The above list is a list of marriage licenses issued by the clerk of the Circuit Court for Somerset County Maryland, on the dates specific, and contains the names of both white and colored couples, without anything to make a distinction, although there are very few colored names in the list, the lists from May 1808- to May 1807 have been lost or misplaced and cannot be found. The records of the years 1808- are complete. Some few names are illegible and some uncertain. This list is the best that can be made from the old papers.
