
most Honourable Gentlemen, I should not have acted as I did  
had not passion overcome me, and for what I have done most  
Honourable Gentlemen I am heartily sorry, and most earnestly  
beg your pardons, and shall for the future endeavor to con-  
duct myself with good and hope you will grant me a  
releasement from my present unhappy place of confinement as  
I have a family at home and no one to conduct or manage  
affairs in its proper sphere, things must go to rack and ruin.  
Therefore most Honourable Gentlemen hope that you will  
take the low and furlorn and distressed condition of your poor  
petitioner into your most serious consideration and grant me  
some relief If it does not lye in your power most honourable  
Gentlemen to bring or settle matters at this juncture of Time,  
hope that you will grant me liberty of absence to go home to  
my family, until your Honours can give me a hearing, for  
which I will give Sufficient security, and your poor Petitioner  
as in duty bound will ever pray. Vincent Trapnall.

So God bless the Congress and direct our General.

Baltimore February 18<sup>th</sup> 1777.

I have endeavored for some time past, for to gett my clark  
Francis Muire to a fair settlement of the publick money  
received by me for the use of the ship Defence, he has refused  
delivering up all the books relative to the business he trans-

sent a memoriall down to lay before you. I hope for your  
kindness in assisting to have this Muire brought to a fair  
settlement, and to send such orders as may be in my power to  
oblige him to justice, for all this time theres no knowing how  
to act, I have lay'd him under an arest, and shall give orders  
to have him under confinement till I have the pleasure of hear-

sumed to trouble you.

Gentlemen.

Baltimore Town Feb<sup>y</sup> 20<sup>th</sup> 1777.

I am sorry to inform you that the Report of the Engagement on Fryday week is without any other foundation than a little skirmish, which the General barely mentions in his letter to our committee in Philadelphia.

Congress are anxiously expecting a reinforcement to our brave and worthy General from the new Levies: Above six weeks ago Congress directed General Smallwood to take a tour through the State and exert his influence in raising our Quota, and they called on all our public Bodies, and every friend to America, to yield him their assistance. I mention this because Congress flattered themselves with great success from this measure and it is said it has been neglected.

c. s. c. A little attention to our public affairs and the State of our Army will convince any man that the most vigorous exertions are necessary and must be adopted to procure our quota. I shall not enlarge on this important subject. I beg leave to call your immediate attention to it, and if a moment's delay can be granted, be pleased to consider the following extract of a letter from Gen<sup>l</sup> Washington to his friend Col<sup>o</sup> Harrison, of 12 Instant. With great truth I can add, that Heaven alone knows upon what principle they (the enemy) act, or by what means, they are kept quiet. That we are not able to make the least stand, if they move, is as clear as the sun in its Meridian Brightness. Whilst you are at an expence equal to the maintenance of a large army and expect that we are very strong, we have scarce men enough to mount the common guard.

I thought this Intelligence necessary for your information, but the communication of it to our General Assembly must be made with every caution of secrecy. The knowledge of it may bring destruction on our Country.

I wish it was in my power to advise in the present crisis. The mode in the Resolve of Congress to Gen<sup>l</sup> Smallwood may be of some service. The Gentlemen of this County have not as yet assisted, by public meetings and associations, to carry any public measures into execution. I beg leave to submit the enclosed proposal to your consideration, if adopted it ought to be late in the Session, and after all other exertions have been made. I am, Gent, with regard and Respect,  
The Honble Council of Safety Your obedient Servant,  
of Maryland Sam<sup>l</sup> Chase.

Princess Ann March 3<sup>d</sup> 1777.

Sir

Having an opportunity by M<sup>r</sup> Crocket embrace it to acquaint, that agreeable to your last Requisition, the second Virginia Regem<sup>t</sup> & the Continental Regular Companies, under Command of Deams & Godman were discharged on the 16<sup>th</sup> Feb<sup>y</sup>, but by contrary Winds have understood they were detained some Days at Cambridge, our small Party arrived on the 19<sup>th</sup> at Salisbury and on the 23<sup>d</sup> here, at those Posts and on our march we found People generally quiet, and Peaceable, tho' much alarmed particularly such who were under Guard upon Accusations who seemed disposed to accept the Terms offered in the Proclamation which induced me to discharge all the Militia and procure twenty light Horsemen, who have rendered essential Services upon detached Duty, under Regular Officers; having all the excepted Persons under Guard except Callalo, and Moore, after whom I have had three Parties for sometime out & directed Cap<sup>t</sup> Campbell to cruise in the sound, hang out British Colours, and hover about the mouths of the Rivers in order to meet & intercept them, shou'd an escape be attempted that Way, but am apprehensive they have escaped, having this Day received a Letter from Campbell, informing that several Tories escaped thro' the sound three Days before he arrived at his Station. I deferred distributing and publishing the Proclamation, 'till every exertion had been used to apprehend the Persons excepted, & upon supposition that the whole wou'd be secured, have hitherto declined sending to Annapolis such as have been in custody, with a Standard & Drum taken from the Insurgents, and shou'd be glad to know the Pleasure of the Assembly respecting their being sent up immediately, or longer detained till further Testimony might be aduced against them, and other Steps taken to apprehend the two others, shou'd they not have escaped to the British Ships; I find myself under some difficulty respecting the Proclamation, the Terms of which in some degree appear repugnant to my Instructions, in rendering it Optional in the Offenders to comply with them within the 40 Days limited for that purpose when the latter part of the first Requisition in my

c. s. c. Instructions, requires me to Publish, distribute and enforce the same without any Limitation, and the last Requisition therein requires (if I apprehend right) that I shou'd give the necessary Orders for securing the Arms of the Insurgents in Somerset & Worcester Counties in the like unlimited manner. however 'tho my Instructions & the Proclamation bear the same Date, and I conceive the former shou'd determine my Conduct, yet the Public Faith being Plighted in the latter, has induced me to wave exercising Force, or complying with the abovementioned Requisitions, 'till the Limitation In the Proclamation expires, or 'till I know the Pleasure of the general Assembly, and receive their further Direction on that head tho I must confess I have exercised a Power not clearly derived from either, in summoning & bringing under guard here, such Persons whose conduct has been most exceptionable, & whose Testimony might ascertain the Original causes of this Insurrection, and set in a clear light the conduct of those, who have been most active against their Country, in which if I have erred I must beg it may be imputed to generous Motives, in being anxious to check such conduct in future, & promote the Public good, which shall be discontinued if disapproved. however those Persons have been treated with Lenity & suffered no other Inconvenience but their Attendance here. I am sorry to observe that some of the Except<sup>ns</sup> are extended against Persons who are objects of Pity, rather than Resentment, & it wou'd appear have been deluded, whilst others better enabled, and whose Offences have been more artfully concealed, will avail themselves of the Benefit of the Proclamation, nor can it be expected that their Designs and Views will terminate here, unless they are brought into Public light, and made Examples of. I wou'd not be understood to shew a disposition to disparage any mans conduct, but I submit to superior Judgment if it wou'd not have answer'd better purposes, had the commanding officers proceeded to disarm (which I am well assured might have been effected without Bloodshed) rather than treat with those Insurgents, which was dishonoring not only their Commissions, but the Power that conferred them, and if I may presume to judge, this transaction I am afraid has prevented such a finishing Stroke being put to this Affair, as otherwise might have been, and at the same Time equal Lenity & Mercy might have been extended, and it does not appear to me from the complexion of the People (tho I sincerely wish it) that the Proclamation will have the desired Effect, any longer than 'till a more favorable opportunity offers.

This Business is irksome, because Time is pressing & I find myself inadequate to it, and am apprehensive as its a new

Department to me, I shall not afford the Public that satisfaction c. s. c. which may be expected, and am well satisfied it wou'd have been much better accomplished by some gentleman in the Civil Line, supported by a small Military Force, which if this cou'd still be done I think the general good wou'd be better Promoted by my Attention to and forwarding the Recruiting Service, however the commands of the general Assembly &c shall be a Law to me. Pray will it absolve and wash away the Offences of the young fellows who are excepted, shou'd they inlist which I believe they wou'd readily come into. Have inclosed nine Depositions which I judged might now be wanted at Annapolis, I have a number more taken, but really have neither Paper nor Clerks to enable me to send copies thereof. Doct<sup>r</sup> W<sup>m</sup> Dashiell who was with me last Campaign, and is a very deserving & well qualified young gentleman in his Department, desires an Application may be entered for his becoming Surgeon to Col<sup>o</sup> Gists Reg<sup>t</sup> which will fall in the Line; if Chirurgical Rank is admitted, & Wallace & Briscoe succeed to the 1<sup>st</sup> & 2<sup>d</sup> Reg<sup>ts</sup> also D<sup>r</sup> Johnson of Frederick, a young Gentleman of equal merit, who served in the general Hospital and attended myself & the wounded of my late Reg<sup>t</sup>, is desirous and I believe him well Qualified to act in a like Department, & theres D<sup>r</sup> Griffith who acted in the flying Camp, desired me to enter his Application, but as he is a Stranger I cannot undertake to recommend him. Col<sup>o</sup> Done desired an Application might be entered for his Brother W<sup>m</sup> who supports a very clear character and is represented to be spirited; for an Ensigns com<sup>n</sup>, he having served on Board a Privatier some small Time. I shou'd be obliged shou'd M<sup>r</sup> Duvall be directed to transmit me a List of the Appointm<sup>ts</sup> as there are many young Gentlemen here desirous to know what situation they stand in, particularly M<sup>r</sup> Rich<sup>d</sup> Waters Brother to John Waters, who behaved so bravely at the White Plains, this young Gentleman has enlisted nearly his Compliment of Men and can get more, I hope he has not been neglected

With much Regard I have the Honor to be

Y<sup>r</sup> very Obed<sup>t</sup> H<sup>ble</sup> Serv<sup>t</sup>

W. Smallwood B. G<sup>l</sup>

P. S. I have just received Intelligence that the Phenix and her Tenders are now at Anchor in the Middle of the Bay opposite Hoopers Straights and that Callalo returned to Smiths Islands about 2 Hours after Cap<sup>t</sup> Stewart and his Party came from there, so that He may yet its probable be taken. I make no doubt you have heard of the Enemy's having rec<sup>d</sup> a reinforcement in New Jersey which has occasioned Congress to issue a Resolve requiring the Troops raised on the Continental Establishment in the several States to march

C. S. C. by Companies and parts of Comp<sup>s</sup> & this will make my Party very weak as I shall be obliged to send off Gunby's & Long's Companies, the latter of which I have ordered here, but have not yet arrived, to relieve the Baltimore Independ<sup>ts</sup> who are very anxious to get Home being Chiefly men of Business the State as well as themselves must suffer However I shall endeavour to discharge them in a short Time as I don't imagine there will be any opposition, & if there should I think I shall be enabled to call in Militia to answer every Purpose; but we are at present barely able to make out two Guards which will scarcely afford the necessary Reliefs.

Honoured Gentlemen. The person who undertook to make the cloathes for my Company has made about thirty sute, but since I was ordered on the E. Shore has declined making any more, as he informed me you were not willing to allow him a sufficient price for doing it. He desired me to inform you, that he would not make them for less than thirty five shillings p sute, he finding thread and mohair there is not a man in town, will do it for less, as I have the cloth in town, I should be glad to know as speedy as possible what I shall do respecting the matter. As this state has not been able to procure blankets for the troops, I have thought proper to send out my officers, amongst the good people, house-keepers of this neighbourhood, to see if they would not furnish me with what blankets they could conveniently spare, as I would wish to expedite our march, I have done this without y<sup>r</sup> approbation, but with respect to the price of those blankets (that may be collected) I am at a loss, whether you would choose to rest the matter with me, or limit the price, I should be glad to know, (if you approve) the cloathing will be speedily done, if you think proper to pay that price.

Sir

I have to inform your board that I returned yesterday from a Cruise down the Bay & Sound and would have called at your Port, but was confined to bed by the plurisie of which two of my people died and many more are bad I Rec<sup>d</sup> two letters from Gen<sup>l</sup> Smallwood acquainting me that he had apprehended all the persons excepted from the Benefit of the Proclamation except one Callallo and one Thomas Moor he sent a party to the Tangiers and Required me to search the Islands between the Tangiers and Hoopers Streights and secure the bodies of Certain persons Agreeable to a list he sent me, I was known to be about the Sound and the Islanders were so much afraid that I had no chance of succeeding I therefore Arm'd a small Sloop and sent her with Twenty men on that Business Callalo and one Mezeck who had been on board most of last Somer went on b<sup>d</sup> the Phenix before she went down the Bay, all the others had fled and taken Shelter in the Morasses on the approach of our people except Levin Evans, Gen<sup>l</sup> Smallwood writes to me that he is a notorious offender I brought him up and delivered him to Cap<sup>t</sup> N. Smith, to be dispos'd of as the executive power may think right. I sent Gen<sup>l</sup> Smallwood's letters to Congress as they Contained all the intelgence of maters Below that I was able to procure, when I was down I saw none of the enemies ships but was informed the Phenix lay of Willowby's Point and the other two had gone to Sea, I wrote to Gen<sup>l</sup> Smallwood to this purpose, that same day after my express went off intelgence was brought me by a Sloop from this place that the Phenix was above Point Lookout this confirm'd the same evening by a boat advice of which I sent the General and went out of the Streights before day to know the truth of the mater but not finding the ship where she was said to be, and the winds being southerly I concluded she was gone up the Bay and Continued in that opinion 'till I saw a Ship at Annapolis which I conclude was the one taken for the Phenix, some of the Islanders and some Tories had sent on b<sup>d</sup> several small supplies of provisions the ships had no other connexions with the shore since their being in the Bay except by Flaggs sent on shore to Virginia

Your fav<sup>r</sup> of the 3<sup>d</sup> Instant came to hand and was immediately laid before the House of Delegates who referred it back to this Board with directions that we should take such order therein as we should judge necessary.

We have no doubt but you have taken such steps in this business as you thought most conducive to the general good, and hope you'll soon have it in your power to have your post in such circumstances as will secure peace and quietness in future.

You mention your having some Prisoners in custody, and wish to know whether you are to send them up immediately or detain them longer until you can take more depositions. In answer to this we can only say that if the depositions already taken are conclusive it might be proper to send up the prisoners, if not you would do well to detain them until you can obtain such depositions, if in your opinion they can be had within a reasonable time. You would do well to publish the proclamation immediately as in our opinion no decisive measures can be taken with the Insurgents until the expiration of the 40 days therein mentioned, the arms of all should be instantly taken.

If any of the excepted persons or others will inlist into our service you are empowered to inform them this will wash away their offences, and the Council would rejoice at their taking this step to reinstate themselves in the good opinion of their injured Country.

We shall take care to lay a list of the several applicants you mention before the General Assembly

Gent. Your favour of the 28<sup>th</sup> December inclosing account current &c and Mr Vanbibbers of the 10<sup>th</sup> January have come to hand.

We are exceedingly sorry that our endeavours to extinguish the heavy debt you have contracted on account of our State have been attended with so little success. Had the Resolution got safe through the enemies and the 92 not missed the Island of Martinique their cargoes which were valuable would have greatly relieved you. the 92 arrived at the Moal almost a wreck Martin Conway & Moores Cargoes if they arrive safe with the money you have or will receive for the powder Leguiere sold at Carolina belonging to this State will greatly reduce our balance.

We are getting the Ship Lydia Burthen 400 Hhds ready to take in a load of Tobacco which will be dispatched to you as soon as possible. And you may depend that the Governor & Council who will shortly succeed us and to whom in future be pleased to address your letters, will do every thing in their power to strengthen your hands. But if you could draw bills upon them even at 25 p<sup>r</sup> ct discount it would be serving the State & yourselves to do it. Salt Blankets & Course woollens with trimmings we want very much & wish to have them almost at any price. M<sup>r</sup> Vanbibbers order on us in fav<sup>r</sup> of Vanbibber and Crockett for 1133 $\frac{1}{2}$  Dolls. has appeared and is duly honoured.

Pray have you ever heard any intelligence respecting Simonton. M<sup>r</sup> McCreary who is now in this State has informed us that he shipped to the care of Mr Vanbibber from Rotterdam for the use of this State 2100 musquets 100.000 Gunflints 20 Boxes Dbl. & 20 Boxes single tin, 1300 Gun Locks 5 Tons lead, and a large quantity of medicines that a Mr. Beall who is connected with M<sup>r</sup> Norton at Williamsburgh informed him that their goods arrived safe in Statia that M<sup>r</sup> Vanbibber refused to pay the freight of them, and that a Mr Stevenson had taken them up and sold part of them to pay it.

We cannot give credit to this information; and beg that you will make enquiry and inform us particularly how this business has been transacted and what has been done with the goods.

Inclosed you have invoice & Bill of Lading for the Brothers Cargo which we wish to a good market. Herewith you will receive several copies of the convention of New York's address to the people of that State which be pleased to distribute amongst the Inhabitants of Martinique & the British Islands also a News paper that has Governor Livingston's speech to

c. s. c. his Assembly. This speech and the address we beg you would have translated into the French Language by an able hand, and send some copies to old France.

P. S. Send as much salt by the Brig as she can conveniently take in

March 12<sup>th</sup> 1777

Some Troops moving to Chester Town makes it necessary to have a commissary there, and we are at a loss whom to appoint to that Department we beg you will interest yourself so far as to make choice of a proper person for that purpose. The Commissary when by you appointed must get the provision from the stock purchased by you for the use of this State of the delivery of which you will be pleased to keep a particular Account to enable us to make proper charges thereof against the Continent

Sir. M<sup>r</sup> Hugh Garner was appointed by the Convention my 2<sup>nd</sup> Lieutenant, but he does not incline to accept the Commission. Colonel Ware informes me, that you have the appointment of officers to fill up the vacancies in your own

Regiment. The Bearer hereof M<sup>r</sup> Hezekiah Reeder is a c. s. c. young Gent<sup>n</sup> of family & fortune of this County, and is desirous of serving his Country, I therefore beg leave to recommend him as a fit person & shall be very glad you would appoint him my 2<sup>nd</sup> Lieutenant. I have not enlisted more than 19 men yet, as I have not heard from my ensign, cant tell what success he has met with the small pox being so rife at present that it greatly retards the recruiting service here. M<sup>r</sup> Jones & myself are now in it, but hope we shall be able to get about again in eight or nine days: I received from Major Sam Smith 750 Dollars for part of the Bounty money, please to send by M<sup>r</sup> Reeder the Ballance also some printed inlistments.

The humble petition of Jesse Davis, Boaz Walston, Daniel Fookes, John Parsons, Jonathan Fookes, Daniel Melson, Samuel Williams and Jerman Bethard: To the Honourable

c. s. c. the Council of Safety. Humbly sheweth: That your poor petitioners hath been ever since the seventeenth day of last mon<sup>r</sup> February, confined in the main Guard House, in the City of Annapolis, and that upon suspicion of being enemies to their Country, and upon an examination before the Council of Safety, there was nothing found against us only that we were found among the number of those that was deemed Enemies to their country. Therefore most Honourable Gentlemen, as we ever have hitherto obtained the cause, and is still willing to maintain it, and to affirm the reverse of some ill prejudiced persons (as the Honourable house has been pleased to pass an act for the releasement of all those that is willing to take the oath of Allegiance) We are willing to comply with the Honourable House's rules, and take the oath of allegiance, in due obedience thereto, and shew that we are more for liberty than slavery. Therefore, most Honourable and considerate Gentlemen, as we have one and all of us families, and has not any one of us, any one to manage or conduct or do for us, things of course must most Honourable Gentlemen, be in a most distressing condition: Therefore most honourable and considerate Gentlemen, hopes, therefrom that you will take the above matter into your Honours most serious considerations, and weigh matters most deliberately, and grant us a releasement from our present exigencies as we never have been prejudicial to the present state of affairs. Your granting us, most Honourable Gentlemen, an answer, in favour of the foregoing, your poor Petitioners shall ever be in duty bound to pray: Signed by the whole of the Petitioners: So God bless the Congress and direct our General.

Sir, I received your fav<sup>r</sup> of the 28<sup>th</sup> Feb<sup>r</sup> by Capt<sup>n</sup> Coursey two days ago desiring me to purchase a Qty of Rigging & sail duck for the state which you had been informed were arrived here. I should have readily complied with your desire had there been any at this place for sale. The brig you were informed arrived here from Philadelphia came from Hamburg & Madeira but she brought no rigging for sale and a few bales of Ravens Duck which was only fit for tents & small sails this was sent to Philadelphia after lying here 6 weeks and would not sell. We have an account here that Cap<sup>t</sup> Dashiell is arrived with a Qty of sail & duck in some

harbour on this shore, if this be true, you no doubt have had c. s. c. Intelligence thereof before now as I understand.

Messrs Jenifer & Hooe are interested in the Cargo:

Baltimore March 14<sup>th</sup> 1777.

Sirs. I have it in my power to purchase about 80 or 100 hh<sup>d</sup> of tobacco at this place, Inspected and ready for shipping some from Patuxent, some from Potomac, and some from Elk Ridge it is intended for a cargo but I can purchase it for 35<sup>s</sup> p<sup>r</sup> hundred I should recommend the taking of this in here as it is ready on the spot and an emty ship ready to receive it with staves on board for stowing it and she must wait a few days for some small riging and the iron, but if the M<sup>r</sup> Snowdens was to take the 50<sup>l</sup> p<sup>r</sup> ton which I have offered them I would balance with Stone as the iron wont bring in france more than 16<sup>l</sup> sterlings pr ton so that there will be a sartain loss on the iron of near half, the new England States have

ordered their vessels that is loading here with tobacco for France to Ballas with Stone owing to the high price of iron we have rec<sup>d</sup> our directions this day on that account. M<sup>r</sup> Snowden would not sell till Tuesday till he sees his brother when I am to have his answer about the iron I saw one of the brothers. Cap<sup>t</sup> Kilty waits your answer and my directions about this matter. M<sup>r</sup> Omensetter says one M<sup>r</sup> Payton of Virginia took the goods before he got down, he has wrote you about it. from your humble servant

Sir.

Snow Hill March 14<sup>th</sup> 1777.

I have waited sometime in expectation of receiving an Answer to my Lt<sup>r</sup> of the 3<sup>d</sup> Ins<sup>t</sup> and of being favor'd with the commands of the general Assembly respecting any further Operations or Measures which might be thought expedient to be adopted, the better to Protect the Whigs, and secure the Tories of these two Counties; for I am better satisfied than when I wrote before, that the Proclamation will not have the desired Effect, nor indeed wou'd any measures avail here, unless Similar shou'd be adopted in the Delaware State, such is their Confidence in each other, from their communication, and Vicinity, and from their particular situation and Intercourse with the British Navy, that unless this Intercourse, and the Principle and Spirit of Disaffection can generally be removed, the purpose by an Attempt in any particular Part will not I doubt be effected. I am daily discovering Persons who are not only more disaffected, but whose conduct has been more Criminal & from their Influence have injured the comōn cause much beyond what has been in the power of many of the Excepted Persons; yet I've the strongest assurances that such without altering their Principles will avail themselves of the Benefit of the Proclamation, & will view it in no other light than as a compulsory Act (which some already have insinuated) whilst others more conscientious, cannot renounce their *beloved King*, and therefore several already have absolutely refused to take the oath of Allegiance to this State. What have you to expect from those who have cut down Liberty Poles, and in direct opposition thereto, have erected the Kings Standard, & in an avowed manner drank his Health and Success, & destruction to Congress and Conventions, of those who have advised and actually signed General Howe's Proclamation of Militia Officers who have embodied with & headed the Insurgents, Of Persons under

C. S. C. Bonds, Security to the State, & forfeited the Penalty by commission of most of the within mentioned crimes. Of such who have supplied the Kings Ships with Provision, and kept up a constant intercourse with them, of those who knowingly aided, and convey'd the Public Prisoners on Board, of those enrolling in the Kings Service, during the War under Callolo, of those advising the Soldiers of this State, & the Continent, to desert, & not only harboring, but supplying them with Arms to defend themselves against being taken. And lastly what can be expected from the Inhabitants of a Place which becomes the Reception of Deserters, escaping Prisoners, and most of the Disaffected who have been expelled the neighbouring States. These Facts being unquestionably proved, & in many Instances admitted, wou'd not had to demonstrate that Religion was the original cause of those Events, yet this is urged as the Principal motive in every Instance, tho there are some Exceptions wherein Ignorant men from their Religious Attachments have been deluded (those are readily distinguished & to be pitied) yet by far the greater number conceal their true motives, & make Religion a Cloak for their nefarious Designs; and you may rely on it, there are few circles of the like Extent in New York or the Jersey States, which abound more in Disaffected People. I have been flatter'd that it will be in my Power to collect 1500 Blankets in those two Counties, for which purpose have appointed proper Persons to receive & pay for them, & to facilitate this & other Purposes, have required the Militia Reg<sup>ts</sup> to meet on different Days at their usual Places of Rendezvous, to be reviewed, bringing what Blankets can be spared, this will afford a better opportunity of making such discoveries as may be necessary, respecting their Numbers & Sentiments, the State of their Arms & Discipline, and may probably pick up some Recruits, which was a great Inducement for this Order, but am afraid my design in this last Instance will in some measure be frustrated, by the conduct of some Gentlemen of the Baltimore Comp<sup>y</sup>, who in general behaved well 'till they were discharged, after which if they have not disobeyed Orders they have descended to a degree of Petulance which in this Instance as Gentlemen and well wishers to their Country they ought to have held themselves above whilst under my command as Gentlemen I made it my particular Duty to treat with Politeness and gave them every Indulgence & from a consideration of their respective circumstances & situation in Trade & to oblige discharged them the 10<sup>th</sup> Ins<sup>t</sup> before it was consistent with my Duty, or the Exigency of the States, at the same Time informing Cap<sup>t</sup> Sterett, and others of his Comp<sup>y</sup>, that

as the Militia Reg<sup>ts</sup> were to meet, I shou'd keep their Fifer & Drummer, who wou'd contribute much (by the musick) in procuring Recruits, & promoting that Service, which he not only very politely agreed to, but order'd the Fifer and Drummer to continue, the Drummer then applied to me to go to Baltimore, which I expressly refused, urging the Reason of his being detained, & that as soon as the musters were over, he shou'd be discharged, however they went down to the Companys Boat, about seven miles below Princess Ann. I then ordered L<sup>t</sup> Campbell who was also going in this Boat, to take with him a File of men well armed to take the Drummer and Fifer, & send them back to me under this guard, which from the Inclosed Lt<sup>r</sup> of Cap<sup>t</sup> Steretts you'll observe he was prevented by some of the Company from doing. I shou'd not have taken up your Attention with this Circumstance, but to point out that I am sorry your Independants had not a stronger sense of their Duty, both as Soldiers, & as Gentlemen well affected to the general Good, and to acquaint you that unless proper Notice is taken of it, I shall decline in future the command of your Independants as Militia, unless under better Regulations, I wish Campbell may have acquitted himself on this occasion becoming a regular Officer. I have wrote to Cap<sup>t</sup> Starett for the names of those who refused to let him comply with his orders.

No Persons as yet have brought in their Arms, or claimed the Benefit of the Proclamation, except such who have been under examination, & some of those have refused swearing Allegiance to this State; nor do I think they will generally come in 'till towards the last Day. I shall not presume to judge, or draw conclusions, but I am often shocked and concerned for the manner in which this class of men conduct themselves under Oath, & I sincerely wish it may not be productive of many Perjuries. the excepted Persons are still under Guard, Callelo & Moore not yet taken. 15 Deserters some Gunby's but mostly of Longs company, & two of Flemings Virginia Reg<sup>t</sup> have been taken, and I have now Detachments out after near 30 more who have deserted from the Navy and Army, and are Sculking among these People. Cap<sup>t</sup> Shockby an officer of Spirit, & one who on this occasion has rendered many Services, being the other night in quest of Deserters, was fired on & rec<sup>d</sup> one drop Shott in his Leg and his Horse was wounded with seven, but the Party being in the Woods & it being dark, escaped upon our Men's returning the fire. inclosed is 26 Copies of Depositions & have taken upwards of 100 which shall hereafter be transmitted with Respect

[Memorial of John M<sup>c</sup>Fadon.]

To the Honble the Council of Safety of the State of Maryland.

The memorial of John M<sup>c</sup>Fadon of Baltimore Town Humbly sheweth, That your memorialist has during the winter season been here every two weeks with woollens to your honours, owing to his small stock of cash in hand, & only charged at the rate of 2<sup>s</sup> p C<sup>t</sup> for transacting the business. Your memorialist therefore requests that your Honours will please

c. s. c. to supply him with a sum of money to enable him to purchase a larger quantity of goods at a time, & prevent him the trouble & expence of coming here so often, and likewise that your honours will please to allow him a higher Commission for transacting the said business, if to you it shall seem meet:  
Annapolis March 18<sup>th</sup> 1777.

[J. A. Thomas to Council.]

Mouth of Patuxent 18<sup>th</sup> March 1777.

Gent<sup>mn</sup> I had the honour of yours of the 12<sup>th</sup> instant to day, in which you notice the several matters which I had taken the freedom to recommend to you. I mentioned to you the difficulty I was under in getting a horse for any purpose here, indeed I have been obliged to make use of my own in all cases except in expresses to Annapolis, but as neither that nor any other of the matters I have proposed appear to meet with your approbation, I shall be perfectly satisfied and as occasions offer will hire expresses (if I can). You mention, that you had signified to the Committee that the troops under my command should be stationed at Leonard Town, and suppose that they had communicated to me your resolution, whether they ever received your resolution I know not, but if they did I never heard of it. If I had, it would have saved me and the men much fatigue & trouble, for on the alarms on the 5<sup>th</sup> instant I marched them down to the mouth of Patuxent, and last Thursday on receiving Intelligence that the enemy were about to land at point look out I marched them down there. If it is your intention (and from the letter I apprehend it is) that I must defend that place I shall be extremely happy in having your positive instructions on the point for if the Country is invaded, or an invasion is apprehended, I shall be under great difficulties to excuse myself to the County or the public in General for keeping my station without such orders, and as I have always wished to move within the line of my duty, and as no power is over me but the Council of Safety I request that you will give me such directions as will hereafter justify me to the world for any seeming inattention you will be pleased to observe that Leonard Town lies near twenty miles from the mouth of Patuxent, and thirty six from Point Look out, so that if any attempt is made to land at either of these places, I can be of no use, if stationed at Leonard Town. And I am positive that tis the opinion of every Gent<sup>mn</sup> in the County that the troops should be stationed at or near the mouth of Patuxent and Potomack but be that as it may, as soon as I am informed of your determinations whatever they

are, they shall be punctually obeyed. I mentioned to you the c. s. c. money that was then necessary for me to have, and would have then sent you my account, but as I had been joined by the other officers, but a day or two before we marched to Patuxent it was not then in my power. However I informed you that clothes and blankets were provided that besides one months advance, three weeks subsistence money had been paid to most of the men, if the whole was put together you would easily see that a considerable sum more than I had received was necessary, I have long ago advanced all the money I received from you and all of my own that I could scrape together a particular account of which I will transmit as soon as M<sup>r</sup> Stewart returns, but since then I have been maintaining fifty men on Patuxent and Potomack and in consequence have been obliged to stake my credit for their subsistence. I have purchased one hogshhead of rum and one of molasses & some vinegar with an Intention of supplying the men with their rations, an account of which I shall also transmit you are so obliging as to tell me you have sent me some money tho' not enough for my wants, I wish I knew by whom you sent it and how much for if the sum is not very small It would not at any time be more acceptable. The men are in the greatest want of their breeches & hats, and I hope will not be long 'eer we are supplied with them as also our arms & ammunition I have fifty men stationed at M<sup>rs</sup> Carrolls at the particular instance of the Gent<sup>n</sup> of the County, the rest not having any kind of arms are at Leonard Town where I shall keep them until I hear farther from you, which I hope will be by the return of the Calvert County Post, by whom I shall quickly receive any dispatches I may be honoured with:

I am Gent<sup>n</sup> y<sup>r</sup> most obd<sup>t</sup>

Gentlemen: Inclosed is my List of Medicines, which am disposed to ren<sup>d</sup> to you at 150 p C<sup>t</sup> which is the usual advance, on this kind of merchandize. A very few of the articles are high charged, but this was unavoidable as necessity obliged me some time since to buy them here: I have also a very elegant set of amputating Instruments, and some other surgical apparatus; these I would rather not sell, unless the Council of Safety may hereafter find great difficulty in procuring such articles. Dear Sir. This will be delivered you by M<sup>r</sup> W<sup>m</sup> Marshall, a young Gen<sup>t</sup> who has served an apprenticeship of three years with me. His ardor for the service (rather than not go into the Army) has induced him to accept of an Ensigny offered by Col Stone, but as he has applied himself to the Study of Medicine and by which he proposes in future to live, I should be happy if he could get a surgeon-mate-ship I can assure you of his being assiduous, and well qualified to fill that department: The repeated troubles I am giving you makes me blush, & am always hopefull that every one will be the last, but in this instance gratitude for his fidelity and attachment to me, demanded every assistance in my power, and will always lay me under an obligation of interesting myself in his welfare. My Nancy joins me in duty,

Honble. Gentlemen

I think it my duty to inform You of the part I took in endeavouring to suppress the tumult which Yesterday happened in Baltimore Town. On being applied to by Miss Goddard to protect her Brother against a Mob, after advising Miss Goddard to apply to the Chairman of the Committee, I sent a Corporal to Capt. Nathaniel Smith to request He with his men would join me to disperse the Mob. Capt. Smith in person came to me, saying I might have a party of his Men, but that he would not command them or order them on any Account to Fire upon such a Body of Men. I replied that if the Committee ordered (and they would not otherwise disperse) I would command my Men to Fire, and should think it my Duty to do so. But being allowed so few Men to Guard the Magazine and Laboratory, I could not (thus circumstanced) assist Mr. Goddard, who was forcibly haled out of his own House and taken down the street to Mr. Rusk's Tavern.

General Smallwood came to Town about the Time of the Receipt of your Letter, and has been consulted on the Contents of it, he with us is of Opinion, that it is most adviseable to have the Men inoculated; a Bill is preparing and expected every Hour to pass, to collect Blankets, so that we have no Doubt of your soon being furnished with that Article, and advise you to have a House and other Necessaries got ready as soon as may be. Our Commissary informs us we have but seven Vessels for cooking left in the Store, and we have almost a daily Demand, so that we cannot furnish you. We see by the Papers, and private Letters confirm the Arrival of 9 to 1000 Arms in Philadelphia. Gen<sup>l</sup> Smallwood will send up to secure Part of them for the Troops from this State; It is our Wish, and you know how necessary to keep as many of our own as we can; we have delivered out as fast as we could procure Arms, but expect now they may be returned; however we inclose you an Order on M<sup>r</sup> Winters for 200, which may be useful in training the Men, and which we expect, will be returned to him again, relying on your best Care of

c. c. them. Gen<sup>l</sup> Smallwood's Application will be for Cloathing, as well as Arms, and we hope it is in the Power of Congress to comply with it. We have lately received a very pressing Letter to forward the Troops, and expect, as soon as Blankets are got, those who have had the Small Pox, will march.

Sir: Captain Deshield of Mr. Buchanans ship from Baltimore who was taken by the Enemy and carried into York made his Escape from thence on Saturday Evening. He informs that three thousand troops British & Hessian embarked about ten days ago from the city of Staten-island on board Transports which were laying at the latter when he came away, he added that the Enemy have built and are building a number of light flat-bottomed boats almost seventy of which were finished. Capt. Deshield says it seemed to be the general opinion & conversation that this embarkation was for Chesapeake bay with a view of making a descent on the Eastern Shore, or that the troops were to proceed to the head of Elk, taking Annapolis & Baltimore in their way, there were some who thought it probable they were to go up the north river and attempt the Highland fortifications. I have written to general M<sup>c</sup>Dougal & Clinton desiring them to make the best preparation the circumstances will admit of for their reception, in case the latter should be their object.

Capt. Deshield being in Company with the Capt. of the Packet but unknown to him, heard him say that a war with France was much expected when he left England which was about the beginning of February.

We received your Letter of the 4<sup>th</sup> Ins<sup>t</sup> and several Papers, which we shall communicate to the General Assembly; we think it imprudent either to lengthen the Brig or to incur the Expence of the Repairs you mention, on a Vessel of her Burthen, without the Advice of the Assembly, and therefore desire the Hands may be discharged as soon as may be. The Freight ought, according to our Orders and the Course of Business, to have been paid on the Delivery of the Goods, it was low enough and you must consider yourself accountable.

We have given an Order on the Treasurer of your Shore in favour of M<sup>r</sup> James Bennett, the Bearer of this and your Letter for £1000 to be delivered to you on Account to defray the Expences of the Men &c<sup>a</sup> This Business will be very expensive to the State, and we hope, by your good Management, it will be made as little so as possible. I inclose you a note from Col<sup>o</sup> Richardson requesting that you will order Cap<sup>t</sup> Handy to receive Eight thousand Dollars for the use of the Regiment, the money rec<sup>d</sup> for recruiting the Regiment is all expended and there is now much due for Subsistence. Also an entire stop is put to our Recruiting for want of Cash.

If there is any Clothing in the Stores shall be much oblig'd to you for an order to Cap<sup>t</sup> Handy for some as our men are much in want. Shoes we can get in this Town by your order. Ja<sup>s</sup> Claypoole has made 200 pair for the State agreeable to a Contract with the late Council of Safety, and Blankets we might soon procure was the Blanket Act promulgated.

We are preparing for the Inoculation of our men, tho' it will be done under great Disadvantages. instead of Beds for the Sick we have not even a sufficient number of Blankets for those that must be inoculated, and most of the Soldiers from the want of Clothes & Blankets are reduc'd to a very ill State of health. If we cou'd get a sufficient Quantity of Hessesings (of which I believe there's enough in the Provincial Stores) we cou'd provide Beds for the men which wou'd be most serviceable in this Disorder

Sir. Having heard that your State have appointed Lieut. Col<sup>o</sup> Geo. Stricker to the command of a Battalion, I hold myself bound to inform you that the Character he holds here as an Officer will not justify such an appointment. Yesterday he obtained my leave to resign, complaining that his private Affairs indispensably require his presence at home for several Months. Had there been any other Field Officer with the Batt. I should have permitted him to leave it immediately; he waits only for the Colonel's arrival.

Head quarters Morris Town 11<sup>th</sup> April 1777

Sir: The latest accounts received respecting the Enemy, (rendered probable by a variety of circumstances) inform us, That they are very busily engaged in fitting up their Transports at Amboy for the accomodation of Troops, that they have completed their Bridge, and are determined to make their first push at Philadelphia.

The Campaign is therefore opening, and our present situation, weaker than when you left us, forces me to entreat your utmost attention to the raising & equipping the Continental Troops allotted to be raised in your State. I have waited in painfull Expectation of a Reinforcement; such an one as would probably have ensured an happy Issue to any Attack I might have determined upon, and such as I had a right to expect, had the officers faithfully discharged their duty. But that time is past, and I must content myself with improving on the future Chances of War. Even this can not be done, unless the officers can be perswaded to abandon their comfortable Quarters and take the Field. Let me therefore, in the most earnest terms beg that they may be forwarded to the Army without loss of time.

I have also to ask the favour of you to transmit to me a List of the Field-Officers of your Battalions, and their Rank, with the number of their respective Battalions.

Since writing the above, I have the disagreeable information that Disputes still prevail in your State, about the rank of your officers, and that the recruiting service is exceedingly injured by them.

Shall the general Cause be injured by such illtimed & ineffectual Jarrings among them? I have inclosed two Resolves of Congress, warmly hoping that the knowledge of them may tend to an honourable and necessary Accomodation. No settlement which they can make or submit to among themselves, will affect the army at large. I have long since deter-

In Council Annapolis 16<sup>th</sup> April 1777

Sir

Your Letter to the Governor is just now received. In our Instructions to M<sup>r</sup> M<sup>c</sup>Hard we inserted the following Clause.

M<sup>r</sup> Jos<sup>a</sup> Stevenson, we understand, has some Continental c. c. Powder in his Care, in the Neighbourhood of Baltimore Town to whom we have wrote on the Subject and there is in Baltimore Town as we have been told, though we do not know in whose Care, a Quantity of Continental Powder: You'll therefore enquire who in Baltimore Town has the Continental Powder in Possession, shew him the Resolution of Congress and this Part of your Instruction, which is intended as a particular Order to any Person having the Care of the Continental Stores, to remove them to Carlile. If the Powder which lately arrived in Cap<sup>t</sup> Martin yet remains in Town and Carriage cannot be immediately had for so large a Quantity, we direct the immediate Removal to the Continental Magazine kept by M<sup>r</sup> Stevenson, of such Part as Carriage cannot be directly found for. The Congress has made use of the Term Military Stores: we do not know what they may consist of: If there should be Cannon, Iron shot or such heavy Articles, we do not presume they were intended to be sent to Carlile and therefore desire an Account of such may be sent us, for further Orders, the Powder must be first attended to. We intended this for the Government of every Person who has the Custody of the Continental Stores in Baltimore Town and that they should exert themselves in procuring Carriage. We imagined that the Waggons from Pennsylvania which were occasionally at Baltimore, might have been employed in the removal of the Continental Stores to Carlile and sent M<sup>r</sup> M<sup>r</sup>Hard with Intention he should send the Powder belonging to this State in such Waggons from Frederick as came on Purpose or were down occasionally. We can but repeat our former Orders, to you particularly, which were before given generally, which you will see justified by the inclosed Resolve of Congress and inform you that we think, from all Information since received, your Attention to and Diligence in this Business, is indispensable. Sir,

We had no Intention that you should remove the Continental Stores; we intended, & on recurring to our Instructions, think they are very explicit, that the Continental Officers should remove them; we have wrote to this Effect to M<sup>r</sup> Peale; we know nothing more than the Resolution of Congress informs us, though we cannot but suppose there's an Officer to receive the Powder &<sup>ca</sup> at Carlile and that he has

c. c. Money or some Mode for Payment of the Carriage. If you have got the Removal of our Powder to Fred<sup>k</sup> in a fair Way, we would have it continued by those who have the Charge of it, if the Casks are not fit to remove, they must, if they can, be made fit ; if they cannot, good new Casks must be procured and the Powder started.

Dear Sir: Mr. Morris to day put into my Hands your Lre. to him of the 1 of April in which you express the general Sense that prevailed in the State of Maryland respecting the leaving a Battallion in Somerset County, that it would conduce much to the general Interest, would keep the three Counties inclined to Toryism in order and eventually save the Effusion of much Blood as well as a heavy Expence.

I moved in Consequence thereof that Gen<sup>l</sup> Smallwood should be ordered to station a Battallion there to be under the Direction of the Executive Power of the State of Maryland untill removed or otherwise ordered by Congress.

On Debate the sense of the House seemed to be that none of the Troops already raised could be spared, but that a new Battallion might be raised on continental Pay and Expence for that Purpose, and have directed a Comittee to bring in a Report on the subject composed of Col<sup>o</sup> Duer Col<sup>o</sup> Wilson Mr. S. Adams and myself, when a Report is made and any Step taken in Consequence thereof I shall do myself the Honour to write to you on the Subject.

We have inclosed a Resolution of the General Assembly of the 7<sup>th</sup> Ins<sup>t</sup> requesting the Honorable Congress will let this State have two thousand Stand of Arms. The Militia of this State were illy provided with Arms before any were sent from hence; what Public Arms we had, were sent in the Hands of Smallwood's Battalion and the Independ<sup>t</sup> Companies, and almost all the Arms which were good for any Thing, and belonged to private People, were collected for, and sent to the

c. c. Flying Camp, none of them have been returned, the few that reached Philadelphia, about two thousand three Hundred, were delivered in there, by Order of Congress and have, as we are informed, been since disposed of, for Continental Purposes: We therefore expect that in our naked and dangerous Situation, we shall be gratified with two thousand stand, and if they can be spared, with more, as a greater Number will most probably, in a short Time, be necessary.

Annapolis 21<sup>st</sup> Ap<sup>l</sup> 1777

Sir.

Inclosed is a Resolution of the General Assembly of the 19<sup>th</sup> Instant, requesting one of the Regiments raising in this State, to be stationed on the Eastern Shore. The repeated Intelligence received by Congress of our Enemy's designing to send a considerable Force into Chesapeake Bay is in some Measure confirmed by an Officer, lately exchanged and now here, who says it was lately reported in New York, that Gen<sup>l</sup> Burgoyne had arrived in this Bay, with ten thousand Troops. From His Excellency Governor Henry's Letter to me a Copy of which I have taken the Liberty to inclose you, it seems to be his Opinion, that in Case there should be a Descent on the Eastern Shore, Virginia can render but little Assistance, and that the Defence of that Country will be thrown principally on this State. The Advantages the Enemy possess, may prevent this State, as well as Virginia from affording any adequate Assistance to the Eastern shore; for, the Western Shore of both States will, with great Difficulty, if at all, be able to transport Troops across the Bay: This, and the Circumstances of two of our Counties as well as Sussex on Delaware, which I believe worse than either of them, make it necessary a Regular Force should be kept on Foot on the Eastern Shore; Gen<sup>l</sup> Smallwood is of Opinion the upper Part of Somerset County in Maryland is the most proper Place, it is nearly opposite to the lowest good Water on the Eastern Shore of our Bay for Vessels of Burthen, about thirty Miles from Lewis Town, directly in the Course of Communication from thence to the most disaffected Part of Maryland, about thirty Miles from Accomack in Virginia, from whence, and

from Northampton, a considerable Body of sound Militia c. c. might be expected, and not far from very well affected Parts of the Maryland Eastern Shore. The Idea is, that if Congress should be pleased to allow one of the Regiments to be stationed thereabouts, ranging Parties might be kept out, even in Sussex, occasionally; that they would prevent a Junction of the Tories, and in some Measure their Intercourse, that it would prevent any Attempt, by a small Force, under Assurances of Assistance from the Tories, and if any Thing more formidable should be sent, the well affected Part of the Militia would instantly collect there, as a Place of general Rendezvous, and enable the Regulars to make a Stand, 'til effectual Support could be given. These Reasons have induced the General Assembly to request one of the Continental Battalions, which I think will, in all Likelihood, be the cheapest mode of Defence, and the Regiment being left for a Time in this State may probably be the Occasion of its filling the sooner, for a good many of our People are possessed with the Humour of serving within, rather than out of their own State. If no Succour is afforded, the inclosed Petitions to the Governor, Council and General Assembly of this State and the Remonstrance and Petition of Accomack, Somerset and Worcester Counties to the Congress, fully shew, our Friends will despair of being able to support themselves. I have also inclosed you a Copy of an Act of our General Assembly for building Barracks; The Accomodations for the Troops, either quartered or occasionally in this State, are not such as are desirable, very inconvenient to the Inhabitants and very expensive, the Assembly are therefore desirous, tho' it will be expensive, to make a better and more suitable Provision, and to enable us to do it, hope for the Assistance of Congress.

The great separate Expence we are at, and the frequent Drafts in Favour of the seven Battalions raising here, has much weakened our Treasury and obliges me to request a further Sum of Money, to be lodged by Congress, to enable further Advances to those Regiments; it is of Consequence to the Service, without it we shall not be able to raise and forward the Troops. I shall be obliged to you Sir, to lay these Matters before Congress and to that Honorable Body, for their speedy Decision thereon.

Sir

I had prepared the inclosed Letters and intended to have sent them off this Evening or in the Morning by Express. Our Assembly broke up on Sunday; your Letter of the 2 Ins<sup>t</sup> and its Inclosure makes the Consideration of that Part of mine relative to a Battalion being stationed in Somerset County, unnecessary, though it must give the Gentlemen of the Congress Pleasure to see that they have anticipated the Request of the General Assembly and made a Provision fully adequate, as we judge, for the Occasion. A good many who were in the late daring Practices, did not take the Benefit of the Proclamation; 50 or 60 have been sent up hither as such, most of them ignorant miserable People, and some who seemed rather to have been Spectators than concurring; those of any Influence are kept in Confinement, but the wretched we have discharged, on taking the Oath of Fidelity, and, in all Instances where required by the Field Officers, delivering up their Arms. There is still a small Force of Militia kept up and we have lately had Letters from the Officers, from whence it seems they are not apprehensive, but on the Event of a Force being sent by our Enemies. The Governor and Council are intrusted by the Legislature with a Power of seizing, imprisoning or ordering to any Part of the State, those who they may suspect to be inimically disposed. The Legislature have also passed a Tory Bill, giving the Magistrates pretty extensive Powers. I make no Doubt but that every Thing recommended in the Resolution will be executed by the executive Power, except inventorying the Estates of the Disaffected and taking the Profits of their Lands, that, as the Resolution supposes, being only to be done by the Assembly, who will, I expect, defray the Expences of Imprisonment out of the Delinquents' Estates. Several Circumstances, amongst others the Small Pox being rife here, makes an immediate Meeting of the Assembly almost impracticable, but if the Battalions should not fill up, under the Provision made, id est,

c. c. the Liberty of inlisting Servants, not having more than 18 Months to serve and valued under £10, and Apprentices to inlist; I shall, as soon as it can well be done, convene the Assembly, and lay the Resolutions of Congress which I received yesterday in your Letter of the Inst, before them. Presuming the Congress were much engaged about Business of greater Moment, I recommended to the Assembly to appoint Commissioners to state the Acc<sup>ts</sup> of the Militia who went with me to the Jerseys last Jan<sup>y</sup>, and, to prevent any Discontent, from their not soon receiving their Pay, to enable our Treasury to advance the Money. The Assembly passed the Resolution inclosed, and, in Consequence of it, I appointed John Hanson Jun<sup>r</sup> William Deakins & Samuell Beall, to audit and settle the Acc<sup>ts</sup>, they are I expect, now on that Work, and I should be glad that Congress would Order Money for the Payment, subject to what Restrictions they may think Proper.

We have received repeated Accounts of your having impressed and detained a Number of Seafaring Men and others who either resided in, or were occasionally at Baltimore Town, and that, besides the Wrong to the Individuals, its Consequences have been injurious to the Town, in deterring People from going to Market there, for fear of being treated in the same Manner. We do not know that you can have any Authority, under which to justify such Violence, or to interfere in any Manner with any person who has not voluntarily

inlisted in the Continental Marine Service. If you have any Person under Colour of his being impressed, we require you, instantly to discharge him, and to forbear from a further Exercise of such an unwarrantable Power. It is the Office of Government to protect every Subject in his Liberty and his Property, nor shall we, who are honored by our Country with the highest Department, be idle Spectators of the Oppression of any Man in it.

Annapolis 24<sup>th</sup> Ap<sup>l</sup> 1777.

Sir.

Immediately on my Receipt of your Letter of the 12<sup>th</sup> of March; I laid it before the General Assembly. Agreeing in Opinion with you that unless we had a Force previously established on the Eastern Shore, in Case of a Descent, you could with great Difficulty at best, afford Assistance from the Western Shore, and persuaded the like Obstructions might equally disable us from transporting Men across the Bay, I thought it adviseable a small Regular Force should be established in the upper Part of Somerset County, to which the well affected from all Parts might occasionally resort; That such a Force would prevent a Junction of the Tories in Sussex, Somerset and Worcester, and in some Sort their Intercourse, and that small Parties, in light Boats, might well take favourable Opportunities to cross the Bay, when they were sure of joining a Body, as soon as they landed. I communicated my Idea to some Gentlemen of the Congress, and suggested the Propriety of having one of the Continental Battalions, raised in this State, stationed on the Eastern Shore. Our Assembly viewed the Matter in much the same Light, and made Application for a Battalion but before their Resolution reached Congress, that Honorable Body took up the Subject, and came to the inclosed Resolution, which I received yesterday, in Consequence of which, Orders are gone to Col<sup>o</sup> Richardson, who is judged equal, in every Respect, to this Service, and Measures will soon be taken to embody the 300 Militia as well as to render the Militia at large eventually serviceable.

I join in Sentiment with you, as to the Utility of stationing Gallies on the Eastern Shore; some of ours are designed for that Service, but our utmost Efforts have not yet been effectual to get any one completely fitted. We have three in the Water, partly manned, and three others ready, or very nearly ready, to launch, but have not been able, as yet, to get a Suffi-

c. c. ciency of Cordage or Hands for the first three. The fitting out of the Gallies, is an Object of the first attention with us, will be prosecuted as such, and as soon as any of them are fit, they will be ordered below, where we shall be glad to hear some of yours are ready to act in Concert with them. The Removal of the Stock, agreeable to the Recommendation of Congress, appeared to our Assembly impracticable. An Officer of ours, one M<sup>r</sup> Courts, who was taken at Long Island and lately exchanged, informs me that it was said in New York a Little before he came from thence, that Gen<sup>l</sup> Burgoyne had arrived in Chesapeake with 10000 Troops; This I look on as a Confirmation, in some Measure, of our Former Intelligence, that the Enemy design to send Gen<sup>l</sup> Burgoyne with that Force against us; if it takes Place, we shall chearfully render every Assistance in our Power, and expect the Aid of our Neighbours, as Circumstances may make necessary. Nothing further occurs to me, at present, if there should, I shall frankly communicate, and hope to be favoured from Time to Time, with your Sentiments on this or any other Subject, in which both States are interested

We have inclosed you the Resolutions of Congress of the 19<sup>th</sup> Inst. received yesterday; you will Mention only such Part of them as is proper to be generally known. Some Part of each of the Maryland Battalions, has already marched to Philadelphia, and from the Information we have received, we are induced to think yours is as weak as either of them. We are not now sorry that it has happened so, as there are many Reasons which make it desirable you should command the Force designed to cover the Eastern Shore. We have therefore according to the Power given us by Congress, appointed your Battalion for this Service, and desire you will immediately give Orders for such of them as have marched to return, and appoint the general Rendezvous of your Battalion at Cambridge. We are very desirous of seeing you here, as soon as it may be safe to you, to settle the Plan of embodying the 300 Militia, and providing Tents, Subsistance &<sup>ca</sup> for the whole, as well as the Spot for Encamping. We also inclose you a Copy of Part of a Letter from M<sup>r</sup> Morris, from which, we expect some Arms are at Dover for us, pray send

Permit us, through you, to lay before Congress, a Copy of a Letter wrote by us to Cap<sup>t</sup> James Nicholson, and of his Answer thereto. We do not know nor can conjecture what Reasons Cap<sup>t</sup> Nicholson can have, to think Congress will not

c. c. disapprove of his Conduct as stated by himself. We know very well, that by the Laws and Constitution of this State, no Man in it can be pressed into any Service, and we flatter ourselves, that any supposition that the Congress will countenance such a flagrant Violation of the Rights of the People within this State, is as false as injurious to that Honorable Body. We are very desirous that Congress will give immediate Orders for the Discharge of every impressed Man, and we submit to Consideration, whether the Gross Conduct of Cap<sup>t</sup> Nicholson, and the Contempt in which he holds the executive Power of this State, does not make his Dismission from the Service, not only proper, but, to preserve the Confidence of this State, in the Justice of the Congress, and its Regard for our internal Government, highly necessary.

This accompanies our Letter to Congress, complaining of Cap<sup>t</sup> Nicholson's Conduct, we have inclosed you Copies of that, as well as of a Letter we wrote to and answer we received from him. We had, as we stated to Cap<sup>t</sup> Nicholson, received Information of his having pressed a Number of Men, which he avows, and that many People bound to Baltimore by Water hearing of it, turned back, and that even some of the back People had declined going there with their Waggons for fear of being pressed. Cap<sup>t</sup> Nicholson seems to expect an Approbation from Congress, we shall very reluctantly believe any Countenance will be given by that Body to such tyrannical Proceedings, if there should, we have very little Business in our present Stations, nor do we care how soon it is generally known, if the Fact is that the Power of the Continental Officers is universal and in no wise controulable by any internal Civil Authority in the separate States. Cap<sup>t</sup> Nicholson's Reasoning will as well prove his Right to press every Man in the State, if he thinks it necessary, as any Man in it. If he saw the Necessity of this Measure, he might have applied to the Assembly, sitting at the Time he began this extraordinary Business. It is much our Wish to have the Resolutions of Congress as soon as possible, as it is likely, if there's any Delay the Frigate will sail before the Result is known here.

We are informed that several Gentlemen who have had recruiting Warrants delivered by the Committees or the Council of Safety and most of them been supplied with Money to recruit Men in the seven Battalions to be raised as the Quota of this State, not having been gratified in their Appointments to the Height of their Expectations, have attempted to transfer their Recruits to the sixteen Battalions. If any such Attempt should be made by any Person on your Shore, you are to take the Recruits into your Regiment and inform us of the Fact with its Circumstances; for we are determined that every Man, if it is in our Power, who has been raised towards the Quota of this State, shall be so applied. Sir

This Morning Commodore Brooke delivered me your Letter of the 25<sup>th</sup> Ins<sup>t</sup> I immediately laid it before the Council and sent for the Cap<sup>t</sup> of our Ship Defence to consult on the Subject; we have had a very free Conversation with him and Commodore Brooke. I wrote you the 24<sup>th</sup> giving you an Account of the Condition of our Row Gallies, it is not

much mended, the forwardest of them is on the lower Part of c. c. our Eastern Shore with Intention to exercise the Hands she has and endeavour to get more. The Defence is lying here, merely for want of Hands, she has now about 60 and wants at least as many more, we are using our utmost Endeavours to get them, but the Privateers and the high Wages given by Merchants, make it very difficult to get men of any Sort. We have for some Time expected Cap<sup>t</sup> Nicholson down, in the Virginia, though all we know is from Report, having little Correspondence with him. From some late Instances of his Conduct, there is no great Probability of our Wishes or Advice influencing him in any Degree, yet, if there was any Hope of clearing the Bay with his Assistance, the Council and I would instantly Request it, and, if necessary apply to Congress, for Orders to him; but Commodore Brooke and Cap<sup>t</sup> Cooke, concurring in opinion with us, that our Force collected, would be too much inferior to that of a forty Gun Ship and Frigate, in a situation where the Row Gallies could not probably act with Effect, any Application to Cap<sup>t</sup> Nicholson or the Congress would, it is thought, be useless. We have no Doubt but the Congress would, if it was in their Power, order a Frigate or two round from Delaware, but, from what we are informed, it is impracticable to get them out, there being, according to the last Accounts from Philadelphia nine Men of War within, or about the Capes of that Bay, they have been too successful in their Depredations on the American Trade. As soon as we can get any of our Row Gallies ready they will be ordered down, in such a Situation, that they may be easily collected to take the Advantage of a Calm and with Orders to act in Concert with yours, it is our Idea that, in a Calm, an Attack might be decisive against a Man of War, and that if the Row Gallies should be worsted, they might, almost certainly retreat. We have only the Number of eighteen Pounders, appropriated by our Legislature, to our Forts; some of our Gallies would well carry twenty four's perhaps thirty two's; the Congress agreed with the Mess<sup>rs</sup> Hughes's for a great Number of heavy Cannon, some of which, we hope, will soon be made, we propose to apply for a few of them for our Gallies, and shall write pressing to the Contractors to forward them. We look on this State equally interested with yours, in the Defence of the Bay, are heartily disposed to contribute to it, and are indeed sorry that it is not in our Power, jointly with your State to effect it.

Major Adams tells the Council and myself that several Virginia and Pennsylvania Officers are recruiting with you, and that they even go so far as to inlist People's Servants. This unfair Practice we are determined to prevent and I have resolved, with their Advice, to publish a Proclamation against it. We may strip our Country of every Man in it able to bear Arms, and not furnish our Quota still. If nothing less will do to prevent this ungenerous Proceeding it is the Desire of the Council and myself, that you give Orders to the Maryland Officers to take away every Man inlisted in this State by the Virginia and Pennsylvania Officers, and keep them in our Battalions, whether Freeman or Servants. If any of the Officers of the sixteen Battalions are recruiting, we do not intend to obstruct their inlisting Freeman, but they have no Right, nor are to be permitted, to inlist Servants or Appren-

tices. Be pleased to make this Resolution known to the Vir- c. c.

Sir: I promised the Officers of our State passing thro' this Town to write to you on a subject that gives them much Concern. They have no Commissions and they say Government engaged to send them to this Place, and if they are taken without they will be treated as private soldiers. I could wish they might be satisfied.

Congress being informed to day by Gen<sup>l</sup> Schuyler that 100 men of Col<sup>l</sup> Richardson's men were now in this City have ordered them up to Camp, and given you a Power to detain 100 or as many out of any other men of any of the weaker Battallions in Maryland as are here of that Battallion.

An Act of Parliament has to day been received making it Felony for our men to fight on the ocean ag<sup>t</sup> the King of Britain. I have not seen or heard it. Mr. Smith has, but does not remember it well enough to give a particular Acc<sup>t</sup>

The Enemy are landing their Cannon &c. on Staten Island supposed to be for an Attack on this Town. This D<sup>r</sup> Wetherspoon hath this day rec<sup>d</sup> advice off.

I am afraid the 2000 arms will not be granted by a Lre. from Mr. Lee of the 20<sup>th</sup> Feby. from Bordeaux in his way to Paris. Burgoine with 10,000 Germans & 3000 British Troops are to attack Boston; How Philadelphia, Carlton the back settlements &c, yet we will take every favourable opportunity we can to procure them. This will be from Carlisle I imagine.

I need not apologise for the Delay of the Express. My Colleague and myself have done all we could to send him off sooner but the House have been 3 Days squabbling ab<sup>t</sup> what might have been done in three minutes.

Dear Sir

I have seen with a good deal of Concern what appears to me an unfortunate dispute between your Excellency and Cap<sup>t</sup>

Nicholson in consequence of his having followed the example c. c. of his Brother officer who have for sometime been Impressing men into the Naval Service of the Continent in this Port.

The practice of Impressing Seamen cannot be supported on any other principle then necessity and I am confident it is a practice as pernicious to the Commercial Interests of a Country as destructive of the Civil Liberty of those Individuals who become its Victims, under these opinions you will readily see I cannot advocate the measure, nothing but the prospect of great Public advantages to result from a well manned navy wou'd have induced me to be silent whilst these things were doing here, but it was properly the business of the Executive power of the State to notice & stop the practice, they have not interfered & that probably because they saw & considered the force of necessity, perhaps as great disadvantages might have resulted to the State of Maryl<sup>d</sup> had you only checked this business so far as it had come before you by Complaint from Individuals whose particular situations or Circumstances might have called for exemption & protection, remember I don't offer these as fixed Sentiments or as proper considerations in a settled peaceable Government, because I know they are inconsistent with it but in times of Invasion & War especially such a War as ours, it seems to me that forcing out Militia against their will which I believe to have been much practiced is an equal infringement of Liberty with the Impressing of them for a limited time per the Naval service yet is to be observed that, it has hitherto been the practice at the end of every Cruize or Voyage made by our Continental Ships the men have had their liberty again, in the British Navy they are generally impressed for Life. Thus much in Paliation only, with respect to Cap<sup>t</sup> Nicholson he certainly deserves severe reprehension, the terms of his letter are quite unwarrantable & not a single member of Congress offered to support him, you will see that the Resolves of Congress place him in your power so far as he values his Commission & at present he is at the head of the American Navy but I think the dispute unfortunate because I have been taught to believe him an excellent & Capable officer, the loss of such a one will be a real misfortune to the Continent & yet I think he ought to be dismissed unless by satisfactory submission he atones for the offensive Stile of his letter which I suppose to have been written in warmth inflamed by the Violence of that Species of Whiggism that savours more of passion than true Patriotism, I am told he is of a high Spirit and that it is doubtful if he will make the Confessions he ought. I wish not to be guilty of an improper interference & shall only repeat that if he was dismiss'd the service it will be a heavy

c. c. loss, especially as the next in Command (Cap<sup>t</sup> Manly) is vastly his inferiour in abilities, & knowing as I do how much your Excellency wishes to promote the Service of America, I cou'd not refrain from mentioning my notions on this Subject. There is also another matter that gives me concern & that is the detention of Continental Troops on the Eastern Shoar to keep Forces in order at a time when Gen<sup>l</sup> Washington cou'd strike a Capital stroke was he reinforced by those & others that ought to join him, I wish you wou'd think of this & order them to march on, other means may be found to keep the Forces in order there, you will merit & require the thanks of the continent if you think proper to improve this hint, the resolve of Congress for detaining them was obtained in consequence of your letter to me on that Subject. The Arms that came on the Ship blown up at our Capes I am told are pretty generally damaged in the explosion, the Continent had 2500 on board & for your State 500, but the Packages are all blown to pieces and the muskets mixed therefore of what is saved we must receive in proportion & I am now sending for the whole to this City to have them put in order & divided, that done I will inform your Excellency or the Council of Safety & deliver what I receive as my proportion to their order.

The Continent also rec<sup>d</sup> when at Balt<sup>e</sup> 52 bbls of the Powder I imported for your State, supposing it theirs, I will get an order for it & send the same down, for I think that Powder is still at Baltimore.

Sir

I take the Liberty to inclose to your Excellency a Letter written by Major Forrest to Col Rumsey on the Subject of the Officers Commissions.

Many of them have passed thro' this Town in their Way to Camp and are exceedingly uneasy at not having them, they continually wait on the Delegates agreeable to the Expectations hinted at in the inclosed Letter and are greatly disappointed and much dejected at marching up without Commissions as they say they will be used but as common men without them if they have the Misfortune to be taken by the Enemy.

Another Source of Discontent arises from the giving those Commissions Dated the 9<sup>th</sup> of April last to whom Commissions were before given by the Commissioners on the 10<sup>th</sup> Dec<sup>r</sup> 1776 they say they have been in the publick Service from that Time and it is hard they should lose both their Rank and Pay

A like Complaint is made by such as were appointed by the Commissioners they think their Rank and Pay ought to be from the 10<sup>th</sup> Dec<sup>r</sup> 1776 as the Want of Commissions was the only Reason they were not made out for them.

At their pressing Entreaty I have a Second Time wrote to your Excellency and if the Matter appears to you of the same

c. c. Importance as to them beg you will send up the whole Arrangement to the Delegates and the Sentiments of our State relative to it I have promised them that if agreeable to you they should be sent to Camp.

I only wait for the Arrival of M<sup>r</sup> Paca to decamp, he is not yet arrived or your Excellency might not possibly be troubled on the Subject at all by

Sir.

Inclosed you have a Resolution of Congress of the 19<sup>th</sup> Ap<sup>l</sup> It was thought necessary for the Security and Quiet of the Eastern Shore, that a small Body of Men should be ready on the Spot. Col<sup>o</sup> Richardson's Battalion is ordered on this Service, and we are persuaded, if we can soon raise the 300 Militia, and the lower Counties the 100, they will, together prevent our being disturbed by a small Force and may, in Case a more formidable one should be sent there, serve as a Body for the Militia at large to resort to. Col<sup>o</sup> Richardson is of Opinion with us that the 300 had best be composed of 5 Companies consisting of 1 Captain 2 L<sup>ts</sup> 1 Ensign 1 Drum & Fife 4 Sergeants 4 Corporals and 46 Privates each, and that as Somerset and Worcester lie most convenient to reinforce this Body, the Militia be got, if possible from the other Eastern Shore Counties, which will be at about the Rate of half a Company from each Battalion, a Number that can be easily spared. You will therefore call your Battalion together, and you and the other Field Officers of it, are to recommend a proper Person to us for a Captain and another for Ensign of a Company, and assist them all in your Power to enroll 30 Men who, with 26 to be enrolled by the two Lieut<sup>s</sup> from some neighbouring Battalion are to form one of the Companies. The Commissions shall issue on the Men being raised, a Cap<sup>t</sup> 20, first Lieut<sup>t</sup> 14, 2<sup>d</sup> Lieut<sup>t</sup> 12 and Ensign 10, and the Officers to rank as they shall enroll their Quotas.

We shall endeavour to supply the Militia with necessary Cloathing on the same moderate Terms as the Regulars; we have Tents to supply them with, and they shall be well treated in every Respect, and receive the same Pay as the Continental Troops. If any should supply themselves with good Musquets and Bayonets, we will make an Allowance of 10/ to such. As soon as the Men enroll, their Officers are to march them forward to join Col<sup>o</sup> Richardson in Somerset County. You will be pleased to acknowledge the Receipt, as soon as it gets to your Hands and as soon as possible, advise us of your Success, no Time is to be lost and if this Method, contrary to our Hopes and Expectations, should not succeed, some other must be fallen on. Sir

We received your Letter of the fifth Instant by the Post, directed to the Governor. We feel no Inclination to impose Terms of Concession inconsistent with the Honor of a Gentleman or Officer. Your Letter of the 25<sup>th</sup> of April conveyed an Affront to the Governor and Council; Your explicit Disapprobation of your Conduct in Writing that Letter, is but a necessary Attonement and will, as to us, be satisfactory, the Terms are left to yourself. The more Attention the Affair of impressing Men without the previous Allowance of the Legislature of this State, is viewed with, the stronger will it be seen to be our Duty to prevent it, and if any on Board the Frigate have, through Force or Fear, been induced to sign the Articles or receive the Bounty, we insist such be discharged for Freedom of Will is essential to the Validity of every Inlistment. The Apprehension that the other Officers would decline the Service, if you should not go in the Ship, has no Influence on us. We should be sorry to see such a Spirit take Place in any Body of Officers, and should assuredly rather meet than give Way to such a Humour. We are Sir &<sup>ca</sup>

Sir

We find on Examination, the Circumstances concerning the Money left in the Hands of the Committee are a good deal perplexed. We intend to be in Baltimore soon, and, whether we touch that Money or not, give Directions as to what may appear to us immediately necessary, a Well will certainly be so, and we desire you would hire People and have a good one finished as soon as you can. If Cap<sup>t</sup> Gailbrath nor the Commissary can give you an Account of the Stores we are desirous you should take an Account yourself of what you take into your Care, that merely delivering up the Stores may not be a Settlement of the Account of them. You will, as you propose remove them to the Point, if you judge that the safest Place.

Inclosed you have an Order to furnish you with Linen for Hunting Shirts and Overalls for the Artillery Companies in Baltimore. We have given M<sup>r</sup> Dorsey a Captain's Commission as you desire, we have not filled up the Lieutenancies as your dropping the Matter with the Recommendation of M<sup>r</sup> Dorsey makes it desirable to see you before we make any further Appointment. M<sup>r</sup> Handy who has been very strongly recommended to us, in a marching Regiment, is desirous of serving in Dorsey's Company, and we are inclined to gratify him with such Post as may be most proper in all Circumstances.

Inclosed you have a Copy of a Letter we received from the Board of War. We have given Orders for the Removal of the Prisoners to Hagar's Town, and request your Attention to them; we shall remit you Money to pay the necessary Expences. The Officers, if any, are, under the Resolutions of Congress, to receive two Dollars, and the noncomissioned Officers and Privates 10<sup>!</sup> per Week, for their Subsistance. We are sorry to be obliged to trouble any Gentleman with this Business, without consulting him, but we know of no Body who will more likely than yourself, take the necessary Trouble or conduct the Matter to more general Satisfaction. If any Difficulties should occur, be pleased to advise us of them. We should have sent these Prisoners to Frederick where there's already some sort of Provision, but having great Part of our Powder there, we think it very improper.

The taking, or refusing the Oath of Fidelity to this State was proposed by the House of Delegates in the Tory Bill as a Criterion by which to determine the Person's Attachment to this State, but that Part of the Bill failed; Wherefore we cannot consider a Refusal to take it so criminal, as to be a proper Ground to arrest the Party. The Prisoners we discharged took it, but it was a voluntary Act. If there should be just Grounds of Suspicion of an inimical Design against the State,

entertained by any Person we think we have the Power, and c. c.  
on its being made known to us, shall most certainly order  
such to be arrested and dispose of them in such Manner as we  
may think, will render the Public safe, but this Power, to be  
exercised on our Judgment, we cannot commit to any other,  
We think it will be the best way to have the Arms taken from  
the Insurgents, or surrendered up by them, fairly appraised  
and, as soon as may be, put into Repair that they may be fit  
for Use in Case of Necessity. There being no stated legisla-  
tive Provision for Horse, we think it best that you have the  
Accounts stated as you judge just and right, and, as the  
General Assembly is properly the ultimate Judge of the  
Account, pay off rather within your Estimate We approve  
your Discharge of the Prisoners you mention, on the Terms  
you let them at Large, they being as we suppose, People of  
no great Influence. We shall soon send over a Commission

We are sorry that there should happen any Ground of Complaint, but shall, most surely, duly attend to any that is well founded. The Public have much Confidence in the Row Gallies, they are too backward, partly for Want of Cordage; the Price of every Thing is rising shamefully; we wish you to secure a Quantity of Hemp as soon as possible, if it cannot be certainly got under, at £3 15 0 or even at £4. If the Philadelphians take it into their Heads, and they may probably do it, they'll run up the Hemp to, perhaps 5, 6, 7 or 8£ in Frederick in a Hurry, they have no Bounds and we must have Cordage for the Row Gallies, we wish you to secure 10 or 12 Tons quickly.

From this we expected that our Medicines had got to Baltimore and desired M<sup>r</sup> Duvall, when he went up to Baltimore last Saturday, to enquire for and order them down, they being much wanted, but on his Return, he could give us no Satisfaction about them. It would have given us Pleasure, more on the Captains Account than our own, if we could have wrote you long ago, that he had frankly made us the Satisfaction we had a Right to expect; but we cannot but see from his Letters, that he has no very good Will to make Concessions and that though his Friends as well as the Congress, think his first Letter justly reprehensible, he shews little Sign of a real Concern for having written it. Whether Cap<sup>t</sup> Nicholson apologizes for the Affront given or not, is of but little Consequence to us, and as we believe the Congress have Expectations from him as an Officer, we wave the Point of Satisfaction to us; but as to the Discharge of the People, on which he has avoided to give us the least Satisfaction, not having said one Word on it in his Letters, we hope and expect a peremptory Order for the Discharge of such as have been impressed and that it may be done in such Manner as will give full Assurance to us that the Thing is done.

We have sent M<sup>r</sup> King the Bearer of this, for the Medicines belonging to this State, which were lodged in M<sup>r</sup> King's Store at Petersburg. Your S. Beall promised to be so kind, as to forward them in some Vessel, bound to Bal<sup>t</sup> with Directions to be lodged here, but our Necessities are so pressing that we have sent on purpose imagining that there has not been Time, as yet, for M<sup>r</sup> Beall's Orders to have had any Effect. You are to proceed in the Plater to York River in Virginia, from whence you will go by Land to Williamsburg and deliver the Letter given into your Charge to Mess<sup>rs</sup> Norton & Beall, if our Medicines are there you will remove them with great Care on board your Vessel and return with them with all Dispatch. If the Medicines still remain at Petersburg, you are to go there and apply to M<sup>r</sup> King, in whose Store they are, for them, and bring them to Williamsburg and so across, unless Mess<sup>rs</sup> Norton & Beall should recommend a different Method, if they do, you'll proceed as they think best, we imagine a Boat may be had, if necessary, in the Neighbourhood of Williamsburg, to go to Petersburg. The Medicines are of great Value to us, and the Packages and Vessels which contain them, subject to break, therefore your greatest Care is expected. M<sup>r</sup> King may want an Order from us, if desired, you will give a Receipt on this.

We have ordered a Number of Jackets from Baltimore to this Place with Intention to cloath the Troops who are to march, it is the first Object, many have been marched off very illy provided and some almost naked, it is a great Discouragement to the recruiting Service, it is of vast Consequence to fill up our Quota as far as possible and we consider well cloathing the Troops as soon as inlisted, as a Step towards it.

You may be assured the Artillery Companies shall soon have our Attention.

Cap<sup>t</sup> Walker requested our Directions to you, as to finishing the upper Works of the Vessel you are now building for the Public, whether we would have it done in the Ship or Galley Fashion; he says he thinks it would not be inconven<sup>t</sup> to you to delay the Finishing of her 'till the one Cap<sup>t</sup> Walker is in is rigged, if so we should be glad you would delay it 'till an Experiment can be made, by which it may fairly be determined which is best We cannot procure men for those already in the Water, so that the Public will not suffer by the Delay. If you cannot, with Convenience delay the finishing, we are inclined to think it best to do it in the Manner of a Ship.

Sir.

We have received the Resolution of Congress empowering us to appoint Superintendants of the Press, but were not informed of the Necessity of a new Appointment, 'till by M<sup>r</sup> Calhoun, who mentioned it to the Governor in Frederick Town last week, but he could not tell who, except M<sup>r</sup> M<sup>c</sup>Kubin would probably act, and promised, if he should be able, on his Return to Baltimore, to mention Gentlemen of Character who would attend that Service, he would do so by Line. We inclose an Appointment, too much by Guess. If any of them will not undertake the Business or should grow tired, we shall be obliged to you to enquire and advise us who may, with Propriety, be put in the stead of such.

The Congress have said nothing further to us relative to the Qualification of the Superintendants, than what is contained in the Resolution itself; we imagine the Oath being taken before a Magistrate and in your Presence, and so certified and transmitted by you to Congress and a Duplicate to us, will be fully Satisfactory and therefore we recommend it.

Sir.

We are obliged by the Trouble you have taken to furnish us with the Size of the Barracks, and the Account for printing the Continental Money but you have not been quite so particular in the Discription of the Barracks as we wished, how many Men to a Room, and how are their Beds contrived some Account of the Officers Barracks. We inclose you a Copy of

c. c. the Letter we received from the Marine Committee and Copy of Resolutions inclosed by the President; we were not furnished with the Resolution of Congress for the Discharge of the Men; if any such passed it was omitted to be sent by the President and Marine Committee. M<sup>r</sup> Lewis has very much mistaken the Council. They and I were sensible of the Indignity offered by Cap<sup>t</sup> Nicholson in his first Letter inclosed to Congress; after the Proceedings of Congress, we received Cap<sup>t</sup> Nicholson's Letter of the 5<sup>th</sup> of May, which we inclosed to the Marine Committee. M<sup>r</sup> Lewis was in Town and was several Times in the Council Room; that Letter, he must know was not satisfactory; he was desirous, indeed, that it should be accepted as such, and represented Nicholson as not being so blameable as he seemed to be. M<sup>r</sup> Lewis may recollect that he told the Governor, Nicholson had told the Marine Committee that it was impossible for him to man the Frigate without impressing Men, and that instead of discouraging it, they seemed rather to approve, and this agrees with Nicholson's first Letter where he says "I do not pretend to plead the Orders of Congress for what I have done but will say if I had not Reason to think Congress would not disapprove of it I should not have done it." After all the Conversation that passed between M<sup>r</sup> Lewis and the Governor & Council, our Letter to Nicholson of the 8<sup>th</sup> of May, was shewn to M<sup>r</sup> Lewis, he waited some Time for it and carried it himself intending, we have no Doubt, to influence Cap<sup>t</sup> Nicholson as far as he could, to comply with the moderate Terms we required. We have not since received any Letter from Cap<sup>t</sup> Nicholson, except his of the 12<sup>th</sup> Ins<sup>t</sup> which we inclosed to the Marine Committee. How was it possible for M<sup>r</sup> Lewis to imagine the Council were satisfied with Cap<sup>t</sup> Nicholson's Letter of the 5<sup>th</sup> after reading ours of the 8<sup>th</sup> nor have the Council or I had any Intercourse with M<sup>r</sup> Lewis or Cap<sup>t</sup> Nicholson, since Nicholson's Letter of the 12<sup>th</sup> which you may see, by our Letter to the Marine Committee, we do not esteem a very genteel one. The Discharge of the Men is the Point we set out on and will not be diverted from it. Nicholson may perhaps have discharged them, but we do not know that he has he has never told us that he had or would; two Men we know were discharged, but as they and their Securities represented, on the Terms of giving Security in 40 Dollars each to return again in a short Time or find a Man each, and this two or three Days after the Service of the Order. We have waved the Point of Satisfaction to us, in our Letter to the Committee, not that we thought Nicholson had complied, but we are unwilling to be the Occasion of dismissing an Officer, from whom many have great Expectations.

Sir

We received yours of the 26<sup>th</sup> Ins<sup>t</sup> and are of Opinion that there is no need of a Commission issuing to the Clerk; there does not occur, in the Constitution & Form of Government, any Expression from which it can be infer'd that a Commission is necessary, but that Part which says "the Clerk shall hold his Commission during good Behaviour." the Word Commission there, we think, must be understood in the same Sense as Office, which it has with Regard to the Chancellor.

We do not see how the Commissioners can go on with the Nomination of Assessors; it seems as if they were restricted to the Times mentioned in the Act for the Execution of this Part of it, yet should we have sent up a Commission as you desired, though it might have been the Ground of Dispute for querulous People, but that the Assembly is to meet the 11<sup>th</sup> June, when it will be necessary to aid in some Cases not very unlike this, and this may then with Convenience, be put on such a Footing as to prevent any Dispute

On considering the Subject of your Letter of the 25<sup>th</sup> we find ourselves a good deal embarrassed; if it could be done with Propriety, we should gladly send you another Commission with an Addition of two Gentlemen who would act with you, as such an Addition seems desirable by you and is probly so to Mess<sup>rs</sup> Brown and Thompson; but we think issuing a new Commission whilst one is subsisting which may be executed, is irregular. If you have proceeded in the Execution of the Commission, we do not think we can send another, but will send a Commission to a Clerk, if the Gen<sup>t</sup> will recommend; was a proper Person to be got here, we should, on your Intimation of your Difficulties on this Head, have commissioned him immediately. Sir

Cap<sup>t</sup> Handy tells us that he understands from Maj<sup>r</sup> Smith that he got 400 Shirts, 400 Jackets & Breeches and 100 Coats. We now send a Boat to Bal<sup>l</sup> for 100 Tents, which we suppose will be sufficient for the present, and, on her calling here, intend to send you Stuff & Buttons for 150 Coats, 100 ready made Shirts 6 p<sup>s</sup> Osnabrigs to make about 300 Overalls & 40 or 50 Camp Kettles, we would send more Stuff for Coats, but our Stock will not allow it; the Boat shall, as soon as we get the Things in, proceed to Cambridge. We approve your Design of sending the Sick & Baggage by Water, but it is out of our Power to send you Vessels for that Purpose, you will therefore endeavour to obtain them. We can furnish you with Powder & Lead and, we believe, with Cartridge Paper, but we have no Stock of Cartridges made, nor is there any Body employed for making them, as we know of; the Continent ought to furnish the Ammunition and if you'll send us an Estimate of the Quantity, we will endeavour to get it from the Public Stores in Baltimore, it is much more agreeable to us to do so, than to supply it and Charge it. We do not think it can be expected that the Officers should find Horses for Expresses and therefore think as they will be necessary, you

c. c. would do well to buy half a Dozen on the Account of the Continent at once. As to Carriage we have more Difficulty about it; The Expence of buying Waggon & Horses on the Uncertainty whether they may be useful or not, seems not to be justifiable and the Neighbourhood can illy supply Carriage on an Emergency. If a few Waggon, sufficient for the ordinary use of the Troops, could be hired, and to rely partly on what Teams could be collected, if it should be necessary to move; we think it would be cheapest and best. We think it essential that a good Commissary should be got, we can supply a good Deal of Biscuit and some salted Provisions, we think it likely the Troops would be best supplied by a clever, active Man having this Department to lay out the Money in purchasing, and having a Man or two to distribute the Provisions; if you know of any such, do mention him. We believe very little is in our Power as to Nails and Carpenter's Tools, but so far as we can, we will assist you. We think it will be best to keep Necessaries beforehand for the Supply of about 100 Men more than you may have, as those who join you may be immediately dressed and furnished. We do not think we can so far interfere as to take away the Servants purchased by the Officers of the 16 Battalions, but, as they have no Right to take them away, under the late Act, we are determined they shall not take People's Servants from them under Colour of it. Cap<sup>t</sup> Coursey happened here, your Complaint of his enlisting Jn<sup>o</sup> Payne has been mentioned to him, he says he has not enlisted him, but on his Application, not knowing that he was enlisted in your Regiment, he mentioned him as an Officer for the Row Galley, but that he has never had his Service at all, that the Man is at home & that you may have him at any Time. We have spoke to Col<sup>o</sup> Price about the two Recruits, he is just come to Town and says they were sent over by a Sergeant. We will enquire and if not delivered, inform us of the Reason. We fear you will not get the Arms from M<sup>r</sup> Morris, they are carried to Philadelphia to repair and he is doubtful whether the Congress will suffer them to come away, if not, and Winters does not put his in Order, we must endeavour to arm you though we have barely sufficient and these will not be to your Satisfaction. We believe there is no Continental Muster Master in this State, if none, we will appoint some Body to muster the Men. Gen<sup>l</sup> Smallwood is expected here in a few Days we intend to give him Memorandums from your Letter and get him to push at Philadelphia for Arms and to obtain what other Things we cannot supply with Convenience. The Preference given to the 16 Battalions, is mortifying to us, as well as to you. Jos<sup>h</sup> Warfield, who is appointed a 2<sup>d</sup> Lieu<sup>t</sup> in your

Reg<sup>t</sup> was an Ensign in Col<sup>o</sup> Hall's Reg<sup>t</sup> is now at Camp and c. c. a clever young Fellow. Mason is appointed a 1<sup>st</sup> L<sup>t</sup> in Col<sup>o</sup> Gunby's Reg<sup>t</sup> they were advanced by us and we did not doubt their having Notice of it. Thomas Jones stands in the Original List sent us by the Assembly, which is all we know of him. From your not mentioning our Letter of the 14<sup>th</sup> May, we suppose it has not reached you, inclosed is a Copy of it; we shall attend to what you say about your Officers. We send you 4000 Dollars and the Amount of your Advances. We approve what has been done by you towards subsisting Cap<sup>t</sup> Foreman's Men and it may continue the little Time you stay, but Cap<sup>t</sup> Foreman had better look out for some other Way against that Time, for we shall not choose to part from the rest of our Provisions, if any left, or be connected in any manner with his Acc<sup>ts</sup> We are &<sup>ca</sup>

Sir,

We are very desirous of getting the Chester Galley fitted and much obliged to you for the Trouble you have taken to forward it. Lux and Bowley wrote us some Time since that they would give us the Preference of their Cordage at £7 10. We accepted, but indeed, as yet, have got little or nothing of it. M<sup>r</sup> Lowndes is now at work, we believe, solely for us, and at about that Price, but he will not be able to furnish us so far as wanted; yet if we give £14 for any, we suppose we must for all, for this Reason, and as Hynson's Quantity would go but a very little Way, we choose not to take it, at this Price. If Lux and Bowley do not go to Work for us soon, the Frigate now being gone, we intend, rather than be at the present Pass, to set up a Rope Walk for the Public and are satisfied we should, even in different Management, save a good Deal of Money.

We have no Prospect of being able soon to get the Row Gallies which we have already commissioned, rigged or

Extraordinary Expence of her Outfit and Hands and it seems c. c. as if on Acc<sup>t</sup> of the Cargoe, the Cap<sup>t</sup> was instructed to be cautious. It is obvious that navigating with so many Men, will always swallow up the Profits of her small Cargoes and therefore we think it will not be worth while to send her with 40 Hh<sup>ds</sup> Tobacco. In our present view of Things it would be most prudent to fit her out for a Cruise at once and have wrote the Captain to bespeak the Shrowds, which will be necessary either for trading or cruising, and come up to us. We hope to hear soon that the armed Brig is drove out of the N. Channel. The 20 Blankets will go such a little way towards satisfying the Demand, that we decline sending for them. Cap<sup>t</sup> Kilty does not choose to go in the Lydia some of the Men refuse to go and others of them we fear, are not to be trusted. On considering the Letters of Colonel Joseph Dashiell to the Governor dated the tenth Instant, his to Colonel Richardson dated the ninth, and Colonel Done's letter to Colonel Dashiell dated the same Day, It is ordered that there be two Detachments from the twenty fourth Battalion of Militia of two Companies each, to be commanded by a Major of that Battalion,

c. B. that the first Detachment be composed of Capt<sup>n</sup> Postley and Capt<sup>n</sup> Ratcliffe's Companies, and the second Detachment of Capt<sup>n</sup> Robin's and Capt<sup>n</sup> Cox's Companies, those Companies being the most convenient to Sinnamon Inlet, that the said Detachments be kept as a Guard at the said Inlet, the first of them for eight Days, and then to be relieved by the second who shall also continue eight Days unless as expected, they should be sooner relieved, or the commanding Officer should think it unnecessary to keep a Guard Longer there.

Ordered That Joseph Bruff of Talbot County deliver to the order of Col Dashiell or Purnell all the public arms in his Possession that are repaired, taking his Receipt for the same.

Sir,

Col<sup>o</sup> Jos. Dashiell wrote the Governor and also sent forward Col<sup>o</sup> Done's Letter to him, from whence it seems necessary that a small Force should be kept at Sinnamon. We should have been glad that Col<sup>o</sup> Richardson's Regiment was in such a Situation that a Part might have been ordered down, but they really are not, they have not yet got Arms, we shall get them armed and fitted as soon as we can and hope to have them soon ready, if it should be necessary, to continue a Guard to take the Place of the Militia. Col<sup>o</sup> Done & Col<sup>o</sup> Dashiell seem to think it necessary to enlarge the Battery on the South Beach. Col<sup>o</sup> Dashiell suggests the Advantages of a Row Galley or Gondola or two; we are inclined to believe a Vessel or two of that Sort might be more effectual than the Battery and propose, for Consideration only, whether a large Scow or two used for transporting the Cattle from the Beach might not, by adding strong Timber to defend the Men from the Enemy's Shot, answer the same Intention, in carrying a Piece or two of heavy Cannon, perhaps the heaviest that can be got with you, as well as a Number of lighter Pieces. We should be glad you, Col<sup>o</sup> Dashiell, & Col<sup>o</sup> Done, before any

further work is made on the Beach, would consult on the Propriety of a Kind of floating Battery. We shall be glad to hear from you. It may not be convenient for every Man of these Companies to go out at once. Where it happens so (being desirous of consulting the Ease & Convenience of the People, as far as may be) if any such will find another good Man in his Stead, we would have him accepted. We are informed that M<sup>r</sup> Joseph Bruff of Talbot County, has near an Hundred Arms in his Hands, which were collected last year for the Flying Camp, we suppose they are not very good; if you cannot get better supplied, we have wrote to him to deliver them to your or Col<sup>o</sup> Dashiells Order; if you take them, you will be careful that they be not lost. We have received your Favor of the 10<sup>th</sup> Ins' inclosing your Letter to Col<sup>o</sup> Richardson and Col<sup>o</sup> Done's Letter to you, upon Consideration of the Subject of these several Letters, have ordered two Detachments of the twenty fourth Battalion of Militia in Worcester County to guard Synepuxent Inlet alternately eight Days each, under the Command of a Major of that Battalion, which Expedient, we hope will answer the Ends of securing that Part of the Country from the Depredations of the Enemy and preventing their taking Possession of the Inlet, should that be their Design at least until further Aid can be offered.

Col<sup>o</sup> Richardson's Regiment is at this Time, very illy provided, being without Arms and almost every other Necessary to take the Field, but we expect that in a few Days, and before the Time limited in our Order for the Service of the Militia is expired, this Regiment will be in a Condition to render very effectual Assistance, should any further Reinforcement be requisite.

We are informed that there are a Number of Arms in the Keeping of M<sup>r</sup> Joseph Bruff, belonging to this State and we have wrote to him by this Opportunity to deliver them to your or Col<sup>o</sup> Purnell's Order for the Use of these Detachments, if they cannot be otherwise more conveniently accommodated.

As you inform us that the Conqueror is now fit for Service, we are desirous that her Efforts may be exerted to clear the North Channel of the Capes of the armed Vessels which we are informed have lately infested it, we presume you are stronger than any of them. We learn that the Frigate Virginia lies in York River, wherefore you will first go there, advise with Cap<sup>t</sup> Nicholson as to your Plan, from him get Assistance in Men, if necessary, and act in Concert with any Force that he may have the Direction of. We expect that some of the Virginia Galleys may probably join you, but we do not intend by this Instruction to take from you or your Officers, any Part of the Command on Board your own Galley, but only that you act as one Vessel, if any join you, under the general Command of the oldest or superior Officer, if any older or superior to yourself. If the Virginia is gone, so that you cannot consult with Cap<sup>t</sup> Nicholson it will be well, if you can, to get one or more of the Virginia Gallies to join you Get a good Pilot or two, if to be had; write us, if any Opportunity and by all Means cultivate a good Understanding with those who act with you, and remember that nothing can be more dishonorable than Disputes about Punctilio's so big with Disgrace & Ruin to our Cause and Country. We expect your Stay to be but short, we rely on your Discretion and wish you Success and Honor.

[Council to Col. Richardson.]

In Council 17<sup>th</sup> June 1777.

Sir.

In answer to yours of the 13<sup>th</sup> by Cap<sup>t</sup> Emory we expected you would make Use of our Provisions, as we supposed you could not be otherwise furnished. A Commissary will be immediately wanted. Cap<sup>t</sup> Emory tells us you had some Thoughts of employing your Quarter Master in that Department; we have no Objection to him or any Body you may approve, but imagine the Congress will not approve both Trusts being in the same Person. If you have not a Man more to your Mind, John Draine has been mentioned as a proper Person, he, last year, acted for Cummings on the Eastern Shore and perhaps, some of your Officers may be able to inform you how he acquitted himself. If you can go to Philadelphia we think it the most likely Way of getting Arms to your Satisfaction and other Articles you stand in Need of, such as we can supply, we send by Cap<sup>t</sup> Emory with a List; we have been disappointed in the Tents we are sorry they are no better, they are all alike. We have reminded our Delegates of the Arms from Time to Time but hitherto, without Success, yet we think your personal Application would obtain them for your Battalion and probably, as we wish, for the 300 Militia. If they should be ordered, unless some Body is on the Spot to receive and attend to them; they may be half the Summer in getting down. We shall send you more Tents as we get them; if you get better at Philadelphia, these may be returned. There is Powder & Lead in the Magazine in Talbot, take thence, what may be immediately necessary; perhaps you may get the Cartridges you want in Philadelphia; we have but few Cartridges and those of uncertain Sizes. We apprehend the £10 for Servants is to be discounted out of the Bounty and first Month's Pay; if a Servant inlisted dies within the month, this State ought to loose the 50/, or what of it is not due from the Continent. As to the Manner of drawing the Pay, we should have no Objection to its being done here, if our Treasury could bear it, but it really will not, unless the Congress will supply it. We do not know how the Money is drawn where Troops are stationed without a Gen<sup>l</sup> Officer to sign the Warr<sup>t</sup> or the Colonel's Abstract, but we imagine if an Abstract was made of the Pay now due there might, well enough, be an Advance of another Month's Pay, and at the End of two Months an Abstract for that Time, the Money due to be drawn and an Advance again of another Month's Pay and so an Advance of a Month beforehand for the Supply of Provisions, Quarter Master's Acc<sup>t</sup> &<sup>ca</sup> We think it would be well, if it cannot be done otherwise, to apply to Congress for

such a Resolution and if it is too prolix or complicated for c. c. their Attention, to give you the Power of drawing on your Abstract from the Treasury in Baltimore, or have Money lodged in our Treasury for the Purpose. We are very unwilling to remove the Officers appointed by the Assembly from one Regiment to another, and have not, therefore appointed M<sup>r</sup> Hindman in your Battalion. From Col<sup>o</sup> Stone's Letter we believe there's no Difficulty in drawing the Pay for the Part of your Battalion now at Camp. As Things are circumstanced it cannot be expected to have the Officers and Men now returned; we presume the not settling their Accounts immediately cannot subject you or them to any Blame and if there should be any Loss, it will not light on you. We think it very likely that you will have the whole of your Battalion together soon, and therefore we have declined adding any Pieces of the other Companies to yours, which would be creating new Difficulties in your Accounts.

Col<sup>o</sup> Price's Adjutant returned without the Drummer, we request you'll send him over, it is very disagreeable to have Contentions about such Trifles and more so to have the same Thing before us over and over again. Gen<sup>l</sup> Smallwood is not yet come, we shall, if necessary, have the Sense of the Assembly, on the old Troops.

William Ward the Post Rider having reported that the Virginia Frigate was taken by 70 Men in an eighteen gun Vessel, Sword in Hand, and that the Marylanders were said, in Virginia, to be great Cowards for giving up such a ship to such a Force, we thought proper to call on him to know the Grounds he had for such News and he says it was so reported at Alexandria, and that one M<sup>r</sup> Chapman of Mill Run in particular, he heard speak of it. In his Journey next before this, he mentioned that he had met with an Express who told him, that he was going to recall the Troops because of a Skermish at York, in which we were worsted. We do not know the general Conduct or Character of William Ward, but, if you do not know him to be well attached, we think this discouraging false News may probably have originated with himself, with the bad Design of discouraging, and that he is improper for his Employment; if it proceeds from Weakness and Credulity, your Caution, with ours, may not be unnecessary.

[Council to Assembly.]

<sup>119</sup> Gentlemen of the General Assembly.

The Resolutions of the late Convention for reinlisting the old Battalion and the Independent Companies, directing one Regiment to be formed of the first and another of the latter. The Men of those Corps respectively who have gone into the Continental Service have been incorporated into the first and second Regiments, but many of the old Troops are yet scattered about, and several of the Officers have represented that they know of some of them who would cheerfully engage in the Service, if they were indulged with the Liberty of choosing in which of our Regiments to serve; The Council and I were inclined strongly, to have given the Indulgence requested, if we had considered ourselves at Liberty to do so, and submit to your Consideration, whether the General Service would not be promoted by allowing any of our Officers to inlist the old Troops, who have not yet come in. The Resolutions for raising the first of the Artillery Companies, ascertained their Pay and Cloathing; The Resolution for raising the additional Companies, allowed several further Articles of Cloathing; The Resolution of the General Assembly of the fourteenth of April last entitles them to the same Pay as the Continental marching Regiments, without saying any Thing of their Cloathing, and the Resolution of the eighteenth of April allows the Marines the same Pay and Cloathing as the Artillery Men, from whence there is no Doubt but that the Allowance of Cloathing was presumed to be alike to every Company and the Officers claim for their Men, the same Cloathing as the Continental Troops are entitled to. It is desirable that some explanatory Resolution might be passed that the Men may have their Accounts fully settled.

We thought it best to send the Molly on a Cruise and thought, from the Opinion several Gentlemen of the Assembly expressed, we should have been at Liberty to do so, but the Assembly think she may be much more advantageously employed in a Voyage to import Salt and Medicines. We have therefore to request of you to procure her a Load of Tobacco as speedily as you can. We would yet have her armed and not so deep but that she may avail herself of her fast Sailing, for she is a favourite Vessel and we wish her by no Means, to fall into the Enemy's Hands. In Council 2<sup>d</sup> July 1777

Sir,

We find ourselves unable to fill up the Vacancies in your Regiments with Satisfaction to ourselves. From the Conversations we have had with you from your Letters, and from M<sup>r</sup> Edmondson's Discourse, we have good Reason to think several of your Officers have been remiss in their Duty and are indeed not qualified in any tolerable Degree. We are empowered by the Congress, to remove any Officers who are not attentive to their Duty, and are willing to do so. We therefore, as soon as it is convenient, wish to see you and are determined to make any such Arrangement of your Regiment as you may recommend and we judge proper; a personal Conversation with you & your advice will be necessary. By the Resolutions of Congress, no Gen<sup>l</sup> in the Army can draw Pay for acting in two Capacities, which occasioned our former Remark. We inclose you an Appointment of M<sup>r</sup> Draine and a Power to Col<sup>o</sup> Harrison to muster your Battalion, as soon as you think proper, to Salisbury or the Neighbourhood of it as you may judge best and keep the whole of it together or divide it as you may see occasion. The View of keeping your Regiment in the State was, as you are acquainted, to be in a

Situation to prevent an Intercourse between the Disaffected in c. c.  
Sussex and those in the Lower Counties of this State to be  
ready to act in either, as Occasion might require and to enable  
you to fill up your Regiment; you will therefore consider  
yourself at large to dispose of your Regiment in such Manner  
as you may judge most likely to answer those Ends. If any  
Thing should occur to make our Advice desirable, we shall  
readily give it, but in general you must be much better able to  
judge on the Spot, than we can be here. We have some  
Provisions in Somerset County, whilst our Stock lasts, we shall  
assist you, but if Cattle could be got and Salt & fresh Provi-  
sions dealt out and dressed together it would be better for the  
Men, for the Salt will otherwise be expended before it will be  
safe to keep the Men wholly on fresh. We have given M<sup>r</sup>  
Edmondson an Order for one Thousand Dollars.

On Cap<sup>t</sup> Cook's Return he reported his proceedings under the Instructions he received from us which were calculated to prevent any Evasion of the late Act and, as far as might be, any Trouble or Inconvenience to those who were not the Objects of the Act. He has also shewn us that the Iron on Board the Schooner Betsey W<sup>m</sup> Trimble Master, the Schooner Willing Maid Caleb Hall Master, the Schooner Liberty James Taylor Master & the Schooner Swan Joseph Forster Mast<sup>r</sup> hath been relanded under your Advice, that the Exportation of that Iron was contrary to the Act. The Circumstances of the Iron which was on Board those Vessels are not fully enough before us to determine whether it might or might not be exported. Cap<sup>t</sup> Cooke tells us that chief of Iron belongs to M<sup>r</sup> Hudson who told him that he was about sending it to Virginia and would do so, though he would give him no satisfactory Reason, or rather, no Reason at all for that his Resolution. We take it that two Sorts of People are the Objects of the Law, Persons from the neighbouring States who have ingrossed Iron &<sup>ca</sup> That Iron is not to be removed out of the State, and Inhabitants of this State who have ingrossed Iron &<sup>ca</sup> with Intent to sell the same again at high and exorbitant Prices. The Intent to sell the same again we take to be an essential Circumstance to prohibit their Exportation. It does not seem to be the Design of the Act to prevent all Exportation of Iron but only to prevent its being hoarded up with a View & Design to make an artificial Scarcity to enhance the Price; therefore if Iron is bought up for immediate Exportation we do not think it an Object of the Act. Whether this or any of it was, for such Purpose, we cannot determine if it was, we think the Exportation of it is allowable, or if it was purchased for Persons to use in Virginia, it seems clear of the Act. If the Fact should be within the Exemption according to our Construction and our Construction agreeable to your Opinion, on the Act, you'll be pleased to give Orders for the Owners of the Iron to have it again, if not we presume it ought to be proceeded against or forfeited. We are &c.

Baltimore the 7<sup>th</sup> July 1777

Sir

I rec<sup>d</sup> your favour of the 4<sup>th</sup> Ins: & observe the Contents, woud Recomend Liev<sup>t</sup> Judah (who will hand you this) as a

proper person, to deal out the provisions, for the Companys c. c. stationed here, I spoke to severall peopole none of which inclined to undertake it for less than one hundred pounds he says he will do it for £60. p year, & belive him to be as Capable to do it as any one in this place, I suppose the Provision will be Cheifly laid in by some other person.

I proved eleven guns a few days ago for M<sup>r</sup> Dorsey which were all good, he desired I wou'd mention to you that he was in want of steel to dress them, which he says the State were to supply him with

I Observe in the last Maryland Gazette that there is an Act to give Soldiers thirty Dollars more then the Continental Allowance. I think the officers of the Artillery may be Able to enlist more men, then any other officers in this place, they can be enlisted to march to the Camp whenever Ordered, & kept at Drill at the Fort, till ready to march, if you think Proper, will Recomend to the officers to git all the men they can which may go into any Regiment you may think proper to Order.

I should be glad to know wheather we can enlist men for the Artillery & give them the thirty dollars Bounty.

I am very sorry that I think myself obliged to mention to you the treatment I Rec<sup>d</sup> from Cap<sup>t</sup> Cook a few days ago which was as follows (when Cap<sup>t</sup> Cook came here from Annapolis, I came in Company from the Point to Town, he did not mention that he shou'd want any Assistance from me) in less than a half hour after he Came to Town he went in a perematory manner without my knowlege & ordered the guards under my Command on board some Vessells, at the County wharfe. as soon as I was informed of it I waited on Cap<sup>t</sup> Cook & told him I did not think he used me well, he told me he had a Right to demand Assistance from me. My Answer was that I was ready & Willing to give all the Assistance in my power to aney Officer in the State, but that I did not think any officer & perticular one belonging to the Naval department had a Right to Command me, or my men without my knowlege unless I had Orders from you.

Cap<sup>t</sup> Cook placed at the Fort one M<sup>r</sup> Gillis (who I was afterward informed was second mate of the Ship) to bring all Vessells too. I was told he went so far as to insist on a Gentleman (going to North Carolina) showing him his private instructions after showing his other papers, & that he had Ordered one of the Serjants to Assist him in stopping the Vessel or peopole without informing aney Commissioned officer his Bussiness there, I then went to M<sup>r</sup> Gillis & asked him if he had Orders to take Command of the Fort, he told me no, I asked him if he had Orders to Act in the maner he did, he told me

c. c. he had them in his pocket, given by Cap<sup>t</sup> Cook. I asked him if he wou'd let me see them he told me no, I then asked him his Reason for not showing them to me he told me that it was Cap<sup>t</sup> Cooks Orders that he shou'd let no man see them.

If I had acted in a line of my duty shoud have put him under Arrest, but Concluded Cap<sup>t</sup> Cook had given such Orders & did not Chose at that time to enter into disputes with any officer belonging to the State.

Had Cap<sup>t</sup> Cook Apply'd to me or any officer at the Fort he might have had every Vessell Stop't without putting himself to the trouble of sending his mate there, which I took in no other light then insulting me, but as I did not know what your Orders were, did not Act in the same manner as I shoud otherwise have done. as I am Confident you wou'd not allow any officer in the State to be Ill treated unless he deserved it) cant imagine you gave Cap<sup>t</sup> Cook Orders to Act as he did.

Annapolis 8<sup>th</sup> July 1777.

Sir.

M<sup>r</sup> M<sup>c</sup>Herd, on his Return, told me of your Friendly Disposition towards the Design on which the Council and myself had sent him to Virginia and Carolina, by which we are very much obliged. Cap<sup>t</sup> Webb called on me with your Letter, I should gladly have purchased the Salt on the Public Account to have delivered it out to the People in small Quantities, if Cap<sup>t</sup> Webb could have thought himself at Liberty to deliver it at 51/, our Currency, the highest Price that the Council and myself thought, from what we could understand of the Cost & Charges, it is allowable to be retailed at, under our late Act. But the Cap<sup>t</sup> thinking himself bound, by your Instructions, not to sell under the highest Price going at Baltimore, was disinclined to accept it. I inclose you one of our Papers, which contains our late Act against Ingrossing & Forestalling, thinking it may not be unuseful to you. If the Practices, which began in Philadelphia, were soon adopted in Baltimore and have been since extended southward, are suffered to continue, instead of 20 Dollars, which I have understood has been extorted in Baltimore, I should not wonder that a Bushel of Salt was up to twenty Pounds merely from the artificial scarcity but I hope Virginia and the other States will take Measures to suppress the growing Evil, else, I am apprehensive, our Cause is ruined.

M<sup>r</sup> M<sup>c</sup>Herd tells me that M<sup>r</sup> Josiah Jordan offered to supply this State with one thousand Pair of good Shoes at two Dollars, to be delivered this Fall; we shall want them for our Soldiers and I shall take it kind that you would let M<sup>r</sup> Jordan know that we will take them, but must be on a Certainty, as to the Time we may have them. Deliveries of Parts at set Times may suit him best and do very well for us. I am Sir &<sup>ca</sup>

In Council 9<sup>th</sup> July 1777.

Sir.

Agreeable to your Desire in your Favour of the 4<sup>th</sup> instant by M<sup>r</sup> Stephenson, we have delivered to him Orders on the Eastern Shore Treasurer for £1000. 313 10 10 thereof, as the Amount of your Account sent us & adjusted by the Board of Accounts, and the Residue to be applied to defray the Charges of erecting the Battery at Sinepuxent and the other necessary Militia Expences. We have no Knowledge of the Accounts you mention to have been transmitted last Fall; the Clerk of the Assembly who possesses all their Papers, is not in Town, and as the Assembly have not, as we know of, given any Directions respecting those Accounts we apprehend they must remain in their present State, until their next Session. The Act of Assembly passed last Session, for regulating the Militia, a Copy of which M<sup>r</sup> Stephenson takes with him, renders any further Notice of the Circular Letter, directing the Raising three Companies of your Battalion, unnecessary. You will perceive, by the Militia Law, the Manner in which the Militia of this State are hereafter to be conducted and that no Commissions can issue until the Lieutenants have divided the Militia into Battalions and Companies and made Returns to the Governor & Council according to the Directions of that Law. Col<sup>o</sup> Richardson we understand is now at

Philadelphia and we have Reason to think he will be ordered c. c. by Congress to Sussex to prevent any future Communication between the Disaffected there and the Enemy's Ships of War. We presume it would not have the desired Effect to begin the Building of a Gondola at this late Season, as the Mischief might be accomplished before she could be finished; we therefore have some Thoughts of sending one of the Gondolas from hence, in Aid of your Battery, if we should think the Voyage round can be effected; in the mean Time, we hope your Battery will continue to deter the Enemy from making any Attempts upon the Inlet of Sinepuxent

In Council 9<sup>th</sup> July 1777.

Sir.

We have appointed Lieu<sup>t</sup> Judah to the Office mentioned in your Letter of the 7<sup>th</sup> Ins<sup>t</sup> and make no Doubt of his discharging the Trust reposed in him with Fidelity. There is a small Quantity of Steel here, belonging to this State, which we expect will answer M<sup>r</sup> Dorsey's present purpose, and which we shall contrive to him by the first Opportunity. It does not seem to us that the late Law respecting the additional Bounty of thirty Dollars exclusive of the Continental Allowance, will justify our adopting the Mode you propose to promote the recruiting Service, in as much as the Law has pointed out a different Plan, and does not allow of any Deviation from it. We have had before us, (in Consequence of your Complaint respecting Cap<sup>t</sup> Cooke) the two Officers of the Ship Defence who were immediately employed by the Cap<sup>t</sup> in executing the Business we had sent him upon; the one his L<sup>t</sup> who informs us that upon the Captain's Arrival in Baltimore Town, he, the Lieu<sup>t</sup> went at the Captain's Desire, to request your Assistance for a Guard over a Vessel which had Salt on board, as represented, with Design of removing the same out of this State, contrary to the Law lately passed against forestalling. That he endeavoured to find you, but not being able to meet with you readily, he then went to the Guard House, enquired for the Officer of the Guard, and finding no commanding Officer there, he requested the Sergeant, who, he was told, commanded the Guard, to aid Cap<sup>t</sup> Cooke with two File of Men, which was cheerfully complied with and that the Men were, in a very short Time, discharged. The other Person (the second Mate) informed us that he went, by the Captain's Order by Water to the Fort Wharf in Execution of the Business before mentioned and that tho' he desired, as a Favour,

c. c. a Sergeant who happened upon the Wharf and with whom he had then made some slight Acquaintance, to do some small Service for him ; he never asked or demanded, or had Occasion to ask or demand, or received any Aid from the Fort, and that he refused to shew his Instructions in pursuance of his Capt<sup>s</sup> Orders which were designed, as the Cap<sup>t</sup> alleges, to obviate the Inconvenience of his being obliged to shew them to Masters of the Vessels who might, perhaps be too curious. We also are informed by Cap<sup>t</sup> Cooke, that he wrote to the Commanding Officer of the Fort to lend his Assistance to his Officer, if it should be necessary, and which corresponds with the written Instructions produced by the Officer. Upon the Whole we apprehend the Information you have had, respecting the Conduct of Cap<sup>t</sup> Cooke & his Officers as mentioned in your Letter, has not been well founded, and, from the best Judgment we are able to form upon the Examination we have made, there was no Intention, on the Part of Cap<sup>t</sup> Cooke, to treat you with any Slight in the Management of the Affairs he had been intrusted with.

Yet if you think this Matter is not properly represented by Cap<sup>t</sup> Cooke & his Officers we shall, if you desire it, make a more formal Inquiry on Affidavits being made, a proper Way, we think, to lay the Foundation of calling on an Officer for his Conduct, which, in some Degree carries an Imputation with it. You may be assured we had no Intention of your being ill treated in any Degree ; we sent Cap<sup>t</sup> Cooke, who was not at all honored by the Commission, and, we believe, he has executed it with the Fidelity and Diligence we expected.

Gent<sup>r</sup>

From your Letter of the 20<sup>th</sup> June, as well as the Information we have from Time to Time received of the Disposition of the British Men of War and armed Vessels, we thought it unsafe to send to Kemp's Landing for our Arms &<sup>ca</sup> however you can better Judge on the Spot and if you think it advisable to risk them immediately from thence, we shall be obliged to you to hire Boats and send them as soon as you can, if you think it imprudent, or cannot immediately get Vessels, we shall be glad you'd order them up to Williamsburg by Water and so across to the Creek which makes out of York. We were getting one of our Boats ready to have sent in a Day or two & shall still send her to Cap<sup>t</sup> David of the Galley in York, with Directions to the Galley and Boat to go up the Creek and wait for the Delivery of the Goods, but if by any Accident they should not get there by the Time the Goods are ready, we shall be obliged to you to hire a Boat or two & send them forward. We were fearful, from your former Letter, the Arms might be injured, though we hoped they were not in so bad a Condition as you mention in yours of the fifth Instant. Presuming the Tin is wanted for Public Use and desirous of assisting our Neighbours in any Thing we can, we agree that the State of Virginia have one tenth Part of the Tin imported.

If any thing must be left, do not let it be any of the Arms, which we fear are spoiling with the rust. If the goods should not have been removed from Kemp's Landing, get Mess<sup>rs</sup> Nortons & Bealls orders, and a Boat or two in James River, and send a trusty Officer or two to bring them to Williamsburgh, to be carted across. Camp at Crumb Pond below Peeks Kills July 24<sup>th</sup> 1777.  
Sir.

As many officers of my Regiment who have rec<sup>d</sup> large sums of money for recruiting &c have resigned their commissions since I left Maryland and as their accompts cannot be settled unless they attend their Regiment, and leaving them unsettled is not only putting me to great inconvenience & trouble but also attended with the worst of consequences to those Officers and Soldiers who remain in Camp as no money can be drawn as pay 'till all the accompts of the Regiments are settled & the recruiting money accounted for. many Companies in my Regiment suffer much by the absence of their officers, and the Regiment in general begins to feel the bad consequences of officers being absent & leaving Accompts unsettled, I have been obliged to draw money in the lump, and make myself liable for it to pay the Reg<sup>t</sup> the Congress positively refuses to let us have another penny untill we Settle our Accompts which cannot be done unless every recruiting officer attends in person. I must therefore for these & many other reasons beg you will not receive the resignation of any officer in my regiment, if you wou<sup>d</sup> wish to promote the Service. nothing new in the Military department. the enemy seem undetermined as to their next push, it depends altogether upon their success or disappointment at the Northward nothing more than what you have heard from Tyconderoga its evacuated & thats all the intelligence we can get. I hope you will be able to furnish all our troops with blankets, its intirely unnecessary to send them forward without they can not be had here or at Philadelphia. we have many of the Maryland troops without Blankets or Tents. they must undoubtedly be lost. we are promised these necessary articles immediately. We have also suffered much for shoes, and I am afraid will suffer much more for that article this fall. we shall also be very bare of all kinds of Cloathing by the winter and unless we are furnished more than probable shall be in the same disagreeable situation we were last year. much will depend upon having an army fit for the field this fall & winter. I hope the legislature of Maryland has taken such steps as will immediately lead to the completion of the several Reg<sup>ts</sup> We have now in the field fit for duty only about 1100 men from Maryland, so that we make but a trifling figure with

- C. C. respect to numbers when compared with other States. I have ordered up every officer belonging to my Reg<sup>t</sup> I hope none of them will be detained or remain in Maryland, as soon as our Acc<sup>ts</sup> are settled I shall send down the most diligent and industrious and must beg you to give them every assistance in recruiting, & am Sir

Gent<sup>n</sup>: In pursuance of advice received last night that 228 British ships were arrived at the Capes of Delaware, Capt. Thinking it would be greatly for the service of the States at this critical juncture I considered, and thereupon consulted Cap<sup>t</sup> Cooke also for a reinforcement from his ship for the same service, which must be submitted to your directions. Cap<sup>t</sup> Robert Conway. You will proceed in the Molly to the Havanna but before you dispose of any part of your Cargoe you must wait upon the Governor with the Letter you receive for him and endeavor to obtain his Permission to sell your Cargoe if you obtain it and you have an Opportunity, take in a small Load of Salt we would not have you overload her and lay out the rest of your Money in 150 lbs of Spanish Flies and the rest in Peruvian Bark advise with some Body who is Skilful as to the Quality and be careful to get what is good, we imagine the Flies will cost less than 5/ or 6/ Sterling and the Bark under 5/ Sterl<sup>s</sup> p l. perhaps much under but this is our expectation only and not a Limitation for these Articles if possible must be got if you should sell at the Havanna and cannot there procure the Flies and Bark you may perhaps be advised where you can, not very distant, which we would have you investing your Money in good Bills to save the risk if to be done.

If you are not permitted to sell we have hopes that the Governor of the Havannah will give you a Credit for 1 or 200 ls of Spanish Flies and 1000 lbs of Bark with some person who may have them for Sale if he does you'll purchase and take in these Articles, proceed to such place as you may be informed or judge best for the Sale of your Cargoe, remit Bills if possible to pay for the Bark and Flies, get if you can a Cargoe of Salt and remit the Balance if any, as we hope, to Harrison & Vanbibber. You must expend as little as possible on the Vessel whilst abroad. as you go armed you'll use your own Discretion altogether as to attacking any Enemy Vessel and if you should be so fortunate as to take a prize, send her, if the Chance is equally good for her getting into Port, to M<sup>r</sup> Harrison at Martinique with Directions to transmit Accounts as soon as possible that the men may be paid here

- C. Sir

I flatter myself the Occasion will apologize sufficiently for the Trouble I give your Excellency by this Letter. We are situated in a Country where Drugs of various Kinds

are necessary and none more so, in some Cases, than Flies, or c. c. in many, than Peruvian Bark. Since our Connection with England has ceased and our Intercourse with Europe is interrupted and almost cut off by the British Cruisers we must enquire in other Places for such essential Articles as we have not amongst ourselves. I have therefore, ignorant of what may be either suitable or admissible at the Havanna, sent Cap<sup>t</sup> Conway in Hopes of getting a Quantity of Flies and Bark for the use of the Troops; but with Directions not to dispose of any Thing without your Excellency's Permission. I hope the Subjects of his most Catholic Majesty and those of the United States, may be mutually benefitted by a generous and fair Commerce and shall be happy if this Incident should lead to an Acquaintance and Confidence between those in your Department and those over whom I have the Honor to preside. If I request too much in soliciting Leave for Cap<sup>t</sup> Conway to sell his Cargoe and purchase Drugs and a little Salt, I shall be exceedingly obliged by your giving him a Credit with some of your Merchants for about two thousand Pounds of Bark and one hundred Pounds of Flies, and shall be careful to cause a just Remittance to be made

Sir

We have drawn the Orders for your Account and for the Advance of £400. The Difficulty of manning the Gallies is so great, that it is highly improbable the one now on the Stocks, can be applied to the Purpose originally designed. If she could be advantageously employed to bring wood for the Soldiers we think, by fitting her merely for that Use at present we might save a good Deal to the Public and provide better for the Troops, than we shall be otherwise able to do. We shall be obliged to you to advise us whether the Galley may not be conveniently used for the Carrying Wood.

In Consequence of Mess<sup>rs</sup> Smith and Chase's Letter, we send to Colon<sup>l</sup> Hollingsworth to forward immediately to you 361 pair of Shoes, 285 Overalls, 250 Jacketts and 250 Shirts, being the whole of the Shoes and Overalls and the Chief of the Jacketts and Shirts we have by us. The Jacketts & Shirts are Part of a Quantity we got from the Continental Store; the Shoes & Overalls belong to this State. Most of the Troops that went from hence were furnished with their two pair of Shoes and two pair of Overalls, before they went. We did every Thing we could to cloath them with what was necessary before they went and their Shirts, in general, were much worse than those now sent; so that some Equality will be necessary in the Distribution to prevent Discontent, perhaps it may be prudent, unless Shirts are plentier than we imagine, to order these to the Sergeants and Corporals. From your recommending to send Russia Drab Breeches we suspect that the Officer or Officers who complained of the naked Situation of the Troops, represented that we had a great Stock of Russia Drab; indeed some of the Officers wanted the Whole or a very great Part of what we had, for Breeches for the Common Men, but our Stock was barely sufficient to make Breeches for the Officers and it has been so applied. In your Disposition of these Cloaths, it will be well to order a Proportion, according to the Wants, to each Regiment, else, from what has happened here, there is too much Reason to suspect they may be kept by the Regiment to which they are sent, against that Regiment wants, whilst others are suffering. Very little more

c. c. Cloathing can be had from here. We have been obliged to compound in Money with our own Troops for some of the very Cloathing we furnished the Continental Regiments. We have ordered M<sup>r</sup> Hollingsworth if he has any large Guns finished, to send them forward. Do have two or three of them tryed and, if they are worth sending to General Washington, send them to him, if not worth while to send them return them to us.

By a Letter received from our Delegates attending in Congress, our Troops in the Continental Service are in great Want of Cloathing, especially Shoes and Breeches; we therefore send up what Shoes & Overalls we have and some Jacketts and Shirts which we request you to send forward immediately to be delivered into the Hands of our Delegates at Philad<sup>a</sup> We shall be greatly obliged by your particular Care to push them forward as quickly as possible. Any of the large Guns you may have finished we would have you send forward with the Cloathing. If you could lighten your Musquet Barrels a little towards the muzzle, they would be very good. The Intelligence received this Morning from Timson, makes it necessary that we instantly prepare in the best manner we can, for Defence or to enable us to assist our Friends. If the Enemy should design to send any considerable Force up the Bay, there will, as it appears to me, be no Place of Security for your Ship, but at Baltimore where too, she may eventually assist in the Defence of that Town. The Gallies at Baltimore we wish to be made as serviceable as may be. You are therefore to run the Defence within the Boom at Bal<sup>t</sup>, put what of your Men you can in the Gallies. Shew this Instruction to the Officers on board them, which they are to consider, as a particular Order to them to come down with their Gallies. Sir.

Yesterd Morning one Cap<sup>t</sup> Thomas Timson came up from Virginia and informed that on Thursday Evening last he saw a Fleet of the Enemy's Ships coming within the Capes. That he distinctly saw Sixty Sail, some of them two or three Miles within and a number following, which, because of the Distance and the Night coming on, he could not see distinctly. We have an Express to Day from Virginia confirming the Information. Whether they have Land Troops on Board or what is their Destination or Design, we are not informed, but we think it adviseable that you give Orders to the Militia under your Command to prepare themselves, as well as they can, for Service, and hold themselves in readiness to march instantly on further Orders.

We have no Intelligence of Howe's Fleet: The Army we know for a Certainty is embarked. We begin to be apprehensive they have gone to South Carolina. C. C.

The Militia of Tryon County have had a very smart Engagement with Johnson & his Indians & a Body of British Troops it is said the Militia consisted of 700 We lost about 100 men some of which are the most active leading Whigs in that County The Enemy were defeated & lost fifty or sixty Indians and some of their best Officers There was another Brush by a Party under Cap<sup>t</sup> Willet who drove another Party of the Enemy and took a considerable Booty. Gen<sup>l</sup> Schuyler writes that the Van of Burgoyne's Army he is informed has moved forward to Saratoga: I wish our Affairs in that Quarter bore a more pleasing Aspect: The New England States disgusted with Schuyler & his officers have been very slow in giving him Assistance Gates perhaps will please them & get them to exert themselves.

S. C. says he has wrote you fully and therefore I only need not be more particular in my Intelligence. Pray what success have we with our Salt Works?

The British Fleet having this morning passed Annapolis and consisting of upwards of two hundred and Sixty Sail as said to have been counted by some and as estimated generally. The Governor proposed to the Council as a Question for their opinion whether the small number of Militia already in Town should be kept others called in and preparation made with a view to defend this place or the Town and Forts evacuated and the Guns and Stores endeavoured to be removed and secured. The Governor and Council were unanimously of opinion that Annapolis cannot be defended by any force which may probably be collected against the force the Enemy may at any Time bring against it and that therefore the Town and Forts ought to be evacuated and the Guns and Stores removed and Secured. Major Fulford was consulted on this Question whilst the same was under Consideration and was of the same opinion as the Governor and Council

You will hire careful Drivers who will not hurry the Cattle, keep an exact Account of the Cost and all Expences & advise me from Time to Time of your Success, that I may as soon as our Treasury is opened, send you Money and may know how far I can depend on these Cattle as Provision you cannot get too many at moderate Prices.

The Col<sup>o</sup> of the Eighth Battalion without waiting for your Excellency's Orders upon the Enemy's appearing off the Mouth of Gunpowder ordered down two Companies to prevent the Enemy's landing and plundering the Country One of the Companies attended yesterday Evening but had not above five Guns among forty men they had scarcely arrived before they and the whole of the Battalion were ordered up by the Lieutenant of the County to Swan Creek to oppose the Enemy who have landed there

Your Excellency will no Doubt conclude that Men unarmed can be of no Service to repel an Enemy they may assist the Inhabitants in removing their Stock & portable Effects and they march with great Alacrity without Arms in full Confidence you will supply them at least to do all they can.

We hope your Excellency can immediately furnish the Militia with Arms and will acquaint us by the Return of the Express when we may expect them. c. c.

D<sup>r</sup> Sir

I came here last Friday Evening to take up my family to Philadelphia Since my arrival the Enemy have reached as far as Cecil Court House, and began yesterday about four o'Clock to land in that neighborhood Apprehending that I cannot with safety venture to Philad<sup>a</sup> I am determined to remain in this Quarter and share the Fate of my Country This Letter we hope will get to your Hands. The several Lieutenants of the Counties are exerting themselves and the People I am told are willing to turn out and are equipping themselves as well as possible. In this county we meet with a difficulty which obliges us to send an Express to you requesting your immediate Consideration of it: not an officer is appointed to command the militia: what is to be done? I know of no other method but your enclosing a number of blank Commissions to the Lieutenant of the County leaving it in his Discretion to fill them up I shall be on the Spot and will assist him in it I suppose other Counties may be in the like situation Pray either adopt this Plan or think of some other mode by which the difficulty may be avoided

As to money we must have it as soon as possible or we must take measures for supplies such as necessity will warrant.

I need not mention our want of Arms & Ammunition: I know you can't assist us but if you can send us a thousand or two of flints we will make what shift we can with our old muskets.

I wish we could establish a Communication: let me know your Sentiments as to the Plan. I intend to write circular Letters to the several Counties requesting a meeting of the principal Gentlemen at Talbot Court House to consult on proper measures of Defence. I shall write to M<sup>r</sup> Goldsborough & Tilghman particularly. The Lieu<sup>ts</sup> of the several Counties are so engaged in classing the Militia we have not yet been able to establish a regular Line of Correspondence or to fix on any Place for Head Quarters.

This shore abounds in such a number of Rivers that the c. c. Enemy cannot march thro' it in a Line with the Bay and dare to venture thro' it by heading the Rivers: the Ferries & Passages may be easily guarded: I think the Head of Sassafras which is a lofty Part of the Country will be a good Place for Head Quarters.

I wish we had Col. Richardson with us with his Regulars they would give Spirit to the Militia.

We have three Pieces of Cannon here which carry a Ball of 3<sup>lb</sup> 10<sup>oz</sup> with about 100 Ball they belong to a Vessel we shall fix them immediately on Carriages & make field Pieces of them. We have 15 Casks of Powder here containing each about 50<sup>lb</sup> I submit whether an officer of the Train with a few men even half a Dozen to instruct us would not be adviseable

Doctor Bordley who is Lieu<sup>t</sup> of the County represents to me that the People were willing to exert themselves and from the Accounts I have from Queen Ann's County they too are equally inclined to defend their Country.

What I can do on the occasion you may be assured shall be done I am determined on it and if in the Heat of Zeal I may advise any Extremity out of the strait Line of the Law or our Constitution I hope I shall be excused: as to Extremities from necessity they will need no Apology or Justification. My Plan is to have a respectable Body of Militia arm'd and assembled immediately and I hope no scoundrel of Tory or Traitor will be able to shew his Head or give any Discouragement to our Exertions.

What Assistance you can give us I am sure you will give: My love to all friends.

I take this Opportunity to acquaint you that I am now 4 miles North of the Enemy's Camp on the high lands above the Head of Elk. They took possession of Grays Hill 2 miles East of the Head of Elk, yesterday, and have not advanced to day. Their Drums beat & a Gun was fired at Elk Point House before Day, so that I suppose their second Division to have started then from Elk ferry. Little more has happend this day. My Brother H<sup>y</sup> had a small Skirmish at Gilpins Bridge yesterday & was slightly wounded in the Cheek

The van of our Army are at Cooch's Mill part of the main Body on the High lands between Newport & Christeen, the Rest at Wilmington. We have several Deserters, & near 100 Prisoners taken by our light Horse in Scouting Parties

These are the most material Particulars I could collect from good Authority, just meeting with some of the Independent Comp<sup>y</sup> returning, I refer you for particulars to them.

Original. Dr Sir

Yours by Cap<sup>t</sup> Campbell was just now delivered me the Cap<sup>t</sup> & his men were encamp'd upon the Heights above the Town and will march to morrow with two field Pieces for the Head of Sassafras Wednesday morning Major Smyth came here from Camp in Sussex & brought me a Letter from Col. Richardson who informs me of his getting ready with all Expedition to march for our Head Quarters The militia here will march next Tuesday. This Delay was unavoidable & not owing to any want of Zeal or Spirit. Ever since my Arrival I have seen every Exertion that could be made We have had a number constantly employ'd in making of Cartridges and have had every Tradesman at work Winters has repaired the Guns we shall be able spare Queen Ann's about 200 we have had made 500 Canteens Our Commissary is laying in Provision The Cecil Militia I hear have turn'd out to a Man except three Sam<sup>l</sup> Chew Charles Gordon & Alex. Williamson; Sam<sup>l</sup> Heath I hear is not taken a very spirited and active Part in our Cause. The Cecil Militia on this side of Elk I am told will be at the Head of Sassafras to morrow to collect in a Body I saw M<sup>r</sup> Hemsley the Day before yesterday the Militia there were just officered and were closing The last of next week they will march and not possibly sooner I do not hear what they are about in Talbot I had a letter last Sunday from M<sup>r</sup> Tilghman in Answer to mine who says he will do what he can and thinks the People will exert themselves I have had no answer to my Express to Robert Goldsborough

This morning we shall dispatch some Waggons to Talbot for Cannon Powder & I shall again write to M<sup>r</sup> Tilghman.

Yesterday Gen Cadwalader rec<sup>d</sup> orders from Gen<sup>l</sup> Washington to take the Command of the Militia here Our People will most cheerfully submit The Gen<sup>l</sup> was with me and has accepted the appointment I shall endeavour to reconcile Richardson to it I am sure he has too great a Regard for his Country to take Exceptions to any Irregularity in this Proceeding The General set off this morning for the Head of Sassafras a few Days ago he wrote me the enclosed Letter Pray, as far as you can, give a Sanction to the Appointment; I read General Washington's Letter and it is in the most pressing Terms to take the Command of the Militia he says that Smallwood nor Gist have yet pass'd his Camp. The General's Letter is dated at Christiana Bridge 28<sup>th</sup> Aug. 12 °Clock at night the Enemy he says are about 2 miles above the Head of Elk and that we have taken between thirty and forty Prisoners. Deserters are coming over every Day. By the enclosed Letter from Carson you'll have a more particular

account this letter I got by my servant Phill whom I sent yesterday for Chase's Horse which I left at Carson's he rode all night and gave it to me about an Hour ago. c. c

I have been obliged to call upon the Inhabitants here for their Clock Weights and Window Weights: we wanted Lead: and as we have here every conveniency for making Cartridges and men that understand it I intend to make up all Our Powder and get all the Lead that I can: We have Tradesmen here that understand the making of every military Article and they are all at work.

There is a Brig here that belongs to Flannagan in Philad: he is preparing to sail I think it highly injurious to our Cause to have our men so foolishly thrown into the Hands of the Enemy I therefore forbid it and by the Advice of the General I shall be under the absolute necessity of taking the Sails of this Brig of a Scow and several Schooners for Tents for our Militia I shan't be under the necessity of cutting them up The General says Sails answered last winter for Tents exceedingly well and were preferable in general to regular Tents Every Body here is satisfied with the Propriety of the measure. I will however you would issue your orders for the stoppage of all Vessels for some Time. This Brig is loaded with Tobacco and would besides the Captivity of our Countrymen who are a parcel of fine Seamen be a valuable Prize in the Enemy's Hands: Whatever I do in this extreme Way is upon Consultation with Mess<sup>rs</sup> Thomas Smyth and M<sup>r</sup> Earle The General & others in this place I have also got of the Merchants fourteen Bolts of Canvass for Covering for Waggon and other Purposes.

I enclose you a List of Articles for our Medicinal Chest which send by first opportunity We want some three pound Ball for Cannon and as many Cartridge Boxes as can be spared.

The Enemy have taken above seventy slaves on our Bay side and the River Elk: Upon application by some of their Masters a Day was formally appointed for a Restoration of them When the Day came they were told they could not have them but should be paid for them on the Enemy's Return. I don't understand that any Part of their Troops is landed on this side of Elk.

By a Gentleman a Day or two ago from Elk I am told J. Hollingsworth got wounded in the Jaw by a stragling Party of the Enemy the man who fired on him he ran his sword into and made Prisoner but was soon obliged to ride off and quit him.

I shall be with Hemsley next Monday in Queen Ann's to attend a meeting but shall return here the next Day

C. C. How happy would it have been for us had our Militia Regulations been completed before the Enemy came upon us.

If you write to S C do put in a Postscript that I have got his Horse safe from Carsons.

My Comp<sup>ts</sup> to your Council: I differ with J R and think with you that the words *not less* will admit of any number *more*. I also agree with you that such a Destruction as Congress has resolv'd upon of Grain Cattel &c will be a most mischievous and ruinous proceeding They are not acquainted with this Part of the Country If that measure be rigidly executed we must either submit or starve All the Stock & beyond the mouth of Sassafra has already been removed or is removing: The Enemy has got but special little of it.

Before I rec<sup>d</sup> your Answer to my Letter despairing indeed of a Communication I wrote to Congress for a Supply of money and have received 10000 Dollars: Your order to R. G. M. T. & myself or either of us I sent by Express to those Gentlemen.

I shall keep an express Boat in Bay to communicate Intelligence & our Wants.

My Love to all friends

It appearing to this Board that it is absolutely necessary to Issue Money from the Eastern Shore Treasury for the support of the Militia of that Shore now called into Service and such an intercourse cannot in any probability be maintained as will allow Drafts to be regularly made for the necessary Sums as they may be wanted. Baltimore Town 31<sup>st</sup> Aug<sup>t</sup> 1777.

Gen<sup>t</sup>

We have but two of the Row Gallies fitted. The Enemy have spare Men of War enough to block them up separately ;

they may eventually, with their 120 Men, be serviceable, if <sup>c. c.</sup> there's an Attack upon this Town, and, as it is impossible to guard our Shores and Rivers, we hope no Man can blame our Views to prevent such a Disposition of the little Force we have as would render the whole of it of no Consequence at all, which would certainly be the Case if we were to send the two Gallies from hence. We are endeavouring to send forward what of our Militia we can towards the Head of the Bay. A full Employment of the Enemy there will, in good Measure take them off our Backs every where else, but we have not nor can we get Arms we fear to furnish one third Part of those who are willing to March; the People in general shew great Spirit and Alacrity. There remain in the Hands of M<sup>r</sup> W three or four Hundred Stand of Arms, lodged with him some Time ago to be cleaned; and in the Hands of M<sup>r</sup> Smith about 100 Stand of M<sup>r</sup> Winters's make. Col<sup>o</sup> Richardson has been furnished with 200 stand from Annapolis, and we hope M<sup>r</sup> Read the Gun Smith has some Arms by him. Cap<sup>t</sup> Campbell left Annapolis a few Days ago, with thirty Matrosses including Officers, with Orders to join the Eastern Shore Militia at Chester. From the latest Accounts we have, our Van possesses Iron Hill, the Enemy Gray's Hill about two Miles east from the Head of Elk. Every Day is big with great Events.

We shall send over, with Orders to lodge at Chester, Musquet Powder Lead, Cartridge Paper & Flints, the Quantity will depend on the Conveyance we may get; if a sufficient Boat can be had, we shall send a Plenty: our Stores are a good Deal dispersed by the hasty Removal of them. We are of Opinion that strictly we cannot give to others a discretionary Power to draw out the Public Money; but surely when every Thing is at Stake, the Treasurer will not be particular or ceremonious, he and we must rely on the Equity of the Legislature, however if we have a Power or may be thought to have it, the inclosed may satisfy the Treasurer. Sir

We are informed that several of the Militia of Cap<sup>t</sup> John Hammonds who are of the first Class & to march in Cap<sup>t</sup> Owens's Company, have not only refused to join the Company to march, but have entered into a Confederacy to oppose by Force any compulsory Measures which may be made use of to compel them to do their Duty. We shall reluctantly and only from Necessity exert the Authority entrusted to us to the extent of it, but shall certainly not suffer such a Conduct, if persisted in, to go unpunished. We therefore wish you to endeavour to convince these Men of their Error, and to let them know that if necessary, we shall set in Motion an ample Force to compel them to obey the Law and defend their Country; but if Persuasion has not the desired Effect, you are hereby authorized to make use of Force and for this Purpose

you are to call on any Persons you please for Assistance, or if <sup>C. C.</sup> you think proper, acquaint us and you shall immediately have what Force you may think necessary. If in any Instance a Man who cannot, is ordered to march, let him make known his Circumstances to Col<sup>o</sup> Worthington in a peaceable Way; we wish not to inflict extream Hardships, but the Laws must not be braved. We are also informed that Richard Gray and Samuel Philips, who were not of the first Class of the Militia, not only advised, but prompted this Opposition by meeting and joining those who had assembled with their Arms. You are therefore to arrest the said Richard Gray and Samuel Philips and send them to us, that their Conduct may be duly inquired into

We shall, in all Probability, have more Militia here than we can arm. We are therefore desirous, as your County is so remote and the People may be wanted at Home, that none should immediately march from thence. Possibly those who first go may want to be relieved, you will therefore get your Militia settled in the best Manner you can and have two Companies of each Battalion ready to march, in Case they should be ordered. We do not hear of any capital move yet of our Enemies; Gen<sup>l</sup> Washington's Van is in their Neighbourhood, and Report makes us out full strong enough for them.

The Militia have come in and are marching with all the Alacrity we could expect, we shall have more than we can arm, which makes it unnecessary for any to march at present from Charles; but as the Militia who now go out may want to be relieved, we wish you to have two Companies ready agreed on for that Purpose, if they should be ordered. To do this the most effectually, we think it will be best to have the Militia classed agreeable to Law. We had no Expectation that the Congress would have appointed any Officer to com-

c. c. mand our Militia and we thought ourselves happy in requesting you to march as County Lieutenant; but the Congress having desired another Gen<sup>l</sup> to take the Command, we think it right to apprize you of it, to prevent any farther Disappointment or unnecessary Trouble on that Head. Sir.

We are a good deal uneasy at the Difficulties we are likely to be in about the Command of the Militia, not knowing, or imagining that Congress or General Washington would have done any Thing about the immediate Command of our Militia; we requested Col<sup>o</sup> Ware to take the Command of the Western Shore Militia and expected that Col<sup>o</sup> Richardson on his Removal would of Course command those of the Eastern Shore. We certainly cannot impower Gen<sup>l</sup> Cadwalader to command, but shall be very glad that the Matter may be settled between General Cadwalader, Col<sup>o</sup> Gist & Col<sup>o</sup> Richardson to Satisfaction. We are endeavouring to get a proper Boat in which to send you 12 Barrels Musquet Powder 2 Tons of Lead 50 Tents 20 Flints 2 Reams musquet Cartridge Paper & 200 3<sup>lb</sup> Shott. We have not got Camp Kettles nor so many Cartridge Boxes as will be immediately wanted here. Some of the Powder, Lead and Flints we suppose may be spared for the lower Counties which want we shall endeavour also to send you a Medicine Chest. We have stopped the Vessels here, nor shall suffer any to go out unless under very particular Circumstances 'till some Alteration in our Affairs; nor would we have those at Chester permitted to Sail, but we do not think it prudent to lay an Embargo by Proclamation, because if we do, the Assembly must be called without any Expectation of its meeting, which would but add to our present Difficulties, many of the Gentlemen of the Assembly being in the marching Militia and their leaving the Militia to attend in Assembly would likely create Discontent and Confusion. Many Things, we are apprehensive, must be done, in our unprepared State, which are not strictly justifiable and for which we must rely on the Candour & Equity of the Legislature. From the Accounts we have, Gen<sup>l</sup> Washington's Army is healthy and in high Spirits and well supported by the Pennsylvania Militia; the Army & Militia are both spoke of as numerous. Board of Treasury, Philadelphia 3<sup>rd</sup> September 1777

Sir: I am directed by the Board of Treasury to forward you Eight hundred Tickets of the United States Lottery agreeable to the Resolution of Congress passed the 6<sup>th</sup> of August last, which having been publish'd in most or all of the News Papers, has undoubtedly fallen under your Excellency's observation.

The Congress have deeply at Heart the success of this Lottery, and have great reason to apprehend that it has not met with attention and Encouragement equal to its vast importance. It is not only to be considered as a fund to defray the enormous expences which the United States in the prosecution of this most just and necessary War are and must continue to be exposed; But if the scheme should be so much neglected by the Friends of our cause as to prove abortive, it will have a most unfavourable aspect upon our public affairs: in other view, if will deeply wound our Public reputation, discourage our Creditors at home and our friends abroad, and be urged by our Enemies as a proof of our weakness and of the abatement of that public Virtue and generous ardour which have hitherto distinguish'd us in the course of this conflict; and sustain'd us under Divine Providence against the Efforts of our powerful and implacable Enemies.

These Reasons the Board make no question will induce your Excellency and the Executive Power of your State to contribute your zealous endeavours to encourage and despatch the sale of these Tickets. Under your directions it is hoped that Gentlemen of activity and influence in different parts of your State will generously cooperate in this design, & by their personal exertions distribute them to adventurers who under our circumstances, with the chance of good Fortune, will have a right to be esteem'd as Patriots.

I have the Honor to be with the utmost Respect

[Washington to Johnson.]

Wilmington, Sept<sup>r</sup> 3, 1777

Sir: The late Resolution of Congress for sending Gen<sup>l</sup> Smallwood and Colo. Gist from this army to arrange and command the Militia of Maryland, now called to the Field, and the frequent applications I had, before the arrival of those Gen<sup>l</sup> at this place, to send Officers to the Eastern Shore to

take the                    of the Militia assembling there, give me c. c. reason to believe, that the regulations, in this line, are not so good as either you or I wish them to be; and that there is a want of Officers in that part of the State, or at least of a Head, to conduct matters properly, and in the best manner that circumstances will admit.

Under this persuasion, If you have not already appointed a General Officer—or have no particular Gentleman in view for the purpose, I would beg leave to mention John Cadwalader, Esq<sup>r</sup> for your consideration. This Gentleman I know to be a judicious—valuable officer, and I have often regretted that he did not hold a high command in the Army of the States. If you should entertain the same opinion of him, and there is no Objection to appointing him, I am satisfied he would render essential services at the Head of the Eastern Shore militia, if he will accept the command, which I am inclined to think would be the case.

Before Col<sup>o</sup> Gist went on this business on Monday, on account of the applications I have mentioned, and not knowing who the militia officers were on the Eastern Shore, I wrote to Mr. Cadwalader and requested his Good Offices and exertions in assembling and arranging the militia, which, I find, have been employed with great assiduity; and if arms could have been procured, that he would have collected a respectable body of men. My interfering in this matter was the result of necessity—I thought the situation of our affairs required it, and I trust I shall have your excuse upon the occasion. I would also observe, If Mr. Cadwalader is appointed, Col<sup>o</sup> Gist's services there may be dispensed with, and he may join his Regiment again.

I sincerely congratulate you on our late success at the Northward in raising the siege of Fort Schuyler, and obliging the Enemy to go off with great precipitation,—leaving their Tents, provisions & ammunition, and with the loss of several prisoners & Deserters & Four Royals.

I have the Honor to be, with great respect,

Sir

We think, with you, it will be very right to have the Xebec & Stores covered with a small Number of Militia, 'til they can be removed a little Way into the Country and therefore desire

you will apply to Col<sup>o</sup> Weems for at least ten Men and an Officer to be so stationed that they may at any Time afford you Assistance. We believe the Xebec would be at least as unsafe in Severn or Patapsco as at your yard, therefore would wish, if she is removed at all, it may be to Patuxent and then run up where the River is quite narrow. We are afraid the Stations of the Men of War will be soon, if they are not already, in such a Situation as to prevent her stirring out at all, but if you think there's a Probability to get her clear we wish it to be attempted and leave it to you & Cap<sup>t</sup> Belt. The Cannon & Stores, we wish you to remove a few Miles into the Country, and, for that Purpose, hire Carriage and Men; it will, when known, take off Part of the Motive to pay you a Visit. We approve your taking the nine Pounders, it was perfectly right. If you can lodge the Stores at different Places, we think it will be best.

[William Paca to Gov. Johnson.]

D<sup>r</sup> Sir: I herewith send you a most incorrigible fellow, the Rev. John Patterson; he has been endeavouring to throw every Obstacle in the way to calling forth our militia, and has violated the Execution of our Laws; he is the most provoking exasperating mortal that ever existed; we have great reasons to suspect him of being concerned with one Chambers of this county who is now with the Enemy conducting them on their ravaging and plundering Parties. I hope he will be taken good care of and well guarded.

I am sorry to inform you of an Insurrection of Tories on the Borders of Queen Ann's & Caroline Counties headed by some scoundrel Methodist Preachers. A Body of eighty assembled in arms, were dispersed, three have since been apprehended. The Captain & Chief Methodist Preacher are among the Captives. Col. Richardson remains in Caroline County to suppress those that are there assembled.

Col<sup>o</sup> Gist is at Camp & has the Command. Col. Richardson's Battalion is arrived; our militia are daily assembling and our force grows formidable; but I am told the Cecil County militia & Talbot & the Counties lower down are collecting in great disorder from want of Commissions. I wrote you in my last the necessity of providing Commissions.

We are raising a Company of Light Horse in Queen Ann's County where there are excellent Horses, and shall form one in a day or two and be able to equip them.

Your supply of Tents &c. were very acceptable. With the sails of Ships which necessity urged us to take, I hope we shall make out a tolerable covering for our men.

The militia assembled are composed of five companies from c. c. Kent, three from Queen Ann's, two from Caroline—the number from Cecil I do not know. I understand the Talbot & Dorset militia march next week.

We have nothing from Washington's army. Pray send commissions & write me the Intelligence.

Sir : Two Deserters from the Isis came in to the Company of Militia stationed in Gunpowder Neck, under the charge of Lieuten<sup>t</sup> Thomas. They are sent to your Excellency, as the Intelligence they bring is of Importance to the United States in General, and this in particular, I thought in Conjunction with the officers they ought to be conveyed to you.

They say one Half of the Fleet is to go into Delaware Bay, and the other to fall down to York River, that the Ships had no Soldiers on Board, having landed 13,000 under Gen<sup>l</sup> How. That half the Fleet in Delaware was to assist the operations of the Army, and the Residue to receive them here in case of a disaster. They say the 64 Gun Ships have but 350 sailors to navigate them and 64 Marines that they design to plunder the unarmed part of our Coasts of Provision of which they are in want, that one Half of the Marines and sailors were sick, and that the negroes were received on board the merchant vessells of which there were several in the Fleet who boasted they would make their Fortunes by selling them in the West Indies, that they were kicked and cuffed on every occasion, &c.

I congratulate your Excellency on the weakness of the Enemy in this State and the little probability there is of an immediate attack within your Government, at the same Time also on the affair of Bennington the Raising the Seige of Fort Stanwix, Burgoins entrenching or perhaps retreating. I hope I shall upon some future Day have occasion to do so on their total Defeat and the firm Establishment of Liberty

I have inclosed you a general Return of Men, Arms, Accoutrements and Ammunition, marched forward; except Col<sup>o</sup> Johnsons, who has gone up to Peach Bottom to see the Situation of that part of his Detachment posted there, those he marched within two miles of this Place yesterday afternoon will move forward tomorrow early with the other part of this Division, in order to cross the Susquehannah on Wednesday. I shou'd have been glad to have had the two Field Pieces up before I crossed, but make no doubt of their being dispatched with the number of Officers & men required as also a sufficient Stock of Ammunition with all possible Expedition. Col<sup>o</sup> Cowan's Regiment being badly armed and it being urged that a Guard shou'd mount constantly on the Shores opposite to the Fleet during its Stay to prevent the Negroes and Stock being Swept away has induced me to leave them for that Purpose for I find I cannot prevail on the Inhabitants to drive their Stock off. Desertions are still frequent. and I am apprehensive will become more so upon crossing the River which is one Reason that determines me I shall render you Returns of such that an Example may be made to prevent such shameful & unmanly Practices. I am in hopes Cap<sup>n</sup> Brother has informed you of what necessaries will be wanting for his men if so pray send them forward for I flatter myself they will stay with me. let me once more intreat you to forward the Artillery &c with such Detachments as may Arrive in Baltimore as soon as they can possibly be equipped up to Johnsons Ferry in order to join me, immediately on my taking Post on the other side the Susquehannah I shall advise you to enable you to direct the Rout. In Council 10<sup>th</sup> Sept<sup>r</sup> 1777.

Sir.

We are sorry to hear that you cannot, from the Scarcity of Guns, forward the Proportion of the Washington Militia tolerably armed; we have already assembled nearly as many as we can Arm, unless our Application to Congress for a Supply, should meet with Success, but the Event of our Request is not yet known. Wherefore we wish you to stop the March of the two Companies desired from each Battalion, for the present, and get them prepared in the best Manner you can for moving immediately on further Orders. If we get a further Supply of Arms, they will be called on, or if we get no more Arms, they will be wanted to relieve some of the Militia already on Duty. Possibly our Affairs may make it necessary to collect all the Fire Arms, we hope not, but it is best to provide in Time against the want; therefore we wish an Account of all Guns to be taken and those which want small Repairs, we request you will have repaired at the Public Expence. If the Militia should be ordered to march we wish them to carry with them, all the Arms they can, and, if the Public can provide better, their own may be carefully kept 'til they return. We shall be obliged to you to have wooden

Bottles and Camp Kettles made ready to put into the Peoples C. C.

Robert Tyler or the Commanding Officer of the Upper Batt in Prince Georges County nominate a Guard of one Comp<sup>y</sup> of Men with their proper Officers most convenient in situation with Orders to hold Themselves in readiness to repair to the place where the Ship is anchored, to protect her until a larger force can be sent to their Assistance in case of any Alarm by Tenders or other Attempt of the Enemy.

D<sup>r</sup> Sir,

I have inclosed you a copy of a Lt<sup>r</sup> which I received from General Washington yesterday, which will point out the Situ-

c. c. ation and Views of each Army. I have understood the Enemy have moved since yesterday five miles from Kennets Square (their late Post) up the Brandewine, and are cutting a Road thro' the Woods to penetrate to Philadelphia, & I make no doubt but Gen<sup>l</sup> Washington is moving up from Shads Foard, and exerting every Effort to counteract them, from their Views, the Situation of their Army, and our Prospects; you must see how necessary it will be to enable me to Attack, and harrass their Rear, and the better to effect this, and cut of their Retreat to their Fleet, shou'd our Army check them in Front, I have wrote to Gist, Richardson, & Rumsey, to form a junction with me tomorrow at the cross Roads eight miles above Nottingham. I have now once more to entreat most earnestly that you woud send forward the field Pieces w<sup>th</sup> their proper Officers & Men with fixed Ammunition, Musket Cartridge sized from N<sup>o</sup> 16 to 21, carefully made up, & not with wet or damaged Powder) all such Arms and Troops as can possibly be got ready, together with Col<sup>o</sup> Ware or some Person of Weight to attend at Johnsons Ferry to regulate and forward their Passage,  $\frac{1}{2}$  cwt of Riffle Powder w<sup>th</sup> Lead sufficient will be wanted for what Rifles are here, and about 87 stand of Arms for Col<sup>o</sup> B. Johnsons Reg<sup>t</sup>, who are good men, & ought to be Armed, rather than many who come from below with much Reluctance, Regulations for governing the Militia (w<sup>th</sup> I before wrote for) and Paper for Camp & Military Orders, are much wanting, we have not Cartridges for this Body of Militia for half an hours Action, I remain with much Regard

Yrs. &c.

Inclosed is a Return of Deserters specifying their names county & place of Abode. I will not presume to dictate to your Excell<sup>y</sup> what Steps ought to be pursued to bring such Transgressors of the Law to exemplary Punishment but if they are suffered to remain at Home the example will have a most pernicious Effect on the rest of the Militia—perhaps it wou'd be adviseable to issue your Proclamation offering a Reward to those who may apprehend them but I doubt whither such a measure will have the desired Effect if the Co<sup>y</sup> Lieu<sup>ts</sup> were directed to select a Guard from their Militia of such Persons on whom they cou'd depend to search in & about the Places of their Residence, perhaps it wou'd be the most effectual way of getting those base Deserters when apprehended I beg they may be sent forward under a strong & trusty Guard to my Post for Tryal, their Punishment even the bringing them back will prevent others from following their Example.

You'll observe by Col<sup>o</sup> Johnson's Return what necessaries C. C. are wanting he has just received intelligence of another Detachment of his Reg<sup>t</sup> being on their March near this Place who will want Arms Blankets &c. A number of Blankets are also wanting among the Troops already here.

6 Miles Stone near Wilmington 9<sup>th</sup> Sept<sup>r</sup> 1777.

Sir

I received your favor of the 4<sup>th</sup> Ins<sup>t</sup> and hope by this Time, that you have arrived at Nottingham. The Enemy advanced towards us yesterday with a seeming intention of attacking our post near New Port. We waited for them all day, but upon reconnoitring their situation in the Evening, we judged they only meant to amuse us in Front, while they marched by our right flank and gained the Heights of Brandiwine, viewing things in this light, and the consequences that wou'd necessarily follow if such an event took place, It was thought advisable that we should change our ground and gain the Heights before 'em. This we are attempting, and I doubt not shall effect. I must now request, as Gener<sup>l</sup> Howe will strain every nerve to possess Philadelphia, and as it may be expected that this Fleet, or part of it, will arrive in Delaware River in a few days to cooperate with him, that you will move on with all possible expedition with all the Force you have or can get. I will not mark out any particular line of conduct for you to pursue but leave it with you, either to join me or to fall upon the Rear of the Enemy as shall seem most eligible from circumstances. Your exertion upon this occasion can not be too great. Much is at Stake.

Sir

There are a considerable Number of Tories taken, who  
have lately been in Arms in Somerset and Worcester Counties.  
The Lieutenants of those Counties have desired our Direc-  
tions as to what shall be done with them. It appears to us  
that Cambridge will be the most secure Place to keep them at  
on your Shore and therefore request that you will adjust  
matters so that a good Guard may be constantly furnished  
over them; we would have the Principals and as many of the  
others as can, with convenience, put in the jail & kept close

In Council Baltimore 22<sup>d</sup> Sep<sup>t</sup> 1777.

Sir.

We have sent you the Commissions as desired. The Tories  
lately in Arms whom you have taken or may take, we would  
have sent to Cambridge, and as many as can kept in the Jail  
under a Guard. We shall send you a Galley but she, as the  
rest, is very poorly manned, in Expectation that Hands may  
be got with you, merely for this Service, leaving them at large  
to enter for what Time they please, not less than three Weeks,  
she is nearly fitted and shall go down in a very few Days.  
As you are circumstanced, we do not desire the Militia of  
your County or Worcester to march to Gen<sup>l</sup> Washington, we  
hope he is strong enough without them, therefore let them  
know the Order for their March is countermanded, but for  
Security of themselves and Families and for the Preservation  
of the public Peace, it is desired and expected that they  
frequently meet and exercise and get prepared in the best  
manner they can to crush any new Insurrection in its Birth.

If those Men who have no Sense of Duty to their Country, c. c. nor, indeed any Regard to the sacred Obligation of an Oath, should again assemble in Arms, it will, in our Opinion, best promote the Public Good and insure its Tranquility, to make use of the Arms you hold, in the Cause of our common Liberty.

Sir

We do not incline to send another Commission in the Stead of Cap<sup>t</sup> Handy's If he is, as we are informed, a proper Man, it will be very difficult to induce us to part from him, as an Officer. You have inclosed several Commissions where there were Resignations. Gen<sup>t</sup> may, perhaps, now resign and, hereafter be desirous of filling Commissions; but we desire wherever there shall be a Recommendation of a Person who shall have had before resigned, that the Reasons of the Resignation may accompany the Recommendation.

As we judge Cambridge the most proper Place for the Imprisonment of the Tory Prisoners, we request such as are taken in your County may be sent thither. Gen<sup>t</sup> Washington, we hope & expect, will not want the Assistance of your County Militia, we are sorry there is so much Occasion for them at Home, and therefore countermand the former Order for their marching, but we wish them to be frequently exercised and prepared as well as you can, to do effectual Service, if necessary. The Conduct of those People who have already experienced Lenity and falsified the solemn Assurances given to the Public, leaves them no Room to expect a further Forbearance and if they or others should again assemble in Arms we are of Opinion that Force ought to be preferred to Entreaty and Advice.

Sir.

We expected the Carpenters Work & Iron Work were done to Cap<sup>t</sup> Coursey's Galley and thought that something was done towards the Rigging as M<sup>r</sup> Smith furnished the Sails of a Brigg which, we understood were to be applied that Way, but we would have her thrown down & cleaned immediately and fitted with such Things as are absolutely necessary, the Times will not allow any Thing that can be done without. We have drawn an Order in your Favour for one Thousand Pounds. As to Advances for Rum, we have several Times spoke on that Article, and, if any has been supplied, since the last Account, we request you'll settle it with the Officers who had it, for we shall not consent to charge the Public with it. We are desirous of paying the Officers & Men monthly, or, as often as is convenient but when Money is drawn for Pay, our Method is to do it on a proved Pay Roll; nor will we agree to do it in any other manner. We are willing to leave a reasonable Sum of Money in advance, in the Officers Hands & have drawn & will draw Orders at any Time, on Application & approving the Use it is to be put to, and, by this Method, we can have the Accounts settled from Time to Time, but we repeat our former Request that you will not advance large Sums to any of our Officers and hope you will attend to it.

Sir

We inclose you an Order on the Treasurer for £1000, requested by your Letter of the 8<sup>th</sup> Ins<sup>t</sup> The Militia now at Camp are, by this Time, very desirous of being relieved and if they come away before others get up to take their Places, it may, probably, be very prejudicial. Wherefore we wish those who are now to go, may be as expeditious as possible. We hope the Loss & Waste of Arms may not be so great but that all who are to march may be armed by those who are now in the Hands of our Militia there, but to prevent any Disappointment, it is prudent that a Part of those you send should carry their Arms with them, some of them certainly must have good Guns. We inclose you Commissions for the Officers you desired and will give no Delay, at any Time you mention to us what Commiss<sup>ns</sup> are wanting, but as the Inter-course between us is now open, we do not hold ourselves justifiable in sending blank Commissions, nothing but the most pressing Necessity could have induced it. Sir.

Convinced that it is absolutely necessary to strengthen Gen<sup>l</sup> Washington all we possibly can, and that it may produce the most unhappy Consequences, if the Army should be weakened, by the Militia who are now in Service, coming away on the Expiration of their Time without being replaced. We request that you will give the necessary Orders for the March of the two first Classes of your County. We wish there may be no Delay and would have them carry what Arms they can, but such as cannot immediately procure them, may go without, and will, we expect, be furnished at Camp with every Thing except Blanketts, which they must carry with them. If any are gone from your County under the General Orders given before, then would we have only so many march now, as will make up two Classes We are Sir &<sup>ca</sup>

Sir.

From the Situation of our Affairs, it may, probably be necessary still to keep up a Body of our Militia at Camp, and the Time of those who are there being nearly expired, we have ordered two Classes to march from several of the Water Side Counties, but as they may not fully make up the Number requested by Congress, we desire you'll give the necessary Orders for the March of the third Class from your County. We wish this Class to be on their Way as soon as possible, that those who have already served may be soon discharged. So far as they can, we would have them carry their Arms but request there may be no Delay on that Account, as we expect those who carry none, may have the Arms of this State now at Camp, put into their Hands. They will be furnished at Camp with our Tents, Accoutriments & Camp Kettles, but as to Blanketts, they must carry their own, for we have none.

York Town, October 10<sup>th</sup> 1777

My Dear Sir

Fryday Evening

I wrote to you this Morning the best Accounts I could obtain of the Battle of the 4<sup>th</sup> Inst. I sent My Letter by

c. c. Major Tarling Deputy Quarter Master of Georgia. this afternoon I was honoured with your favor of the 8<sup>th</sup> Ult<sup>o</sup> inclosing the Petition of Brothers & Doffler, & inclosed is the Determination of Congress, my motion being granted a similar one was prayed by D<sup>r</sup> Wetherspoone for some Damage Done by Colonels Stones Regiment, this produced an universal Complaint against our Troops, it is referred to the Board of War to consider of some general Regulation.

I have just seen Cap<sup>t</sup> Cox, who acted as Brigade Major to Col<sup>o</sup> Stone, he informs me, that Col<sup>o</sup> Stone is wounded in the Ankle and is now at one John Rialy who lives at 32 Mile Stone from Philad<sup>a</sup> in Limerick Township, where he is attended by D<sup>r</sup> Craigg, Cochran & Wallace, his Brother is with him, and several Gentlemen from Philad<sup>a</sup> have offered him their Houses, but he is in too much pain to bear Removal at this Time. Major Forrest had his Thigh broke by a Musquet Ball. Cap<sup>t</sup> Brookes received a Ball through his Mouth which split his Tongue & went out at the back of his Jaw-Bone. Cap<sup>t</sup> Bowie was wounded slightly in the shoulder. Cap<sup>t</sup> Lawrence was also slightly wounded. Col<sup>o</sup> Halls Horse ran away with & flung him, but he is not much hurt. Major Cox of Baltimore Town is killed, and Col<sup>o</sup> Marbury is missing, a few subs: weare killed and several others wounded. Cap<sup>t</sup> Cox further adds that our Loss is between 6 & 700 killed wounded and missing, that our army marched from their Camp last Wednesday.

The letter from Col<sup>o</sup> to General Mifflin confirms the account we received by several Ways before of the Enemies loss.

On the 5<sup>th</sup> we weare in Possession of fort Island, and on that Day the Enemy withdrew their force at Billingsport to reinforce Gen<sup>l</sup> Howe. The Report of our retaking the Delaware was premature.

The Confederacy will be, I believe finished before Monday week. I will attend my Duty in the House of Delegates. M<sup>r</sup> Rumsey came here a few Days ago, on Business, & promised to relieve Me when the Assembly should sit. I wish notice could be given to him of the Day of the Meeting of the Assembly.

I pray my respectful Compliments to the Gentlemen of The Council

I wish you all Health & Happiness

Obedient Servant

Dear Sir,

The inclosed Extract from a Ltr. received this Day from Albany will inform you of the Success of our Arms to the Northward, the wretched situation the Royal Northern Army must be in will lower the Pride of the once pompous and boasting Burgoyne which must afford a sensible Pleasure to every honest American. our Affairs here do not wear an unfavorable Aspect the Enemy are raising Batterys Fortifications & falling Trees in their Front to obstruct our Armys advancing on them and many other Incidents strongly indicate their Apprehension of an Attack for which our Forces are anxious and prepared if they can be got at on equal Terms and if Fort Mifflin holds out as is expected Howe's situation must soon become as alarming and critical as ever Burgoyne's was his resources are now from Chester and that County which may easily be intercepted indeed had the Pensylvanians

c. c. had that degree of Spirit and Patriotism which I think woud have (on a similar occasion) been exerted in any other Government on the Continent his supplies must long since have been cut off. here is more Toryism I suggest than in all the states besides and perhaps less Fortitude than in any particular State in America our Gallies obliged 54 Soldiers & 2 officers who had landed on Province Island and were erecting a Battery ag<sup>t</sup> the Fort to surrender on the 18<sup>th</sup> and the obstructions and our Force on the Delaware embarrass the Enemy much more than they expected from which shou'd the Fort hold out a shorter Time than may reasonably be expected the advancing Season must defeat their Design if not subject their Army to destruction

At length I have got the Militia in a more orderly and regular Train they seem somewhat better disposed and disciplined than I ever expected but their Time being near expiring the impression will make them lose sight of this and every other Object of their Duty. Cap<sup>t</sup> Cox's & Baileys companys have obtained liberty to return they are entitled to this Indulgence from their situation (being mostly Tradesmen) having served their Time out faithfully these men and Murdock's Regiment have behaved better than any corps of Militia from Maryland and have had far less Desertion among them. Col<sup>o</sup> Dorseys Reg<sup>t</sup> evidently the worst corps in the Militia having only 28 men left from the Desertions w<sup>ch</sup> have prevailed in it has also obtained leave to return & I could have wished they had never stept forth the men from Elk Ridge and some other parts of Ann Arundel will shine more at an Election than in the Field their disorder & licentiousness under our present Regulations will ever render them contemptible in the Field. I have thought it most adviseable for these men to return Home with their Arms and Accoutrem<sup>ts</sup> as its probable they will reach Home before many of the other classes turn out & I have no Place of security for them here. they set out to Day or Tomorrow morning & I have ab<sup>t</sup> 296 Arms &c which have been left by Deserters many of them out of Order which I shall order back w<sup>th</sup> an Officer and a Detachment taking his Receipt for them to be transmitted to you I have also inclosed Receipts for those which the men March with the Pensylvanians have already made application for these Arms to Gen<sup>l</sup> Washington which I have absolutely refused to give up to their Militia & am obliged to put a Guard over them otherwise they might be seized therefore am induced to take the above step.

In much haste remain

War Office, October 18, 1777

Sir: I am directed by the Board of War to represent to you the very low state of the article of Lead in the Continental Magazines, & the great risque and danger the Army will be exposed to, without the speediest supply of that article. It is painful to the Board to be reduced to the necessity of interfering with the private stock of any particular State, nor would any but the most urgent Demands with which they can not otherwise comply induce them to do it. I am therefore earnestly to request that you and the Council will consent to a Loan of what Lead belonging to your State, you think can be spared, & the Board assure you it shall be replaced out of the first importations on continental account. Should you comply with this request, you will be pleased to order Wag-gons to proceed with it to this place as soon as possible.

I suppose he is mistaken, and that he wrote for the Ton, as you mention, tho' the Cable and half Ton only were wanted by him. We do not think we shall have Occasion for the ten Tons of Hemp, besides what you now have by you, though we possibly may and therefore we wish you to contract for it. If it should not be all immediately, or as soon as you work it up, wanted by the Public, it

will yet be a Public Advantage to have your People kept fully employed, and there's no Likelihood of any Loss from it. We will advance the Money for the Purchase, as you may desire it, and shall willingly settle and pay for what we have had, as soon as you please. The Price we presume will depend a good Deal on the Cost of the Materials and ought to be mentioned by you, we expect it will be as moderate as you can well afford. The Georgia Regiment have occasioned Complaints wherever they have went. A Representation of their Conduct has been laid before Congress, who have empowered the Governor to appoint Commissioners to hear Complaints against them and settle Damages, which are to be stopped at the Pay of the Regiment. Sir

The late ungenerous behaviour of Colonel William Hopper on the Eastern shore, lays me under the Indispensable obligation to report his conduct to your Excellency, which through regard to his connexions and reputation I have hitherto declin'd

Colonel Hopper attended the Brigade under my command, on our march to German Town on the night of the 3<sup>d</sup> Instant. On the morning of the 4<sup>th</sup> the Enemy's Picket began a Scattering fire in front of our Column when the Colonel was immediately attack'd with some qualms of sickness that oblig'd him to leave his Regiment and retreat to Maryland.

As Mankind cannot be answerable at all times for the weakness and frailty of the Human Heart, his feelings demanded more pitty than Resentment, which led me to conceal his Errors untill I had the pleasure of waiting on you in person: I am credibly Inform'd that he reported on his way down & in his neighbourhood at home, that the Maryland Militia was posted in front and was entirely cut off; this with other absurdities propogated by him to the prejudice of the Army has had its tendency to prevent the second Class of Militia from turning out so generally as they otherwise would have done. Colo. Matthew Driver with many other of his neigh-

bours can furnish you with a particular Account of his Con- c. c.

<sup>187</sup> Gentlemen of the House of Delegates.

Soon after the Enemy's Fleet passed by Annapolis and before it was discovered whether Philadelphia was the Object, or that the Intention, as many supposed, was to cut off the Eastern from the Western Shore I received a Letter from the Hon<sup>l</sup> William Paca Esq<sup>r</sup> who happened then to be at Chester Town, advising me of the Disposition of the People on that Shore to exert themselves in their Defence, of their want of Money and many other Things, and requesting what Assistance the Government could possibly give, and that Things might be conducted with the more Regularity and, consequently, with the better Effect, desiring blank Commissions might be sent over to be filled up with the Advice of the County Lieutenants and principal Gentlemen. I received the Letter about twelve o'Clock at night and dispatched the Boat time enough to cross the Bay before Morning and, under an Impression that no regular Intercourse could be kept up between the two shores, I sent what Things I could which were immediately necessary. The blank Commissions and my Request to the Treasurer of the Eastern Shore, to advance,

out of the Public Money, what might be necessary with the c. c. Approbation and Allowance of the Hon<sup>ble</sup> Matthew Tilghman, Robert Goldsborough and William Paca Esquires or either of them and afterwards the like Request was made in Council under which, I am informed, considerable Sums of Money have been advanced by the Treasurer of the Eastern Shore and, I hope, have been properly applied. I have mentioned these Circumstances which, I flatter myself, will satisfactorily account to you for the apparent Irregularity, which was altogether owing to the then situation of our Affairs.

Sir

I wrote you a few days ago with a report of Colonel Hoppers conduct; since which I have discharg'd the rem<sup>e</sup> part of the first Classes of such Militia who continued with me the time limited by the Assembly of Maryland whose names are

c. c. Inserted at the bottom of their discharges, General Smallwood & myself were under the necessity of Adopting this method in order to distinguish the number of deserters and prevent the many Impositions frequently practised in the returns of Pay Rolls &<sup>ca</sup>

All the Troop of Light Horse belonging to my Brigade except the Captain and four privates went off without proper discharges on their entering the service their Horses were Valued and in case of loss the contingent became accountable for their Value, you can therefore regulate their pay accordingly, the Assistant Quarter Master M<sup>r</sup> Clarke & the Waggon Master M<sup>r</sup> Black were sent on duty, and have not since returned. I should be glad their pay could be withheld, untill they procured certificates of their time & discharge.

M<sup>r</sup> Voorhees while acting out of the state is only entitled to Brigade Quarter Masters pay and had his Appointment as such only; the Staff Officers in this Army have the Appointment of their deputies & assistants. M<sup>r</sup> Woods recommendation came too late for him to act in that departm<sup>t</sup> he Informs me that he has purchas'd p order of M<sup>r</sup> Voorhees several Thousand Bushels of Indian Corn @ 6/ @ 7/6 p Bush<sup>l</sup>

Original.

Dear Sir.

I have inclosed you Returns off, and Rec<sup>s</sup> for such Arms Accountments Camp Equipage &c, as were in possession of all the Regiments of the Western Shore Brigade of Militia (except Col<sup>o</sup> Dorseys which were before transmitted) at the Time of their respective Discharges, & Rec<sup>s</sup> from Officers detached to take charge of such Arms & Accountments &c as have been left by Deserters, and lodged at several Stages, in order that they might be secured and Returned to the State; I have directed Col<sup>o</sup> Gist to observe a similar conduct respecting the Eastern Shore Brigade. have also inclosed the charge against James Hall the Prisoner with £27 3 0 Jersey Acc<sup>ts</sup> which I take to be conterfeit together with Intelligence relative to the conduct of some of our Country men on Board the British Fleet, which I received from a Gentleman immediately from thence.

Having now but 400 Militia from both Shores, I joined my Regular Brigade the other Day. their ragged situation, the approaching season, & the improbability of procuring supplies of Cloathing, produced sensations that must affect any Person of Humanity, this led me to address Gen<sup>l</sup> Washington on the Subject, who must feel much for the Distress which generally prevails in the Army for want of Blankets & Cloathing & must also be very sensible of the check and Abatement in the Progress of our Military Operations from this Circumstance; he refers me to you, has wrote himself and detached L<sup>t</sup> Col<sup>o</sup> P. Adams for this purpose with a Supply of Cash & Instructions to purchase from Private Families all he possibly can—being conscious your Countenance and Aid on this Occasion will not be wanting, I have inclosed a general Return of such Articles as are wanted in the several Maryland Con<sup>t</sup> Regiments, and am rendering a similar one to the Delaware State, that their Regiment now under my Command may also be

c. c. supplied. Stokings are most wanted, & I fear will be most difficult to procure, which induces me to recommend (if they can't be had) Woolen Overalls with Socks, these for Winter, and Linnen for Summer provided the Soldiery could have two pair, I have ever thought a good Substitute for Breeches and Stokings, indeed in most Instances they are preferable for Soldiers. The Troops in general are bare, but the two Maryland Brigades are more so perhaps than any in the Army, their Suffering arises from the want of Gen<sup>l</sup> Officers at their Head, to provide and draw their Proportions of public Stores, without a strict attention to this, the Cloathing often fall into a partial distribution, notwithstanding general Orders to the contrary. my Removal & Debow's incapacity and Inattention, may account for this Distress, & may serve to revive an old maxim, that every Government is best served by its own Natives, this Observation our Countrymen have not sufficiently adverted to, nor will they I am afraid, till fatal Experience has verified it in more Instances. I refer you to Col<sup>o</sup> Adams respecting our Military operations. Nothing has occurred worthy of Recital, since the fortunate Events of Burgoyne's Surrender, the Repulse at red Bank, and the destruction of two of the Enemy's Ships off Fort Mifflin.

Howes situation is critical, he might soon be reduced to Burgoyne's Fate, cou'd a small Effort of that boasted Valour, public Spirit & Patriotism, (which were so conspicuous in the mouth of every man at the commencement of this contest) be exerted, but Professions are made, and Wars carried on, with more facility in a warm Room, than in the Field. Amidst all this boasted Patriotism the burthen has & must hang on a handful of worn out worried continentals.

I remain with much Esteem

Y<sup>r</sup>s Sincerely

Annapolis 22<sup>d</sup> Nov<sup>r</sup> 1777.

Capt. Cook.

By the General Orders of this Day, the three Galley's Conqueror, Baltimore and Independence are to be under your Command as chief or Principal Officer, and you are to proceed with them to the sound between the Islands and the Main, of the Eastern Shore and there check, or distress the Enemy, all you can. If you think it may be done with Success or without hazarding too much, you are to attack the Enemy's main Force in the sound, but in this or any other Matter of Consequence, you are to have a Meeting of your principal Officers and advise with them and to have Regard to their Advice, for, though it is expected that a ready and chearful Obedience will be paid to your Orders, yet, in Things of Consequence, when Time and Opportunity favours, the Advice of the Officers ought to be had and attended to. When the Service no longer requires your Stay, you will proceed back with the Conqueror and Independence, leaving the Baltimore as a Guard below, but no Hands are to be left in her but those who properly belong to her. If the British Ships change their Station to any other Place within this

State, you are to go with the three Gallies, into their Neighbourhood and choose the best situation you can for the Safety of the Gallies and to cut off the Tenders. If you find any Persons carrying on a Correspondence with the Enemy, secure such and their Vessels if you can, and assist the Operations of the Militia all in your Power, against the Enemy, or in securing those who may be suspected of corresponding with the Enemy. Contrive my Letter to Col<sup>o</sup> Dashiell and, if the Arms I have wrote to him about, can be got ready, you will put Part into each Galley and bring them to Annapolis. Particular Care, especially to keep them Dry, must be taken of them. They are packed in 40 Boxes. Advise of your Situation by every Opportunity and, if your Stay should be any Time and no Opportunity offers send an Express.

We are &<sup>ca</sup>

[Council to Capt. Cook.]

Annapolis 22<sup>d</sup> Nov<sup>r</sup> 1777.

General Orders.

The Row Gallies Conqueror, Baltimore & Independence, under the Command of Cap<sup>t</sup> Cook, of the Defence, are to proceed from hence to the Sound on the Eastern Shore and there act in Concert against the Enemy now infesting those Parts of the State. If the Enemy removes from thence, the Conqueror and Independence are to return to Annapolis, and the Baltimore is to continue there for the Safeguard and Protection of that Part of the State, 'til further Orders.

All Officers to bear Rank and Command according to their Commissions and their Dates or the Times noted thereon of their coming into the Service of the State.

Nothing being so essential to the Success of an Enterprize and the Safety of the whole, as a due and ready Obedience to Command, it is expected that every Officer will be careful in that Particular, and if it should happen that any Difficulty should arise about Rank, it must not grow into a Difference, as all Pretensions will be heard with Patience and decided with Justice.

We are informed by L<sup>t</sup> Col<sup>o</sup> Adams, that one Roach, who lives at or near Vienna, and is now at large in those Parts, has been in the Enemy's Service acting on Board a Tender and was taken on Board Cap<sup>t</sup> Byas's Boat with several others, when she was retaken. We have no Oath before us, as to the Truth of the Report, or we should send for Roach, but it is highly proper his Conduct should be enquired into and, if culpable in the Manner represented, that he should be prosecuted. We therefore request you will send for Byas and take such other Measures as may be necessary to investigate this Matter. Your own Prudence will make it unnecessary to observe that your Enquiry should be as private as possible, that Roach may not hear you are taking Measures against him 'til your Warrant is executed, if you should think proper to issue one.

Sir

We have not heard whether you have got the Arms from the Cherry Stones or not, if you have, we wish you to retain for the Use of Somerset County, as many Boxes as make 100 Stand, to deliver as many Boxes, for the Use of Worcester County to Col<sup>o</sup> Joseph Dashiell, as make 100 Stand. We would not have the Boxes broke and the Arms picked, we suppose there are 25 in a Box; the Remainder, if you think it safe, send up in the Baltimore Galley Capt. Walker, who we would also have bring up what Goods you and Col<sup>o</sup> Jos. Dashiell may have purchased with the Invoices.

If you think there is too much Risk in sending the Arms and Goods in the Galley, we wish you and your Brother to get Carriage and forward them higher up, where the Galley may, prudently take them in. This Galley or another shall return again soon.

We have desired Col<sup>e</sup> George Dashiell to retain 100 Stand of Arms for Somerset and to deliver to you as many for Worcester County and have requested that the Remainder, with the Goods you and he have purchased may be sent up in Cap<sup>t</sup> Walker's Galley. We wish you, if not too inconvenient, to consult together and dispatch the Galley. The Woollens of which you sent us Samples of the Width, we suppose, are bought much to our Satisfaction and will be very useful. We think with you that the Purchase of Goods would have been easier and cheaper with Cash in Hand than on Drafts, but the Assembly have chose the latter Way which, in large Sums, will make no great Difference. We shall be obliged to you to have an Eye to the Inlets for Woollens, Shoes & Hats, which are by much the most wanted We are &<sup>ca</sup>

Inclosed is a Resolution of the General Assembly for putting Fort Frederick Barracks in Repair, for the Reception of Prisoners. We shall be much obliged to you to employ Workmen immediately to do it. The Gap in the Wall made by Pindell, must be made up again and, as we are informed, Doors and Windows will be wanted as well as some Plank for

If your private Affairs will not permit you to attend to this Business, we request you will prevail on some Gent whose Activity can be relied on, to undertake the Management of it. Great Expedition is necessary and therefore we wish a sufficient Number of Workmen to be hired. Be so obliging as to acknowledge the Receipt of this and to advise us what time we may expect the Barracks will be fit to receive the Prisoners.

Being an entire Stranger to the Inhabitants of your State, and under the necessity of appointing a deputy Commissary General of Prisoners for Maryland, I am obliged to trouble your Excellency in asking the nomination of a proper Person to execute that office, who shall receive his Appointment without delay.

As I find fort Frederick is to be fitted up, for the reception of Prisoners; I should be glad if he was acquainted with that part of the Country, altho' I do not think it absolutely necessary. He must be a man of Character, Integrity & Activity, yet the Business will not require but a small part of his Time

His Pay & Rations will be that of a Major in the Army of the United States. As soon as a proper Person is fixed on & accepts the Office, I should be glad he would make me a return of all the Prisoners of War in the State, with their Corps, Time when & Place where taken. M<sup>r</sup> Samuel Gerock brought down an Account of the Hospital at Baltimore which, though it may be very just, is more than we expected it would have amounted to. Council and myself think that would be effected by taking Security from him and therefore I send you the inclosed Bond, on the Execution of which, by himself and two Securities, approved as sufficient by either of the Justices, you are to discharge him. Job Green also appearing to us to be under similar Circumstances, we would have you discharge him too, on the same Terms, if he chuses to give the like Bond. The Reverend M<sup>r</sup> Patterson & M<sup>r</sup> Wright will, in a little Time, be sent to the Eastern Shore, where a Court will be called and their Discharge will depend on the Proceedings of that Court.

[Washington to Gov. Johnson.]

Head Quarters Valley Forge, 20<sup>th</sup> December 1777

Sir: Gen<sup>l</sup> Smallwood will, by this Conveyance, transmit you a Return of Seven of the Maryland Regiments. The eighth, which was composed of part of the German Battalion, and part of Rawlins's Regiment, is in the same situation in point of numbers. By this you will discover how deficient—how exceedingly short they are of the complement of Men, which of right, according to the establishment, they ought to have.

This information I have thought it my duty to lay before you, that it may have that attention which its importance demands, and in full hope, that the most early and vigorous measures will be adopted, not only to make the Regiments more respectable, but compleat. The expediency and necessity of this procedure are too obvious to need argument. Should we have a respectable force, to commence an early Campaign, before the Enemy are reinforced, I trust we shall have an opportunity of striking a favorable and happy stroke. But if we should be obliged to defer it, it will not be easy to describe, with any degree of precision, what disagreeable consequences may result from it. We may rest assured, that Britain will strain every nerve to send, from home and abroad, as early as possible, all the Troops it shall be in her power to raise or procure. Her views and schemes for subjugating these States, and bringing them under her despotic Rule, will be unceasing and unremitted. Nor should we, in my opinion, turn our expectations to, or have the least dependance on the intervention of a foreign War. Our wishes on this Head have been disappointed hitherto, and I do not know that we have a right to promise ourselves, from any intelligence that has been received, bearing the marks of authority, that there is any certain prospect of one. However, be this as it may, our reliance should be wholly upon our own Strength and exertions. If, in addition to these, there should be aid derived from a War between the Enemy and any of the European powers, our situation will be so much the better. If not, our efforts and exertions will have been

the more necessary and indispensable. For my own part, I c. c. should be happy, if the Idea of a foreign rupture should be thrown entirely out of the scale of politics, that it may not have the least weight in our public measures. No bad effects could flow from it, but on the contrary, many of a salutary nature. At the same time, I do not mean that such an Idea ought to be discouraged among the people at large.

There is one thing more to which I would take the liberty of soliciting your most serious and constant attention, to wit, the Cloathing of your Troops, and the procuring of every possible supply in your power for that end. If the several States exert themselves in future in this instance, and I trust they will, I hope that the supplies they will be able to furnish, in aid of those which Congress may immediately import themselves, will be equal and competent to every demand. If they do not, I fear — I am satisfied that the troops will never be in a situation to answer the public expectation, and perform the duties required of them. No pains—no efforts on the part of the States can be too great for this purpose. It is not easy to give you a just and accurate Idea of the sufferings of the Army at large, and of the loss of Men on this account. Were they to be minutely detailed, your feelings would be wounded, and the relation would not be probably received without a degree of doubt and discredit. We had in Camp, on the 23<sup>d</sup> instant, by a Field Return then taken, not less than 2898 men unfit for duty, by reason of their being bare footed and otherwise naked. Besides this number, there are many others detained in hospitals, and crowded in farmers Houses for the same cause. I flatter myself the care and attention of the States will be directed in a most particular manner, to the supply of Shoes, Stockings and Blankets, as their expenditure, from the common operations and accidents of War, is far greater than that of any other article. In a word, the united and respective exertions of the States can not be too great—too vigorous in this interesting work, and we shall never have a fair and just prospect for success, till our Troops (Officers and Men) are better provided for than they are or have been.

We have taken post here for the Winter, as a place best calculated to cover the Country from the Ravages of the Enemy, and are busily employed in erecting Huts for the Troops. This circumstance renders it the more material, that the supplies should be greater and more immediate than if the men were in warm comfortable Houses.

Before I conclude, I would also add, that it will be essential to inoculate the Troops or Levies as fast as they are raised, that their earliest services may be had. Should this be postponed, the work will be to do, most probably, at an interest-

c. c. ing and critical period, and when their aid may be more materially wanted

I have the honor to be,  
with the greatest Respect, Sir,  
your most ob<sup>t</sup> Serv<sup>t</sup>

His Excellency  
Gov. Johnson.

Sir

I received yours this Morning by M<sup>r</sup> Faw. Col<sup>o</sup> Lloyd & M<sup>r</sup> Brice are of Opinion with me, that no other Method can be taken to have an immediate Effect but by calling on the Militia, 'til we can get a Guard of about 60 Men, if the other Prisoners should not come. This Guard, we suppose, will be sufficient for the Prisoners and also for the Magazine; wherefore we request that you will, immediately endeavour to have such a Guard raised under a Captain and two Lieut<sup>s</sup>. If good Officers of the Militia will serve, the better. The Guard to be inrolled for the Purpose of Guards in Frederick County or to go with Prisoners for the safe conducting them to either of the adjacent Counties only, the Time the Engagement to be for six Months, if they should be so long necessary, or, if the People will not engage for so long a Time, for such shorter Time as they will agree; The Guard will be entitled to Continental Pay and Rations. M<sup>r</sup> Faw says he is afraid that the Men will not inroll without a Bounty. I have no Power to give any, but, what perhaps, may nearly answer the Purpose, we send, by M<sup>r</sup> Faw, two hundred Pounds and would have you, when you think it may be safely done, to advance a Month's Pay. I will represent the Matter to the Assembly and endeavour to get them allowed a Bounty of five Dollars and I am so well satisfied of the Necessity of a good Guard that, if the Men cannot be got without a small Bounty, that I think it will be better for the Inhabitants to advance it, I will give forty Dollars towards it myself. I am anxious to get the Powder out of your Town, I think it endangers the Life of every Inhabitant of it. Two Companies of Matrosses being ordered to Camp has made it impossible to send a Guard from hence, as I once intended, but the Expence of getting a small Guard for the new Magazine, be almost what it will, 'til you get your Guard Company inrolled, I beg you will immediately have the Powder removed. If you have more public Arms finished than will be necessary for your Guard, it will be prudent to put them into the Hands of such of the Inhabitants of your Town, as you can best rely on for taking Care of & using them on a proper Occasion. The Number of Prisoners at Frederick Town and those expected, makes it absolutely necessary, for the safe Keeping

c. c. of the Prisoners and other Considerations of as much Weight, that a pretty strong Guard should be kept. I therefore request that your Battalion & Companies may furnish, on Charles Beatty Esquire's Orders, what will be sufficient, 'til a Guard Company can be inrolled; he will apportion the Duty, as nearly equal as he can, Situation and Circumstances considered, & your Assistance to get the Guard Company inrolled, will soon make an End of the Occasion of this Duty which, I wish to be as short as possible I am Gen<sup>l</sup> &<sup>ca</sup>

Annapolis 31<sup>st</sup> Dec<sup>r</sup> 1777.

Sir

This, I expect, will be handed to you by Cap<sup>t</sup> Brown, who commands one of the Artillery Companies to be sent from hence under the inclosed Resolution. I have given him Orders to march to you at Wilmington and similar Orders to Cap<sup>t</sup> Dorsey of the other Company, if he is ready to march, of which I am doubtful. I have given them Orders to march to Wilmington rather than to the Valley Forge, presuming that if they should be less useful at Wilmington, or, if General Washington should chuse to have them with the Main Body, the Difference of the Distance will not be very great and you will be better able than myself to direct the Rout. I do not know whether it will suit with the General Plan of the Army to have these two Companies separate Corps, if not, Imagine they will probably be joined to some other Body of Artillery and, if they are, or a Major should be appointed to command both Companies, I should think it but Justice that Maj<sup>r</sup> Fulford or Maj<sup>r</sup> Smith should have the Appointment, if they chuse. I inclose you a Copy of our Recruiting Act and submit it to you whether it would not be well to send an Officer to each of our County Court Houses or, at least, the most of them, to receive the Recruits. I do not know what Success we may have, but the Bounty seems to be sufficient, if any Bounty will do.

Whereas the Board of War has requested of this State as well as of other States an immediate Supply of Provisions for

the Use of the Continental Army. This Board desirous of C. B. complying with the said Requisition and being fully convinced that it will much conduce to the general Interest as well as the Interest of the Proprietors of Cattle at places from whence they may be readily taken away by the Enemy that such of those Cattle as are fit for Beef should be immediately collected at a full and just price and applied to the Subsistence of the Army.

Therefore Mess<sup>rs</sup> William Winder jun<sup>r</sup> Ephraim Stevens and Levin Woolford of Somerset County or any or either of them is hereby appointed to purchase and Collect the Cattle in the said County which are fit for Slaughter for the use of the said Army and he is to procure the same on Contract if the Proprietors will sell them for a just price But if the proprietors of such Cattle along the sound and on the Water sides from whence they may readily taken by our Enemies on board the Men of War refuse to dispose of the same then the said William Winder Jun<sup>r</sup> Ephraim Stevens and Levin Woolford or any or either of them is impowered and required to Seize such Cattle for the use and Subsistence of the Army as aforesaid leaving if necessary sufficient for the Subsistence of the Owner and his Family and paying the value of the Cattle so seized at the rate as near as can be estimated of one Shilling per pound for the neat Beef of good fatted Cattle and nine pence per pound for inferior and adding one fourth part of the sum for the fifth Quarter. And the said William Winder jun<sup>r</sup> Ephraim Stevens and Levin Woolford as soon as convenient are to have the weight of the Cattle so seized estimated by an Honest man or two who are good Judges thereof if the proprietor of the Cattle and the person seizing the same shall disagree therein and the said William Winder Jun<sup>r</sup> Ephraim Stevens and Levin Woolford are also desired to send all Cattle by them collected as soon as may be to the Camp under twenty Drovers to the Commissary of Purchases together with an Account of the cost of the Cattle and to send a Copy of the said Account to this Board.

Sir,

The late fortunate Capture by our Troops at Wilmington, we are in Hopes, has in great Measure, relieved, if not fully supplied them. It will certainly promote the Recruiting Service to have Cloaths furnished to the Men immediately on their Inlistment, we therefore request that, as soon as any Recruit is inlisted, you will, on the Officer's Application, furnish him with one Pair of Shoes one Pair of Stockings, two Shirts, a Pair of Breeches, a Coat, Jacket and Hat or such of those Articles as you have, as the Recruit may want, charging the Regiment to which such Recruit belongs, for the Articles delivered.

Sir

We have heard of your good Fortune in capturing a Store Brig, on which we congratulate you, but do not know how far your Wants may be relieved by it, though, we flatter ourselves with the Hopes that you have Cloathing sufficient, and to spare, for all the Maryland Troops. We have a good many Articles, purchased up in different Parts of the Country. A good Deal of the Linen is made into Shirts and we are drawing the Goods together from the different Collectors, in order to send them forward; but, if you are supplied and the Army in general is in a fair way of being so, we are of Opinion, nothing, will so much assist the Recruiting Service as our being able to cloath the Men, immediately on their Inlistment, and therefore wish to apply the Goods that Way; yet, any Articles you want or any other Part of the Army, with which they are not likely to be soon supplied, as far as we can, we would furnish. Be pleased to dispatch the Bearer, who goes on purpose with this, and advise us, which will regulate our Conduct.

Sir

You are privy to the Measures taken and Instructions given for collecting the fat Cattle from those Parts of your County, easily approachable by the Enemy, for the Use of the Army. Perhaps the Disaffected may forcibly oppose the Execution of the Order; if that should be the Case, and the Gent. appointed should apply to you for Assistance, you are to collect the Militia and support the Gen<sup>t</sup> in the Execution of the Order, for, withholding the Cattle and opposing their being applied to the Subsistance of our Army, can only be done in favour of our Enemies and, we are determined, they shall not draw any Supplies, from this State, if it can be prevented.

When the Militia were ordered out, the Officers who commanded them, represented, and we believe very truly, that many of the Men could not march, without an Advance of some necessary Articles of Cloathing, most commonly Shoes, or Money to purchase them, and with a View to enable the Officers to advance for such Purposes, in small Sums to the most necessitated, Orders were drawn, by the Council and myself on the Treasury in favour of the Colonels or Principal Officers who went with Detachments of the Militia. Money was advanced by the Congress in the same Manner, and Shoes by the Council of Safety, last year, with the same Intention. We are informed that, in by far too many Instances, the Men, to whom small Advances were made, much within a Proportion of their Pay, have deserted, and that, in settling the Militia Accounts, no Credit is allowed to the Officers for Money advanced in such Instances. The Officers, in such Cases, last Year, had Credit in their Accounts and, we think, on every Principle of Justice and Policy, and we are satisfied, unless the Officers have the like Allowances now, they, nor any others in future, will advance Money for which they will expect to be chargeable on an Event which they cannot hinder, We therefore wish you to make the Allowance to the Officer, unless it appears the Advance was imprudently or improperly made.

The inclosed Order of Council pretty fully explains the Necessity of it. Perhaps those who are not well affected may blame the Measure, but those who wish a plentiful Supply for our Army and that we may not feed and support our Enemies to subdue our own Country, we flatter ourselves will approve and support the Resolution we have taken. We would wish Violence to be avoided if possible, and have lodged this Power with you from a Certainty that it will be prudently exercised. If any Doubt or Difficulty should arise, we wish you to compare Sentiments and Act in Concert; yet if the People, whose Situations expose their Stocks to be plundered by the Enemy, refuse to furnish their spare Cattle, for the high Prices proposed, as such Refusal can proceed only from a Preference they give the Enemy, it is necessary such Cattle should be taken to prevent their inimical Designs. Possibly some may be so illy disposed as to oppose the Execution of the Order, if so, and you think it necessary, you are to call on the Lieuten<sup>t</sup> of the County for Assistance, who is to afford it, for we are determined, at every Hazard, to prevent our open from being supplied by our internal Enemies.

In Council Annapolis 8 Jan<sup>y</sup> 1778.

Sir.

M<sup>r</sup> M<sup>c</sup>Germant just now delivered us your Letter of the 10<sup>th</sup> of December. It is a principal Object with us, as well as with the Legislature of this State, to render every possible Aid to the Army and, if there was a pressing Necessity for seizing Salt and Provisions within this State, we have no Doubt but, on its being disclosed to the Assembly, for which there was a full Opportunity, due Provision would have been made, but it would, in all likelihood, have been limited by the Occasion, and modified in such a Manner as to prevent, as far as possible, any Oppression or useless Violence. Besides our not being yet informed of any Resolution of Congress, under which Col<sup>o</sup> Blaine could suppose himself empowered to seize Salt imported into the Inlets or Stock in Somerset or Worcester County, he seems to have left M<sup>r</sup> M<sup>c</sup>Germent at full Liberty, nay, to require him to seize all Salt imported there and all Cattle, without making the Necessity of the Army or our Inhabitants any Rule and, so far from attending to the great Principle on which the Seizure of Property can, in any Instance, be justified, that is, the Payment of the full Price, Certificates only were to be given, no Price to be mentioned and the fifth Quarter of the Cattle to be sunk which, according to M<sup>r</sup> M<sup>c</sup>Germonts Explanation, was not to be taken into the Account at all. We can never approve such Orders or the Execution of them, and, we flatter ourselves that they were given without your Privity. We should be glad to be advised from Time to Time, what Gentlemen are employed in your Department, in this State, and the Extent of their Powers, that we may know who to assist and how far Assistance is desired. Unnecessary & wanton Violence, as stated to us, on Oath, was lately committed by M<sup>r</sup> Huggins, on the Person and Property of Yeiser, of Baltimore Town and ought to be enquired into. We last Sunday received Letters from Congress and from the Board of War which give us the very disagreeable but first Notice of the Army being in Danger of suffering for Want of Provisions. The State of our Treasury would not allow us to do a great Deal but, on disclosing the Matter to M<sup>r</sup> Chase, he immediately went to Baltimore to endeavour, if possible, to throw in something towards a temporary Supply and, by a Letter from him, we hope, he will succeed. We had taken Steps to collect what Beef we could

Baltimore 19<sup>th</sup> Jan<sup>y</sup> 1778.

45

Sir.

Your Favor of the 12<sup>th</sup> Ins<sup>t</sup> was delivered to me last Friday, I received a Letter also at the same Time, from Mess<sup>rs</sup> Samuel & Robert Purveyance informing me that they had good Reason to believe that M<sup>r</sup> Governere of Curasoa was part Owner of the Sloop & Cargoe, and that the Captain was retailing the Salt in very small Quantities at £15 p<sup>r</sup> Bushel and would not sell it to Ingrossers. Before the Receipt of your Letter, I had been advised by M<sup>r</sup> Van Bibber, of the Arrival of this Vessel, that this was her third Voyage and that the Captain, in a former one, refused to sell in Gross and had retailed his Salt at a lower Price than he had been offered for it in large Quantities. The Council and myself thought it best that Enquiry should be made, as to the Property of the Vessel and Cargoe and that, unless the Owners were real Enemies, a Purchase would be much more eligible than a Seizure, especially, as the Scarcity of Salt is not now so great as the Congress seems to have apprehended and I willingly, came here with that View. The inclosed Affidavit and correspondent verbal Information from several of the trading Gentlemen in Town is the Result of my Enquiry. M<sup>r</sup> Beakman is known to some of the trading Men here, and has, as I am informed by them and others, been always esteemed, not only a firm but a suffering Whig; what Connexions he has had here, seems to have been with those who are Whigs. The Captain says, that he was employed in the Service of the Congress from New York to Curasoa with a Cargoe, in this Vessel, to make Remittance for Powder sent to New York by M<sup>r</sup> Governere, and that M<sup>r</sup> Beakman offered her Cargoe of Salt last year to M<sup>r</sup> P. Levingston for the Use of the Congress, at two thirds the Price it was sold for at Egg Harbour. Seeing no Circumstance against M<sup>r</sup> Beakman but what ought to be equally decisive against every Body else now in Philadelphia, I have forbore to make any Seizure of the Salt, on an Assurance, which I have no Doubt will be kept, that the Congress may have it, if they please, at the common selling Price, which is now 15<sup>s</sup> a Bushel, 1000 Bushels at least, will be reserved for an Answer. One M<sup>r</sup> John Davis since I began this Letter came in and offered me 200 Bushels, just brought up at £14 a Bushel. M<sup>r</sup> William Lux & others have a late Arrival at South Key North Carolina and will engage to deliver 1000 Bushels here as soon as possible, they expect one Half of it within a Fortnight at 13<sup>s</sup> p<sup>r</sup> Bushel. There have been several late Arrivals in North Carolina, Virginia, and in the Inlets on the Eastern Shore, amongst the latter

C. C. 700 Bushels belonging to this State, these 700 Bushels, about 300 at Snow Hill, about 200 at Annapolis and about 150 in the Neighbourhood of this Town, all belonging to this State, the Congress may have at a reasonable Price. Several People expect Salt in, daily and small Quanties of imported and Country made Salt are, every now and then, brought to this Place for Sale. Those who have and expect Salt, seem desirous of giving Congress the Preference and independent of all other Circumstances which would make it more desirable to purchase, the Congress may be supplied in that Way with a greater Quantity than in any other of this. The Council & I are so well satisfied that if the Treasury of this State could possibly bear it, we should immediately purchase 1500 or 2000 Bushels for the use of the Continent, but we have not the Money. If I might advise, it would be, to order the Comm<sup>r</sup> to purchase what is immediately wanted here for Cash and, there can be little Doubt but, in a short Time, there will be a Plenty and at a lower Price. A few Days ago, I received a Letter from M<sup>r</sup> Richardson in the purchasing Commissary's Department, at George Town; he had borrowed one hundred Bushels of Salt of M<sup>r</sup> Hooe & had just been informed that a Quantity which he expected from Virginia had reached a Creek on Potowmack, from whence he might soon get it. I am well informed of large Quantities of Salt expected here, but a Seizure will certainly determine People to stop what they can and prove not only highly prejudicial to the Inhabitants of this State, but prevent Congress from being supplied at so cheap a Rate on the whole, with any large Quantity at the Places by much the most convenient for Carriage

Sir,

I received your Favors of the 31<sup>st</sup> Decem<sup>r</sup> & 16<sup>th</sup> In<sup>s</sup> Cap<sup>t</sup> Brown & Dorseys Companies have arrived & remain yet at this Post have forwarded Returns of these companies with a Copy of y<sup>r</sup> first ltr the Resolve & Recruiting Act to General Washington & now with his Directions thereon which for your Satisfaction shall be communicated

You must have been misinformed greatly respecting the supplies of soldiers Cloathing captured there was the Baggage Stores cloathing marque's & Equipages of the Officers of 4 Regiments but not near Soldiers cloathing for one which has been distributed among eleven Regiments stationed here

I have Inclosed you a general Return stating the Quantity & species of cloathing & the number of men wanting in each Regiment this will evince the misrepresentation and point out the Expediency of immediately forwarding Supplies of cloathing & I lament that you will also be so much disappointed in your Expectations of the Army in general being so well supplied when you come to read the inclosed Ltr. from Gen<sup>l</sup> Washington

The sorts of Cloathing most wanting you will observe specified in the Return I am sensible Cloathing the Recruits wou'd forward that service much but this Post being much exposed to surprize necessarily subjects the Troops to extensive & severe Duty to obviate it which cannot be complied with at this Season nor can they annoy the Enemy & intercept their Supplies from the Disaffected in the Government unless they are well clad which were principal objects in taking this Post.

Since the Arrival of the Troops here with the Artillery they have taken two sloops loaden with Provision and a Sloop & an armed Brig principally loaded with Officers Stores, Baggage, Marque's & Equipage but few Articles necessary for the common Soldiery except 500 good Tents & 1000 stand of excellent Arms which are far short of the Quantity we were led to believe at first were in the Brig from the captured officers.

I remain with much Respect

Sir

The unsettled State which I have been in since I got here,  
has put it out of my power to answer your Letter of 19<sup>th</sup> Jan<sup>y</sup>  
before this Time.

Congress is extremely sorry the Salt could not be procured ;  
at the same Time they highly approve of your Excellency's  
Conduct, and desired the president to return you and the  
Council the Thanks of Congress for your respect and Atten-  
tion to their resolve.

Congress have accepted the Salt you offered, and I expect  
the president has wrote you fully upon that head; the Com-  
missary is likewise to purchase such quantities as he may think

c. c. necessary; and I am in hopes with what he will receive from you, there will be, a sufficient quantity for the present Demand.

I am sensible of the low State of our own Treasury and I believe I may assure you with truth, that the Continental Treasury here is in a much worse situation. However we have procured a Warrant on Tho<sup>s</sup> Harwood Esq<sup>r</sup> commissioner of the continental loan office for the State of Maryland for twenty thousand dollars, drawn in your favour for the purpose of recruiting the Army.

The Situation of our Army is truly alarming and unless we can supply it with provisions by some means more effectual than any now adopted, I am afraid they must separate. a Committee is now out for that purpose

The Army is to under go a Reformation M<sup>r</sup> Carroll was one of the members of Congress appointed on that Business, but the indisposition of M<sup>rs</sup> Carrol called him home, the other Gentlemen that were appointed are now at Camp.

Congress have at length agreed upon the just and equitable Doctrine of Retaliation, which you may see by the enclosed papers.

We have no news. make my respects to the Council and believe me to be Sir

(Circular)

War Office February 10, 1778.

Sir

Enclosed you have a Copy of a Resolve of Congress, directing the Board to enquire into the causes of the deficiencies in the department of the purchasing Commissaries, the present state of which, is really alarming. In order to enable us to comply with the directions of Congress, it is necessary to get all the evidence the subject will admit of, as well for present satisfaction, as future Government. I am therefore, to solicit your immediate enquiry into the situation of the purchasing Department in your State, and that you will be pleas'd to give such Information, both as to men and measures, as you shall think the necessity of the case demands, and if any abuses have arisen, from the men, employed either principally or subordinately, Measures, may be taken for their removal; and if any want of Regulation on public, or private obstructions, has been the occasion of the Languor in the Department, as far as has fallen under your Notice, the proper representation may be made to Congress, who are ready to remedy, when properly informed, of the evil. The Board, would also be happy to receive your opinion, as to what supplies may at this time or in the course of the next Campaign, be drawn from your State, specifying, the species and probable quantities of the respective articles. The Board have taken the Liberty to address this Letter to you, as they have done to the Governments of the other States, not with a view to any particular Person or Measure, nor with a desire to draw from any State more Provisions or supplies than it is prudent for them to part with, but as they have been placed in a great Department, and do not yet know where the Enemys Operations the next Campaign may point, it is necessary for the Board to know what Abuses prevail, what Regulations should be made in the Provision business, and what resources each State can furnish in case of any emergency or movement of the Enemy; keeping always in view the supply of the Army,

whether it preserves its present Position, or shall move, as the C. C. Theatre of war may change.

I am with the greatest respect  
Your Excellencys most ob<sup>t</sup>

The Board are desirous to be acquainted what progress  
Fort Frederick is in, & when, that place will be ready for the reception  
of Prisoners of War. Your Excellency in circular Letters of the 15 June & 25 Nov<sup>r</sup> last was requested, to transmit a List of all Officers appointed by the State of Maryland in their Continental Regiments. I beg leave to mention, no such List has been yet received.

It is a very unlucky Circumstance that the Commissioners did not meet to adjust the Assessment. The voluntary Payments were relied on by the Assembly as a Fund to carry on the Recruiting Service; we would by all Means, have the principal People applied to and, we flatter ourselves, that many of them will pay in part of their Assessment at least. There can be no well grounded apprehension but that if a Man should pay in more than what he is charged with on his final Assessment, the Assembly will have the Overplus repaid or deducted from his future Taxes.

We are very sorry that the Conduct of any Set of People should make Protection and Assistance necessary to the Civil

c. c. Officers, in carrying the Laws into Execution, but, where it is rendered necessary, it must be afforded and we request you to give the necessary Aid, of the Militia under your Command, to enable the Sheriff to collect the Substitute Money. A Like Opposition was made in Baltimore, and also in St Mary's but, in both Places, it was quieted by vigorous Measures. We think it would be proper that Affidavits should be made of the Opposition given to the Deputy Sheriffs with the Circumstances attending it and that one or two of the Justices of the Peace should issue Warrants against the Principals, at least, for the Riot; a prosecution & an exemplary Fine might produce Salutory Effects. If you are apprehensive that the Opposition will be too general for you to go through with it, we would, on being so advised, send you a few of the Matrosses and a Field Piece or two, tho' we much rather chuse not to employ a Regular Soldier in enforcing the Laws, if the Business can be done without them. Sterling and Moore have been examined before us and we have caused their Depositions to be taken. The Accounts we have from our Troops, makes us very anxious to forward what Cloathing we can, to them, we have packed up what we have here, though it will be but a small Relief, and shall send it off in a Boat, we expect, Tomorrow. Pray get what you have ready also packed up, the Boat is to call on you. Col<sup>o</sup> Smith writes that he shall take the Leather Breeches instead of the Cloth ordered for Breeches, but we should not have given him an Order for them, had he mentioned them, we cannot furnish all the Troops with Leather Breeches and, so far as they will go, we design them for the Sergeants and request they may be packed up and sent for that Purpose. The Matrosses were furnished with Leather Breeches, but it was to prevent their waiting for others. Pray get all the Cloaths made up as quick as possible. Col<sup>o</sup> Smith writes, that a great Many may be very soon done there. In Council Annapolis 11<sup>th</sup> Feb<sup>ry</sup> 1778.

Sir.

No Misunderstanding on our Part occasioned the Order to deliver you Cloth to be made into Breeches as well as Coats. You urged the Expedition with which you could have the Cloaths made up and that by that Means, the Cloathing for the whole, would be the sooner done. We knew there were some Leather Breeches but there are not enough for all the

c. c. Troops nor can enough be got for them. We are desirous of treating all equally and shall direct the Leather Breeches to be delivered to the Sergeants, as far as they will go, and request they may be left for M<sup>r</sup> Calhoun to send with what other Cloaths he has ready. A Boat will call at Baltimore in its way to the Head of the Bay in a Day or two, which will be a good Conveyance for what Cloaths you have for your Regiment. Besides the Order of the Assembly that the Commissions given out by the Governor and Council should be dated in April, your Brother's Appointment, from any Thing we can find was so late as 20<sup>th</sup> February, we therefore cannot fill up the Commission as you desire. The Reason, we imagine, why M<sup>r</sup> Reiley's Commission bears date the 10<sup>th</sup> Dec<sup>r</sup> is, that he was then, or a few Days before, appointed and Commissioned by the Commissioners M<sup>r</sup> I. Smith being a first Lieutenant in the Matrosses may be of Weight in settling his Rank and as he has given up his Commission, we inclose you a Certificate of his appointment We are Sir, &c.

Sir,

The inclosed Letter from, Col<sup>o</sup> Charles Beatty, Lieutenant of The County of Frederick, will convince Your Excellency of the Necessity of immediately Ordering a proper Detachment from the Militia, to Guard the Prisoners of War now in Frederick Town. By a Resolve of Congress of the 21<sup>st</sup> Ult<sup>o</sup> all the prisoners of War are directed to be put into close confinement, until The Enemy's Generals shall think proper to Abate of their inhuman Rigor, to our unfortunate Brethren in Their Hands. this being The case, I cannot see how the request of Col. Beatty, to let some of the Prisoners in Frederick Town go out to work with the Country Inhabitants, can be complied with. The Other part of The Colonels Letter requesting the appointment of an Assistant Q. M. at Frederick, shall without Delay be considered, & will probably meet with the Approbation of The Board.

Sir,

I take the Liberty to enclose M<sup>r</sup> James Hepburns Letter to your Secretary, and a Petition to your Honorable Board. Since M<sup>r</sup> Hepburn's arrival, he has been much afflicted with a Rhumatic Disorder, and in my opinion, will not be able to travel for some time. He has behaved himself during the time he has been under my direction very well. The Prisoners of War now under my direction at this place, are very bare of Cloathing, part of them have behaved well. if the hon<sup>ble</sup> Board would permit me to let them, who, have behaved well, out to work they could get themselves some little necessaries, & be of great use in the neighbourhood of this place; Then, I could manage the turbulent, much better. I have had a great deal of trouble with the last party of Prisoners that came to this place.

The Militia of this County refuse to stand guard any longer, knowing, there is no power to compel them, except the Assembly. I cannot blame the whole of the Militia for part have served several times with alacrity, but finding the whole duty, must lay on a few, they have resolved to do no more than their share, which has put me under the disagreeable necessity of being turnkee, & Guard, myself.

Except, a Continental Quarter Master, is appointed for this place, in order to provide Forage & Waggon, the marching of Troops through, will be much impeded.

I have done the Duty of Town Major, Quarter Master, & Waggon Master at this place without fee or reward, but my slender fortune will not admit the Continuation thereof. the glorious Cause which we are struggling in, has prompt me on, to greater lengths than I ought in Justice to my little Family

I hope you will excuse my urging the necessity of a Quarter Master, at this place for experience has taught me, the Troops will be much impeded in their march for want of Forage and Waggon. I have a further reason for urging it, I intend to leave this place early in the spring, & well know the majority of the people are desirous of being paid for what they do.

I have the honor to be

Your very humble Serv<sup>t</sup>

Sir.

We wrote you yesterday, by M<sup>r</sup> Judah, and gave you Reasons why we could not date M<sup>r</sup> James Smith's Commission as you requested. Inclosed you have Copies of two Resolutions of Congress, about filling up Commissions and Rank. It would seem as if there could be little Difficulty in passing an Order that the Maryland Officers should rank amongst themselves according to the Rank established by the Assembly, except in two or three Instances, which were generally esteemed improper and which the Assembly would have corrected, had the Gen<sup>l</sup> not been quite tired of the Subject. We are sending some Cloaths from hence, your Blankets go up with them. The Boat is to call at Baltimore for what M<sup>r</sup> Calhoun has; his Stockings added to what we have must be divided. We think your Cloaths had better go up in the Boat and your Men too, it will save a great Deal of Fatigue, to the Head of Elk.

We should gladly send you the Money you want, but it is not in our Power, there's not £1000, we are sure, in the Office. Do press the Sheriff to request a few Gen<sup>l</sup> to pay in Part of their Assessment, there is no other Fund. We have just received Advice that there are two Men of War in Patowmack and that they have taken the State Ship Lydia.

Sir

We received yours of the 10<sup>th</sup> last Night. Nothing is left in our Power, with Respect to Cap<sup>t</sup> Fenwick, but to endeavour to get him and his People back again. We have got Prisoners enough taken in Merchant Vessels to exchange for the Lydia's Crew, but they are at a Distance from hence and it will be several Days before they can be sent down. If the Men of War are not already gone down, we request you to send a Flag on board and desire the Captain to send Fenwick and the Crew on Shore, for whom we will send a like Number of Prisoners of equal Rank, on board the Man of War and you are impowered to pledge our Faith for the Performance, or, if the Cap<sup>t</sup> will not send them on Shore, to desire his Promise that they shall not be sent away 'til we have an Opportunity of sending a Flag, with Prisoners in Exchange. We do not know the Number or Rank of Fenwicks People on Board, if you can ascertain them, please to advise us. Cap<sup>t</sup> David's Galley wants heaving down and several Things to be done to her, we wish her to come up as soon as she can with Safety. The Arms we sent we designed should be and thought were, effective: many of the Public Arms some of them since returned, were then out. It was out of our Power to then send you Arms of one sized Bore or fitted with Bayonets; we had a few with Bayonets but wanting Belts and Scabbards; those you have may be returned and we shall contrive you as many others, though it is next to impossible to get Scabbards and Belts at present. We have seen a Gen<sup>t</sup> lately from Wil-

c. c. mington but we have nothing new from thence, the Army or from Congress. We inclose Cap<sup>t</sup> David's Orders which we wish you to send him and by which you will see that he is to come up or stay, as you may judge best. We are Sir &<sup>ca</sup>

As Cap<sup>t</sup> Fenwick has fallen into the Enemy's Hands, we imagine your Stay in Patowmack will be of no Service and therefore desire, as soon as you think you safely may, you will proceed up to Annapolis, to get the Galley fitted, but, if the Men of War continue in Patowmack and Col<sup>o</sup> Barnes should think your Stay usefull, on which you are to advise with him, we would have you continue whilst the Men of War remain in Patowmack.

In Council Annapolis 13<sup>th</sup> Feb<sup>ry</sup> 1778.M<sup>r</sup> John Randall.

It is our Desire that you should immediately enter on your Charge of Commissary for attending the Maryland Continental Troops and supplying them agreeable to the Resolution of the General Assembly, a Copy of which you are furnished with. We have no great Quantity of Cloathing to put into your Hands, what is ready here, is put into the Tender, with this you have an Invoice of it. The Boat is to call at Baltimore where, it is designed, she shall receive what Cloathing M<sup>r</sup> Calhoun has got ready; to him you will apply for an Invoice of it. As you go through Cecil you are also to apply to M<sup>r</sup> Joseph Gilpin for what Cloathing he has ready, of whom also take an Invoice or List. The Boat is to go to the Head of Elk or as near it as she can and you are to apply to Col<sup>o</sup> Henry Hollingsworth for a Waggon or two, if necessary, to carry all the Cloaths to Wilmington where chief of the Maryland Troops are; advise with him whether a Guard is necessary and, if he thinks it is, send or go to General Smallwood's Advice and Directions. We wish them to be divided as equally as possible. The Leather Breeches and best of the Cloathing as far as they will go, to the non-commissioned Officers. Col<sup>o</sup> Stone, for the first and Lieut<sup>t</sup> Col<sup>o</sup> Sam<sup>l</sup> Smith, for the fourth Regim<sup>ts</sup> have drawn some Cloath-

ing here which, we believe, will be a Proportion of the c. c. Cloathing now ready, so that it is our Desire that nothing of what you now carry up, should be delivered to either of those Regiments, 'til we get an Account of what is received for them, of which we shall advise you. There will be no Possibility of executing your Trust with Justice to the Troops, Credit to yourself or Satisfaction to the Public, but by keeping true and distinct Accounts of the Cloathing received and issued and therefore your Attention and Care in this Point is expected. General Smallwood will, we hope assign a Place of Security to lodge the Cloathing you may receive from Time to Time whilst the Troops are in Quarters, and proper Carriage, when they are in Motion. Any Clothing belonging to this State which may arrive, you are to take the Charge of and deliver out, agreeable to Gen<sup>l</sup> Smallwood's Orders, for which you will apply as Occasion may require. You are to advise us from Time to Time, of your Receipt and Disposition of the Cloathing of what may be wanting and of every Thing else which you may think needfull respecting your Office.

M<sup>r</sup> John Randall, who will deliver you this, will lay before you a Resolution of the Assembly and his Appointment & Instructions. We shall be obliged to you to give Orders for the immediate Delivery out of what Cloathing he has, as Justice and the Wants of the Men may require. Some Cloathing we expect is on the Way, if not arrived, from Kent & Cecil and we are busily employed in making up, though the Quantity is not so great or the Quality so good as we wish. Our Part of the German Battalion and the few Men of our old Rifle Companies are also entitled to our Care but we do not know their Situation or how to distribute a Proportion to them. Sir.

Just before your Letter of the 26<sup>th</sup> Jan<sup>ry</sup> came to Hand, we received the Resolutions of Congress of the 19<sup>th</sup> for establishing a Communication for transporting Provisions to the Army and sent the Letters to you and the Governor of North Carolina, from Congress, on the same Subject, by Express. The Congress having adopted M<sup>r</sup> Buchanan's proposed mode will we imagine, induce you to concur in it, rather than pursue that which you at first intended. The Board of War had mentioned to us a Scheme of transporting Provisions by Water, nearly similar to what had occurred to you and that our Gallies might be useful in the Execution of it. We had no Objection to risking the Gallies but it appeared to us, that it would have been very expensive and very uncertain, as our Gallies draw upwards of eight Feet, with their Provisions, Water and Ballast, and have but little Room for Stowage when but tolerably manned. The Number of Men of War in the Bay and their Activity, confirms us in Opinion, that the

Communication by Water will be too uncertain to rely on and, c. c. in all Probability, when the Enemy discover that the Army draws its Supplies through this Bay, the Number of Men of War will be still increased. It appears to us, that the keeping this Bay clear or obliging the Ships of War to keep together, is an Object worthy the Attention, not only of these States, but of Congress, and that, if the Virginia Frigate was laid up and her Crew employed in Gallies for that Purpose, they would be much more usefully employed than they are at present. We have five Gallies now fitted, the Hull of a sixth & seventh almost finished, all very stout but we cannot compleatly mann two. The Assembly, seeing no Likelihood of manning the Whole, directed the two unfinished Gallies to be sold and, if your State or the Congress incline to purchase, we had much rather dispose of them for the Public, than for private use. The Enemy took a fine Tobacco Ship belonging to this State, in Patowmack the other Day, they grow more venturesome than heretofore, and we are apprehensive if not checked, will put an End to the little Trade we have

York Town Feb<sup>ry</sup> 14<sup>th</sup> 1778

Sir,

Congress a Day or two ago, took up the appointment of commercial Agents, and concluded to refer the same to the commissioners in France M<sup>r</sup> Ross and your Brother were in nomination. If you have an opportunity it would be well to write to M<sup>r</sup> Johnson. I do not at present know in what part of France he resides, possibly upon inquiry, I may be informed. At this time I do not know of an opportunity but as soon as there is one I shall write to him myself.

Besides our Accounts lately from the W. Indies, we are informed by a Letter from Rich<sup>d</sup> H. Lee to his Brother, that there is a large Snow arrived at York Town 42 Days from Bourdeaux loaded with salt and dry Goods. The Cap<sup>t</sup> and Supercargo say the number of Troops sent to the W. Indies, is certainly very considerable. Among them are a very powerful body of Artillery and two thousand dismounted Cavalry. What the latter can be for puzzles me. These Gentlemen say that altho the utmost care is taken to quiet the minds and Suspicions of G. B. that a war will most certainly take place in the Spring. They further say the Spanish Ambassador, the Duke de Choiseul and D<sup>r</sup> Franklin have had frequent and long conferences.

c. 2. The state of our Army is critical. Four months pay, if not more are due them, and no money in the Treasury to satisfy their just and reasonable Demands. The press is at work, and attended with all vigilance and care, and has been for some time past & near a million a week is now made, and yet our Demands are greater then we can answer. They come in from all parts of the Continent. The Avarice of our people and the extravagant prices of all commodities, joined with the imperfect management of our Affairs, would expend the mines of Chili and Peru.

For the want of pay, of Cloths, and provisions our Army is decreasing every hour, not by one or two at a time, but from seven to twelve. By a Letter from Col. Smith he tells me some of the troops have been eight Days at different times without meat, and only a bare allowance of flour. The State of Pennsylvania has passed a Law appointing certain commissioners in every county of the State, with full power to purchase or to seize at stated prices all provisions necessary for the Army. These men are subject to the orders of Congress as to the quantity of each article of provisions to be purchased or seized. Besides this the Board of War have Authority from Congress to purchase twenty thousand Barrels of flour and other provisions necessary for the spring. From these resources I expect fifty thousand Barrels of flour, and quantities of other provisions, but to what amount is uncertain. Our commissary Gen<sup>l</sup> does not at this time as I am informed, know that he has five thousand Barrels of pork or Beef. Upon such foundations the existance of our army depends. At whose door this prospect of ruin lies, time will discover.

What think you of D<sup>r</sup> Franklins assassination; with some Gentlemen here, the tale has the appearance of probability, with others it is esteemed a fact. I hope both opinions are groundless. His death will stagnate our system in France and probably shatter some of the Doctors flattering hopes of serving his country through the sides of France.

Will the Test go down? will the Law for recruiting our quota of Troops succeed. The Committee at camp I understand will recommend measures for filling the Army, which I expect will not be very agreeable to our people.

N. Carolina has agreed only to part of the Confederation the other States I believe have done nothing with it as yet.

Virginia New York and Massachusetts Bay is unrepresented.

There have been several Applications, besides yours, for Leave to go into Philadelphia after Negroes who have been taken away, but we have refused to give any Pass or recommend them to Gen<sup>l</sup> Washington for that Purpose, from the strongest Conviction of the Impropriety of suffering the Citizens of these States soliciting Favors from the Enemy, nor is it at all likely the Negroes would be restored, but by Representations that those to whom they were given up, were friendly disposed towards our Enemies. There is British Property enough within this State to make full Amends for all the Negroes taken away and, we hope the Sufferers will be indemnified, without their going to Philadelphia

Camp, Valley Forge Feb<sup>ry</sup> 16<sup>th</sup> 1778.

Sir

I do myself the honor of transmitting you this inclosed Letter from a Committee of Congress now here. These Gen-

c. c. tlemen have represented the distress of the Army for want of Provision so fully, and in so just a light, that I shall forbear to trouble you with many observations upon the subject. I shall only add, if the picture they have drawn is imperfect, it is because the colouring is not sufficiently strong. It does not exceed our real situation, nor will it be easy to give you an adequate idea of it.

The only public stores of the meat kind that I can hear of in your State, lie at the Head of Elk. I have sent an active Officer there to day, and I hope with the assistance of M<sup>r</sup> Hollingsworth, who resides there, that in the course of a few days they will be transported to Camp: But, should this be the case, the quantity is so small that it will afford but a very short and temporary relief. nor can I find from the most minute inquiry, that the Magazines of this kind, when drawn together and aided by the Supplies of Cattle the Commissary expects to get, will be more than sufficient to support the Army longer than this month. After our prospect of support from him seems to be at an end, or at least it will be extremely precarious.

From this view of matters, and foreseeing the fatal and alarming consequences that will necessarily attend a dissolution or dispersion of the Army, I must take the liberty of soliciting your good Offices, and to request your exertions & to prevent as far as possible, so melancholy a catastrophe, by having forwarded to Camp all the provisions of the meat kind that may be in your power. I know not what resources Maryland may have in this instance, but perhaps thro your means and influence, we may derive no inconsiderable supplies. Not to mention our distresses during the active part of the last Campaign, and that our operations were then much retarded. This is the second time in the present year, that we have been on the verge of a dissolution on this account.

I am sensible, Sir, I have addressed you upon a Subject out of your province. But I am assured, your zeal for the service and wishes to promote it, where possible, will indulge me with an apology, especially when I add that my application is the result of the most painful and pressing necessity

I have the Honor to be

Sir

We have the Honor to compose a Committee of Congress appointed to confer with the General upon the Affairs of the Army & with him to concert measures for opening the Campaign with Vigor and Activity. During the Progress of this important Business the critical situation of the Army on the score of Provisions hath filled our minds with Apprehension and Alarm. fed by daily supplies and even those uncertain we have to fear a total Want. Some Brigades have not tasted Flesh in four Days and the Evil great as it is seems rather to increase than diminish. The Commissaries inform us that they have not only met with great Difficulties in purchasing Provisions in your State but that they cannot even transport what they have purchased for the want of Waggons & the like. Whether these apologies are justly founded we will not presume to say but this is certain that upon an early Transportation of large Quantities of Provisions to this Camp from the State you preside over the very Existence of our Army depends. Let us then intreat you Sir to exert the full Influence of your Abilities to forward such supplies as may have been already bought up and also to obtain by such measures as you may think most adequate to that Purpose as much as can be spared by the Inhabitants from their own particular Consumption

The Adjournment of the Court seems to us not only proper but, as Things have turned out, necessary. About the Time of issuing the Special Commission, we appointed M<sup>r</sup> Benj<sup>a</sup> Galloway Attorney General and had no Doubt of his acting, but he has since declined that Office we have been very solicitous to get it filled to the Public Satisfaction, but the Gent<sup>n</sup> of the Bar have shewn great Backwardness to undertake it. We have appointed M<sup>r</sup> Luther Martin of Somerset, but whether he will accept or not we do not know. We send his Commission by M<sup>r</sup> Baker, who is to forward it by Express; his Answer cannot, probably, be known to you or to us, before the Court is to meet according to your last Adjournment, wherefore we think it would be best to adjourn the Court again 'til a few Days after the first of March, by which Time, you will have got your immediate hurrying Duties off your Hands and M<sup>r</sup> Martin's Resolution may be known. are apprehensive we shall still be deficient, Wherefore we c. c.

Sir.

We had no Intimation of the least Probability of the Army's  
wanting Provisions, 'til our Rec<sup>t</sup> of a Letter from the Board  
of War dated the 31<sup>st</sup> of Decem<sup>r</sup>; on the Contrary we  
expected, from Reports that Salt was on its way from the  
Eastward and the Price of Pork &<sup>ca</sup> as advertised by the Com-  
missary, induced us to believe a plentiful Supply would be  
got on cheaper Terms than Purchases could be made in this  
State. We have had very little Intelligence from the Pur-  
chasing Commissary, nor have yet, any Account of the Per-  
sons employed by him in this State, though we hoped to have  
been furnished with it. It will be impossible for us to observe,  
personally, the Conduct of the Purchasing Commissaries  
throughout this State: so far as it comes within our Notice, if  
reprehensible, it shall be remarked on with Freedom. We  
believe the chief Reason of a Deficiency in the Purchase is the  
very late Season at which it was begun on such Terms as  
would induce People to sell their Provisions and, as we have  
understood, the Expectation of getting only 52/6 for Pork  
induced the back People who used to bring their Hoggs into  
this State, to drive most of them into Virginia. We believe,  
from what we have heard, that no unusual Quantities of Perk  
have been purchased & salted up, unless in Baltimore Town  
where, we have lately heard, some avaricious People have  
been ingrossing. If you will be so obliging as to inform us  
of the Quantity desired, from this State, we have no Doubt of  
the Assistance of the Assembly which is to sit in about ten  
Days, to get the Provisions which have been ingrossed &  
such others as can be spared by the Inhabitants. We should  
not delay seizing what belongs to Ingrossers but from the  
Certainty that they cannot be consumed or removed before

c. c. the Assembly sits. Any Guess that we can make, as to the Quantity, will be very uncertain though there are yet some Beef & Pork which we learn is chiefly falling into the Hands of the Continental Purchasers. Several People on Patowmack River who have Fisheries there, would willingly contract for considerable Quantities of salted Shad of the large white Kind; from two to, perhaps four or five Thousand Barrels might be got, about half a Bushel of Salt would, as we are informed, be sufficient for a Barrel containing about 200 Fish, their Heads being cut off. The Congress must find the Salt which, we suppose, might be got up from South Key in Time: it appears to us, a large Quantity of those Fish might be a great and agreeable Relief to the Army, but the Contracts ought to be made soon, to give the Undertakers Time to get Things properly disposed, especially to procure the Barrels. If the Board of War should think proper to make the Attempt, M<sup>r</sup> Thomas Richardson of George Town, will be as proper a Man as any in this State, to make the Contracts on this side of Patowmack, and another Person about Alexandria ought to be employed on the Virginia Side, but each to be confined to his own Side. If barrelled Herrings would be useful, great Quantities might be got, at and in the Neighbourhood of Charles Town on the Head of this Bay. We had taken such Measures as we thought would have furnished Guards for the Prisoners; we gave Orders for inlisting for six Months only and, if that failed, to require a Proportion for a few Weeks, of each Battalion of Militia; but both have failed. Col<sup>o</sup> Beatty has had a great Deal of Trouble, and we have been uneasy at the situation of the Prisoners; we shall try the Expedient he mentions, though in a Conversation with the Governor, he seemed to be of Opinion that the Militia would not serve on Guards, tho' it should discount for the Time they are to serve in Classes. Our Militia Law does not expressly oblige them to serve on Guards and we are not very fond of giving Orders that may or may not, and probably will not be obeyed, but shall, in this Instance, and lay the Defect of the Law before the Assembly. We have not, lately, heard from Fort Frederick: the Distance is so great we cannot hear often and expected that M<sup>r</sup> Daniel Hughes had corresponded with M<sup>r</sup> Boudenot on the Subject, but, from the Information the Governor had about a Fortnight ago, we expect it is by this Time nearly ready to receive the Prisoners. Guards and Provisions will be necessary there. Inclosed is the Roll of the Officers in the Maryland Troops, some of them were appointed by the Commissioners who were sent to the Camp, some by the Council of Safety, some by the Assembly and some by the Governor & Council and in many

Instances, the Officers acted under Recruiting Warrants before their Appointments. Minutes of the Warrants & Appointments have not been kept, with such Regularity as is desirable. Those Rolls are the best we can make from tracing the Minutes and we send Copies of them to Gen<sup>l</sup> Smallwood with a View that if, from the original Recruiting Warrants in the Hands of the Officers, Dates of Commissions or Appointments, there ought to be any Corrections, he may remark it to the Board of War. Sir.

We inclose you a Copy of two Depositions taken here, which shews the Necessity of Vigilance in your Part of the

Country. Immediately on their being taken, we had an c. c Opportunity and inclosed Copies to Col<sup>o</sup> Simpson. If Sterling or any of his Party should fall in the Way of the Militia Officers, or it should be in the Power of the Militia Officers to seize any of them, we would have it done, without waiting for Applications to the Magistrates, which may and, in most Instances will, occasion so much Delay, that the Culprits will escape. We hope for the Exertion of the Magistrates and every Friend to the Country to get the Deserters taken up and Sterling's Recruiting put an End to, and, if it is not done, we may expect a serious Piece of Work in your County in the Spring. If the Cattle collected in Somerset & Worcester Counties can be conveniently joined, we think it would be best to send them in one Drove as your Brother proposed, but if it will occasion any Delay, they had better be sent off at once for Gen<sup>l</sup> Smallwood's Troops at Wilmington. No more need go with the Cattle after they are through your County than are just sufficient to drive them and let the Men call on Col<sup>o</sup> Henry Hollingsworth at the Head of Elk and take his Advice & Instructions; he now purchases for the Continent and perhaps may receive the Cattle there, if he will, every good Purpose will be answered. Pray write him what further Number can be got and he will, we expect take Measures for purchasing and driving them. We had no Doubt but that Cap<sup>t</sup> Dashiell was long ago left at Liberty to give £5. a Hundred for Pork, that being the Price the Purchasers for the Continent are giving and are at Liberty to give and if Cap<sup>t</sup> Dashiell can purchase at that Price or under, you would do well to let him know he is quite safe in doing so. You mention a Gent<sup>l</sup> from Virginia purchasing Pork in your Neighbourhood for that State. It is strange it should be so, as there must be a Plenty more convenient within that State; yet if it is really for the State, he ought to be suffered to go on, but this ought to be examined into, and, if it turns out that he is not empowered to purchase for the State of Virginia or the Continent we request you will stop the Pork and the Person too, 'til you can get well ascertained it is not for the Use of the Enemy. We think there would be an Impropriety in any particular Recommendation to the Magistrates by us, on the Subject of the Warrants; we send down the Laws which alone will and ought to influence their Conduct. Our Treasury was in a low State when you went from hence; it is now much lower, so that we cannot advance farther for the Purchase of Cattle for the Continent. We are Sir &<sup>ca</sup>

Sir.

We imagine the Expences of the Prisoners taken in the Prizes are to be a Continental Charge; the few you sent to Cambridge are all we have and those, we should be glad to exchange for our own People and, if you could think of any Method of getting W<sup>m</sup> Merrill as one of them, we should most willingly contribute what we can towards it but, at present, no Way appears to us by which we can effect it. By our last Accounts from the Maryland Troops, they are still in great Want of Cloathing, those you sent up were very useful and the Public and we, are obliged to you for your Exertions the Price was high, though there's no Doubt of your doing all in your Power to moderate it. We understand there have been several late arrivals; if you could get some more Woolens, especially Blanketts, they would be very acceptable. Shoes, Stockings and Blanketts we believe, are the most deficient. Coating too is wanted and Shirting is yet desirable, if the Price is fallen. We are at some Difficulty to get Shoes made, though, we believe not from the Motive you mention to have actuated your Workmen. If the Assembly, on its Meeting, should pass such a Law as in Virginia, and we should be glad they would, we should soon have Shoes in Plenty. If you should have an immediate and good Opportunity of sending the Goods you have purchased or may purchase to this Place, we should be glad you would as we must send to Cambridge for those lodged there. Some Cattle from Talbott have reached Gen' Smallwood at Wilmington and were very acceptable. Those purchased in Worcester may be joined, as you advise, with those of Somerset and sent under just such Number of Hands as you think will carry them safely, a little way up, there's no Danger the rest of the Way, or if joining the Drovers will make any Delay, we wish the Gentlemen to send them separately. Col<sup>o</sup> Henry Hollingsworth at the Head of Elk, now purchases for the Continent; let the Drovers call on him, he'll either receive them or advise and if necessary, assist in sending them forward. Pray advise him by Letter, what farther Number may be bought in your County; we expect, if worth while he'll send down for them. Our Treasury will not bear further Advances.

You will be pleased to return the Bags to M<sup>r</sup> Baker and he'll send them back to us with some he has of ours. We had no Expectation of the Congress relying in any considerable Degree, on this State, for a Supply of Provisions & therefore thought we might have procured the Quantity we wanted in the most convenient Situations, which occasioned our not requesting Purchases to be made so early as we otherwise should have done, but since Christmass, we have been desired to give what Assistance we could to the Continental Purchasers, and left them all the Room we could, without rivalling them. It is yet almost indifferent to us whether the Pork is bought for the Congress or this State and would by no Means raise the Price above £5. We send you £500 to lay out for us. Be so obliging as to procure Barrells. Buy

- c. c. what you can, without obstructing the Continental Purchasers and, if you have an Opportunity, engage for any Quantity beyond what this Money will buy, it will be wanted for the State or Continent. AN ADDRESS TO THE INHABITANTS OF NEW JERSEY, PENNSYLVANIA, DELAWARE, MARYLAND AND VIRGINIA.

Valley Forge 18 February, 1778

Friends, Countrymen, and Fellow Citizens.

After three campaigns, during which the brave subjects of these States have contended, not unsuccessfully, with one of the most powerful kingdoms upon earth, we now find ourselves at least upon a level with our opponents; and there is the best reason to believe, that efforts adequate to the abilities of this country would enable us speedily to conclude the war, and to secure the invaluable blessings of peace, liberty, and safety. With this view, it is in contemplation, at the opening of the next campaign, to assemble a force sufficient, not barely to cover the country from a repetition of those depredations which it hath already suffered, but also to operate offensively, and to strike some decisive blow.

In the prosecution of this object, it is to be feared that so large an army may suffer from the want of provisions. The distance between this and the eastern States, whence considerable supplies of flesh have been hitherto drawn, will necessarily render those supplies extremely precarious. And unless the virtuous yeomanry of the States of New Jersey, Pennsylvania, Maryland, and Virginia will exert themselves to prepare cattle for the use of the army, during the months of May, June, and July next, great difficulties may arise in the course of the campaign. It is therefore recommended to the inhabitants of those States, to put up and feed immediately as many of their stock cattle as they can spare, so as that they may be driven to the army within that period. A bountiful price will be given, and the proprietors may assure themselves, that they will render a most essential service to the illustrious cause of their country, and contribute in a great degree to shorten this bloody contest. But should there be any so insensible to the common interest, as not to exert themselves upon these generous principles, the private interest of those, whose situation makes them liable to become immediate subjects to the enemy's incursions, should prompt them at least to a measure, which is calculated to save their property from plunder, their families from insult, and their own persons from abuse, hopeless confinement, or perhaps a violent death.

Sir,

Cap<sup>t</sup> Conway is just come up from Virginia with the Salt he imported; he has been delayed by the Men of War lying about the Tangiers. This Salt would be very useful for the Army, at the Head of the Bay, where it might now be easily sent without any Risk and the Salt purchased on the Western Shore of Virginia might be sent to Patowmack and of Course, to you, without Danger. Wherefore we think it would be best, if you are or certainly can be supplied in Time without this, to send it forward from hence to the Head of Elk, but if you cannot be otherwise supplied, advise us of it by the Return of this Express, and we will send the Salt to you. Mention to us also how you succeed, and those you have employed in the Purchase of Provisions. We have lately received a Letter from the Board of War on the Subject. There being no board of Auditors to pass the Account in the usual Manner and it appearing that the Claim is just It is therefore Ordered that the western shore Treasurer pay to the said Joseph M<sup>c</sup>Clane seven Pounds ten Shillings due him for three Months pay defecient.

- c. B. The Number of British Prisoners in Frederick and Washington Counties ordered by Congress to be closely confined rendering it absolutely necessary that there should be sufficient Guards over them and the Magazine in or near Frederick Town being of great Consequence to this State ought also to be well guarded and the endeavours of this Board to procure sufficient Guards having failed and the Board of War having requested that a proper Detachment may be ordered from the Militia to guard the Prisoners of War now in Frederick Town, Therefore this Board does order that the Lieutenant of Frederick County call forth one Company of Militia to consist of sixty non Commissioned Officers and Privates with their proper commissioned officers of the first class of the Militia of that county to serve as guard over the Prisoners in Frederick Town and the Magazine which now is or immediately is to be removed to the house lately built for that purpose near Frederick Town. And further that the Lieutenant of Washington County call forth one Company of Fifty non Commissioned officers & Privates with their proper commissioned Officers of the third Class of the Militia of that County for every one hundred and fifty British Prisoners confined in that County to serve as a Guard over those Prisoners The pay and rations of the Militia so employed are to be the same as if they served in the field. We wish it may be effectual, though from our former Endeavours having failed and the Conversation which passed between the Governor and you on the Subject, we are apprehensive it will not. The Defect of the Militia Law, in this Particular, will be laid before the Assembly, who are alone capable of making a Competent Provision. Some of the Officers who are Prisoners, were desirous of Permission to go to York to obtain the old weekly Allowance and to put Things on such a Footing as to get Cloathing, but you'll see by the Resolutions of Congress, that they have stopped the Allowance and that no such Indulgence is to be permitted. If any of the Gen<sup>l</sup> have a Mind to write open Letters to Gen<sup>l</sup> Howe for Necessaries, it would be proper to forward them to Gen<sup>l</sup> Washington who will doubtless send them in and permit their Friends to relieve them with Cloathing. Sir

The Board have been favoured with your Excellency's Letter of the 18<sup>th</sup> inst & I am to express the due Sense they have of the Attention you & the Honourable Council have been pleased to pay to their several Requests on the Subjects mentioned in your Letter. We believe the Limitation of the Price of Pork operat'd strongly against our procuring it, & that the Commissary General with the best Intentions has injured rather than promoted the Business in this particular. Where Prices are limited they ought to be generous & to fall in with the Avarice of the Times in some Degree in order to check its Progress rather than to attempt the tearing it up by the Roots. There is so much to be said on both Sides this Question of limiting or leaving Prices to regulate themselves that it is difficult to determine which is right. At present the Wants of the Army must be supplied at any reasonable Price & we are happy in perceiving that your Excellency & the Honble Council are making those Exertions for its Assistance this Board expected from your known Zeal & Patriotism. We are obliged to you for your Advice as to Fish & it is so necessary that every Wheel should be set in Motion to get forward the great Machine that the Board would have closed with a less practicable Proposal than this. The Gentleman you mentioned is employed in the Business of procuring Shad on the Maryland side & Major Herbert is empowered to procure them on the Virginia Side of Potowmack. The Board have written to Col. Henry Hollingsworth to superintend the Bussiness of procuring Herrings at Charlestown & I am to entreat your Assistance to these Gentlemen or either of them where necessary, The obtaining Salt will be the Difficulty as they should not interfere with that Article if wanted for Pork ; but as the Season for this will be soon over they may e'er long appropriate the whole they can obtain for curing of Fish. The Board lament the Unwillingness of the Militia to guard the Prisoners; but the yeomanry of the Country will be humoured. The Prisoners having heard too soon of the late Resolves of Congress for retaliating are escaping fast to the Enemy & even some Officers have gone in to General Howe & made the fitting up Fort Frederick a Pretext for their Breach of Honour. A general Exchange is however agreed upon between Generals Washington & Howe which will it is presumed be carried into Execution unless the Arts of the Enemy again elude it. We should be prepared at all Events. But as the Enemy will gain more Strength by the Exchange than will be added to ours, considering all Circumstances, it is

presumed it is a desirable Object with them. We shall how- c. c.  
ever have a Ballance & therefore would be happy to be  
favoured with the Result of the Application to your Assembly  
& as M<sup>r</sup> Hughes has not, to our Knowledge corresponded  
with M<sup>r</sup> Boudinot, the Board will be obliged by any new Infor-  
mation your Excellency & the Council may be enabled to  
send us with Regard to Fort Frederick & the Guards & Pro-  
visions you may order to that Post.

Accounts from Camp of the Scarcity of Provisions still con-  
tinue to alarm us. Their supplies are irregular & very scant.  
Whole Brigades have within this Fortnight gone entirely  
without Meat & great Part of the Army has only half a Pound  
of Pork in Seven Days p Man. The Soldiers are of course  
mutinous & dissatisfied nor have they the comfort of being  
clad so as to resist the cold. These are circumstances the  
more distressing as we have the greatest Reason to believe  
from the Decay of the Enemy's strength & the little Prospect  
they have of Reinforcements; that if we could encrease our  
Numbers & make one Grand Effort the Liberties of our  
Country might be effectually secured by the Destruction of its  
Enemies. I do not wish to add to a disagreeable Catalogue  
but I am to mention to your Excellency that our Stock of  
Lead is extremely low. A Quantity was requested from your  
State but none has arrived from thence except about Eight  
Tons which was Continental Property. I enclose a Copy of a  
Letter from Col. Scammel the present, to Col. Pickering of the  
late Adjutant General, for your Excellency's private Informa-  
tion.

In Committee }  
of Congress }  
Sir

Moor Hall 28<sup>th</sup> Feb<sup>ry</sup> 1778

The Cavalry of our Army requires the most vigorous exertions to be put on so respectable a Footing as to enable us to meet the Enemy the ensuing Campaign on equal Terms. Experience hath so fully demonstrated the Value and Importance of this Corps not only to the Ease and security of the Troops in the Field but to the Protection of the faithful Inhabitants of the Country whose Persons and Property are exposed to the Depredations of the Enemy that we are of Opinion there is no Part of our Establishment which so strongly applies to the Feelings of the People and calls for greater Attention. Under every Disadvantage which a new raised Corps always labors & especially in a Service entirely new this Body hath performed the most essential Services during the last Cam-

paign. What may we not therefore now expect from them c. c. when Experience and Acquaintance with their Duty has qualified them to discharge it. When we are become better acquainted with the Character of Officers and the men are more familiarized to Danger and Discipline. We promise ourselves Sir the greatest Advantage from a decisive Superiority in Horse in the open Country where the scene of Action will probably lie and are the more anxious on this Subject as the Enemy are evidently increasing their number by every means they can devise purchasing and stealing Horses for the Purpose wherever they can be found. They have already formed two Troops of Tory light Horse who are chiefly employed in Kidnapping those civil officers who are distinguished for their Activity in executing the Trusts reposed in them by Government. The Consequences of this to our infant States are too obvious to need Enumeration. We are sorry to say they have lately had such Success as will probably encourage their Progress in this mischievous Business and extend it very far unless they meet with some seasonable Check. We apprehend therefore your Excellency and the Gentlemen in Authority with you will fully concur with us in the Propriety & necessity of recruiting this Corps with all possible Dispatch & favor us with your best assistance in so doing. The Regiments are nearly completed with natives of the Country whose Time of service in the Infantry having expired readily reinlisted in the Horse. These men inured to Fatigue, Danger and Discipline have only to learn the special Duties of that Service and will form excellent Dragoons. The great Difficulty under which the Service labors is the want of Horses and saddles to mount them. On the one Hand to wait the tedious Process of collecting Horses in the common mode of Purchase by employing either Officers or Agents uncontroled by any immediate Authority will occasion great Fraud and Delay. On the other Hand to use Force in any Degree appears oppressive and leaves such lasting Discontent in the minds of the Sufferers as not only sours and disaffects them to the general Interests of the Country but to the particular State where the Exaction is made. We have been therefore extremely solicitous to find some Expedient to reconcile their clashing Duties, an Expedient which may provide for the pressing Exigence of the Service without wounding too deeply those Feelings and Attachments which all men have for their Property in a greater or lesser Degree. At Length Sir as the safer and more effectual mode we have concluded to rely on the Wisdom and public Spirit of the Gentlemen in Authority in this and the neighbouring States and to request their Exertions in the following Mode. We have made a Calculation of

c. c. the number of Horses and common Country Saddles and Bridles proper for the Cavalry which may be had from Virginia Maryland Pensilvania and New Jersey respectively. The State we suppose will then calculate what number the several Counties can furnish by a reasonable Assessment and then appoint proper Persons in the County to purchase them on the best Terms they can always attending to the following Description. That the Horses be sound and clean limbed not less than 5 years old this Spring nor exceeding 12 Geldings at least 14½ Hands high and not less than quarter blooded. We do not limit any Price either as a Purchase Money or Compensation to those employed in the Business because we presume they will be men of Integrity & Property who besides the Interest they have in common with us that the publick Expences be not causelessly enhanced will have a due Regard to their own Characters. In order to provide for Payment it is proposed that a number of Loan Office Certificates be lodged with the executive Authority of the States to be paid on the 1<sup>st</sup> May under such Limitations and Checks as will most effectually guard against Fraud or Mistake. The whole Account to be finally settled between Congress and the State when the Business is completed.

The number estimated for the State of Maryland is three hundred and fifty which we believe will not appear by any means too large for the Resources of your State which has with a laudable Care cultivated a valuable Breed of Horses for a long Time past. We doubt not but on this occasion your Excellency and the Gentlemen of the Legislature will favor us with a continuance of those Exertions the beneficial Effects of which we have already experienced.

We greatly regret that this Business has been so long delayed and fear the Service will suffer in Consequence of it as some time is necessary to train the Horses before they can be brought into the Field. We hope therefore it will receive all possible Forwardness from the Gentlemen who are to take it up as the Utility of the measure will depend greatly on Dispatch.

We are Sir  
Your most obedient  
and  
humble Servants  
Fra. Dana.  
by Order

P. S. We must request that the persons who may be appointed to make the purchases, be directed from time to time to make returns of their doings in this business to yourself, and you wou'd please to order a general return to be made to the Quarter Master General, and also to the Board of War

Sir

We inclose you the Letter you sent us from the Board of War. You did very right in ordering the Boat to Charles Town. The Virginia Galley, we believe, passed this Place last Sunday and, we suppose, is up with you before this Time. We have received several Letters from the Board of War lately, pressing the seizing of Provisions, we have done nothing to forward or retard it, expecting the Assembly will,

immediately on its Meeting, which was to have been last c. c. Monday, give or refuse the legislative Sanction for it : we have been the slower in this Business, as we have no Apprehension that the Provisions can be exported or removed out of the Way, before the Sense of the Assembly can be taken. From what we have understood, the People in general, on the Eastern Shore, are willing to part from their Cattle on Contract, but a very few Days will probably produce a Power to seize those which are along the Water Sides. We shall write the Board of War on the Subject of the Pennsylvania Purchasers coming into our State and, we think you had better do so too, for it is a most ruinous Practice for the public Agents to be bidding against each other. You shall hear from us again very soon after the Assembly meets.

Sir,

Co<sup>l</sup> Samuel Smith arrived here yesterday and acquainted me with the difficulty he met with in the recruiting Service, for the want of the continental Bounty. Upon his solicitation and the prospect of advancing the public Service, I have procured from Congress ten thousand Dollars to be transmitted to you, to be distributed in such proportion among the recruit-

ing officers as you may judge most proper. Col Smith has undertaken the carriage of this money, which I hope you will receive in a few Days. It is the earnest request of Congress that the Battalions from each State, should be filled up as early this spring as possible. Maryland I hope will not be backward. The draught of the Militia recommended by Congress I fear will meet with many obstacles in the Legislature. Should that measure fail, I am at a loss to discover what expedient can be fallen upon. The Expedition into Canada is suspended. Gen<sup>l</sup> Burgoyne and two of his officers upon his earnest request to Congress is permitted to embark for England. Enclosed you have a copy of the resolve upon which the ten thousand dollars mentioned above was granted, by which you will see, part of the money is to be applied towards paying the premium for taking up deserters.

Sir.

By the inclosed Resolution of Congress, of the 18<sup>th</sup> of last Month, you'll see we are desired to embody a sufficient Number of Militia for guarding the Prisoners to be stationed at Fort Frederick and to appoint a Commiss<sup>y</sup> to purchase and supply the Militia with Provisions, during their Time of Service at that Post. We received this Resolve but a few Days before the Assembly was to have met and much wished for their Advice and Assistance, but the Badness of the Weather has prevented their Meeting and the Time, in which the Business can be done, is spending very fast; we shall be glad to know the Effect of our former Proposal, that the Service of the Militia, as Guards, should discharge their Turn as Classes and whether the Fort is made fit to receive the Prisoners or when it probably will be ready for that Purpose. We beg you will also advise us who will be the most proper Person to Act as Commissary for the Militia employed as a Guard. Col<sup>o</sup> Rawlings, in a Conversation with the Governor, expressed an Inclination to have the supplying Provisions for the Prisoners. If his Affairs will allow him to act as Commissary for the Militia, and he would be a good Deal on the Spot, we should incline, all Circumstances equal, to give him a Preference. If you have no immediate Opportunity to Col<sup>o</sup> Rawlings, nor any Body within your View who you think would do the Business better, we wish you to send an Express to him, mentioning the Resolve and requesting him to come down to us, that we may settle Matters with him, if he will undertake it. M<sup>r</sup> S. Hughes promised the Governor to consult who would make the best recruiting Officers in Washington, to set them to Work and advise him of their Names, but no Letter has been received on the Subject; two or three other Gent<sup>n</sup> also promised to consult & recommend proper People for this Business but have not done it. [Henry to Johnson.]

York Town March 10<sup>th</sup> 1778.

Dear Sir.

Upon the representation of Col. Samuel Smith who was here last week, I obtained from Congress ten thousand Dollars

for the recruiting Service. I sent it by him to you, and I expect you have received it before this time. If that sum will not do, I beg you will be kind enough to acquaint me. I am informed the Committee of Congress at Camp have among other States, applied to the State of Maryland for the purchase of a number Horses for the purpose of forming a Body of light Cavalry. If you should approve of the plan or should you lay it before the Assembly, and it is adopted by them; I trust some estimate of the expence will be made that the money may be forwarded from this place. Should the recruiting Service require a greater number of Dollars I believe they may be had.

I believe you need not entertain any fears of the expedition against Canada going forward. The advanced season of the year, and the feeble preparations in that department has effectually put an end to it. I most cordially join with you in opinion, that it is the interest as well as the true policy of this Country to collect their force to a single point by strengthening the hands of Gen<sup>l</sup> Washington. But this I fear will not be the case. It is the opinion of some, and they have weight with a certain class of men, that the whole force of the Enemy will be turned towards the East the next campaign, a military Gentleman in high office supports this opinion. Should it prevail in Congress I think it will injure the middle States in a high degree, as well as the common Cause at large. The Virginia Frigate is ordered to make another attempt if she fails the measure you propose I expect will be adopted.

Virginia will this afternoon offer to ratify the confederation. No other State is prepared. I shall take this opportunity of stating the objections to it, from Maryland, tho I have little hopes of this matter being soon determined. I fear it never will in our favour.

We had intelligence last night of one of our armed Vessels in the Delaware, near Cristeen having taken two Ships and a small sloop of war. We have not heard the Cargoes. I believe this news may be relied on.

Enclosed you have some of the Debates of the House of Lords and Commons. They will amuse you. Twenty thousand additional Troops for the Service of 1778 is voted without a division.

With great regard I am Sir Your most

Gen<sup>t</sup>

We inclose you the Letters and Papers received from Somerset and Worcester Counties about the 22<sup>d</sup> Sept<sup>r</sup> giving an Account of the Insurrection which was just then suppressed, and Copies of the Letters from this Board to Gen<sup>l</sup> Hooper & Col<sup>o</sup> George & Col<sup>o</sup> Joseph Dashiell, from whence you will perceive the Charge was not a bare Intention to disturb the Public Peace, but for an open and deliberate arming and actually making use of their Arms against us. People may perhaps think the Imprisonment of those Insurgents severe, from the long Continuance of it and may hastily conclude it to be irregular in the Manner of it: but they ought to consider that an Imprisonment in the Counties where those People respectively lived, would have been no way secure nor is it clear that the Justices of Somerset and Worcester Counties could have committed to any other Jails than those of their respective Counties and indeed there is no Jail in this State sufficient without a Guard. It is not unlikely that if Judges of the General Court had been Qualified, the Persons charged would have been ordered before them to examine & discharge or commit, as the Evidence would warrant. There are but three Prisoners on this Shore, Thomas Wright, The Papers

c. c. respecting him are inclosed, Calliloe & Doct<sup>r</sup> Cheney, the Evidence respecting the two last are, we believe, amongst the Papers in M<sup>r</sup> Martin's Hands, the others of them have been discharged from Custody either on giving Bonds or without, according to the Circumstances. A list of such Persons as had been discharged from Confinement before the Papers were sent to M<sup>r</sup> Wright, were, we believe, sent with them. The Treasury is in such a situation at present, that we cannot, as we wish, send the Money to Col<sup>o</sup> Birkhead. Your Letter will be laid before the Assembly immediately on its sitting which we expect will be in the Morning and we hope effectual Measures will be taken to root out the Deserters and their Connexions. We think with you it will answer no good Purpose to put Arms into the Hands of many of your People

and are of Opinion it would be well to send a Company from above, to be stationed with you as well as a Galley. However Sir as the Assembly can and will, we dare say, advise, we shall cheerfully execute the Measures they may think best for your Security. The Lead and Ball of M<sup>r</sup> Jackson & Company, which you mention, is very desirable and unless you are pretty well provided, we would have you purchase it. the Price proposed is very high; the last Lead sold that we have heard of was at 2/6 which we thought dear enough, but if you are likely to want, you must submit to give even the 5/. We should be glad the Goods you have purchased were sent forward; the Treasury is not now able to pay for them but we hope to be able soon to take up your Certificates and prevent any Disappointment. If any Quantity of either of these Articles of, or through the Influence of the Governor, and a Prospect of getting them up the Ohio to Pitsburg or to North Carolina or Virginia should open, and the Price at New Orleans will justify the Risk and Expences, we request you'll contract for this State, gaining as long a Credit as you can. The best Chance for a Remittance within the Time of your Contract, would be in Flower to the Havannah and perhaps suit the Spanish Government very well. If you should be so fortunate to have it in your Power to contract in a large Extent, to your Satisfaction, we could wish you to purchase as far as 4000 Stand of Arms, as Many Blankets, Cloth for 3 or 4000 Suits for Soldiers 2000<sup>lb</sup> of Jesuits Bark and 150<sup>lb</sup> Spanish Flies, but, if any Thing like so considerable, the Risk must be divided. We wish you an agreeable and useful Tour.

And are with great Truth

Annapolis in Maryland 23<sup>d</sup> March 1778.

Sir.

M<sup>r</sup> Samuel Hughes, a Gentleman of this State and one of our Legislative Body, designing to visit New Orleans, by the Rout of the Ohio and Mississipi; my Acquaintance with and knowlege of him will not suffer me to omit the Occasion of contributing what I can towards his being honored with your Excellency's Notice and favoured, if necessary with your Protection, to which I take the Liberty of recommending him. He wishes with me that a mutually beneficial Intercourse might take Place between the Subjects of his most Catholic Majesty and those of the States of America. The Interrup-

tion of our Correspondence with Europe has distressed us for c. c. the necessary Articles to carry on the War against Great Britain, but Heaven has blessed our Endeavours with signal Successes and a Continuance of our Exertions, to which we are spurred by every Species of Insult and Cruelty, we trust, will confirm the Independance we justly and necessarily assumed. I am willing to flatter myself that the Means of supplying, in some Degree, our more immediate Wants in Arms or Cloathing for our Troops, may open, on a Conversation with M<sup>r</sup> Hughes and that your Inclination may correspond, if your Excellency should entertain such a Favourable Disposition, any Engagement of M<sup>r</sup> Hughes will be acknowledged and made good by this State, with a due Sense of the Obligation.

I have the Honor to be

To the Governor of New Orleans.

Thomas Worthington complains to us that one Benjamin Todd, who we suppose is a Sergeant, inlisted his Convict Servant Man named Thomas Bennett, knowing that he was his Servant, and that he applied to you for the Servant, and you refuse to return him. We are at a Loss to conjecture on what Principle a Servant, and especially a convicted one, could be inlisted or detained, as we have no Law to warrant such a Proceeding, and, from the frequent Desertions of People so circumstanced, Gen<sup>l</sup> Washington thought proper to discountenance it. We request, on M<sup>r</sup> Worthington's shewing that Thomas Bennett is his Servant, that you will restore him and that you'll give Orders to the Officers under you, not to inlist Servants, by which you will prevent their running away from their Masters, in Hopes of getting to the Enemy which, whilst Servants were inlisted, proved a great Injury to the People of this State, and very little, if at all, strengthened our Army.

In Consequence the former Letters from the Board of War,  
M<sup>r</sup> Hughes was urged to get Fort Frederick Ready for the  
Reception of the British Prisoners with all Dispatch and to call  
on a sufficient Number of the Militia perhaps more than barely  
necessary, to act as a Guard at least 'til the Assembly should  
make some other Provision, and we are induced, by a Letter

- c. c. received from him, to expect that the Fort is nearly ready. Col<sup>o</sup> Rawlings who is, at present, without any Command in the Army, we have thought a very proper Person to have the Command of the Guard and the Management of the Prisoners, he seems willing to undertake it and set out a few Days ago, from hence with Intention to call at York and discourse with the Board of War on this Subject and, we expect, he will give a much fuller Idea of all Circumstances than we possibly can. We have directed that the Provisions collected on the Western Side of the South Mountain should be stored, with a View to supply the Guard and are apprehensive that what can be got there will not be Sufficient for the Guard and Prisoners, the latter of whom must, probably, be supplied there by us or perish. Virginia lying just across the River, it might be prudent to direct that any Provisions collected in that State, in the Neighbourhood of Fort Frederick, should not be removed, at least 'til it can be seen whether they are likely to be more necessary any where else than at the Fort. We do not know how far Col<sup>o</sup> Rawlings's having the Charge of the Prisoners and the Command of the Guard, may interfere with M<sup>r</sup> Hughes's Appointment, but we suppose, M<sup>r</sup> Hughes could take no Umbrage at seeing this Business in the Colonel's Hands. (Circular)

War office 28 March 1778

Sir,

I do myself the honor to inclose you the resolves of congress of the 19<sup>th</sup> instant respecting the troops destined to reinforce the grand army. Unfortunately after they were passed, they lay several days before they were handed to this board: but they demand the most immediate attention and execution. What gave rise to the first, was, an apprehension that the recruits might be detained in their respective states 'till they

c. c. had been inoculated. This the present posture of our affairs absolutely forbids. The campaign will soon open; and with all the diligence practicable, it is to be feared the reinforcements will not arrive in time to enable the commander in chief to take measures the most necessary and advantageous, before the enemy get reinforced. General Washington has received intelligence that they are embarking troops at New York and Rhode Island; destined (it is said) for Philadelphia; and he is to the last degree anxious to have the reinforcements speedily join him; in the first place that he may be prepared for defence; in the second to take advantage of any favourable circumstance which may happen to injure the enemy.

The recommendation to provide cartridge boxes and tin cannisters for cartridges is given, because of the almost total want of them in the public stores, and the impossibility of making a number in any degree equal to the demands of the army, in the public manufactories, where the workmen are few, and it is impossible to encrease them: agreeable to the direction of congress, the board give the following description of the tin cannisters.

They are to be six inches and an half deep, or long; three inches and three quarters of an inch broad (this breadth receiving the cartridges lengthways, as they lie in a horizontal position) and two inches and seven eighths of an inch thick; (this thickness admitting four cartridges, to lay side by side) a box of these dimensions, in the clear, will well contain thirty six cartridges with ounce balls. A wire is to be fixed in all the edges at the top, and then each side turned down (outwards) a full half inch, and soldered. The cover is to be a full half inch deep, so that when fixed on the cannister the edges shall come close down to the ledge formed by the inclosed wire. This cover at one end turns on a hinge an inch and a quarter long, the wire (fixed as above mentioned) being laid naked, that space, for the purpose; and a piece of tin is run underneath this wire, doubled together, and soldered on the inside of one end of the cover. The soldier carries a cannister by a shoulder belt, as he does a cartridge box: and for this reason the cannister has fixed to it three loops of tin, each half an inch wide, with the edges turned back, to be smooth and strong; one of them is placed underneath the middle of the bottom, and one on each of the narrowest sides, the latter at four inches distance from the bottom to their lower edges. The loops are to be sent down at each end and very well soldered, leaving a space to admit a leathern belt full one inch and a half wide, and nearly an eighth of an inch thick. The cover opens against one part of the belt, which causes it to fall down, after a cartridge is taken out, by w<sup>h</sup> means the rest

are secured from accidental fire. If possible, the cannisters c. c. should be japanned, or painted, to preserve them from rust; and all fixed with belts.

The board are of opinion that these cannisters are preferable to cartridge boxes, as they will infallibly secure the cartridges from rain, and their weight is so trifling as to be no burthen to the Soldier. And seeing leather is so scarce they will be a most excellent substitute for cartridge boxes.

I am Sir with great respect  
Your most obedient Servant  
Horatio Gates  
President
