REPORT

OF THE

ADJUTANT GENERAL.

ADJUTANT GENERAL'S OFFICE,
HARTFORD, September 30, 1918.

To His Excellency, The Governor.

SIR:—In accordance with Chapter 11, Section 13, Militia Law, I respectfully submit herewith a report "on the condition of the national guard, and such other matters relating to the militia" during the past two years.

As was stated in my last report September 30, 1916, the only state troops of the Connecticut National Guard at their home stations at that time, were 13 companies Conn. Coast Artillery, the 1st Separate Company Infantry, colored, and the Conn. Naval Militia. All other troops were in the Federal Service, on duty at the Mexican border.

As indicated in my last report, Federal recognition having been withdrawn from the 10th Militia Field Artillery, that regiment was disbanded (excepting Batteries E and F), by General Orders No. 32, A. G. O., Conn., series 1916, to take effect December 1, 1916. Batteries E and F were ordered, by the War Department, to the Mexican border (El Paso, Texas) where they remained until early spring of 1917.

All of the Connecticut troops were finally relieved from duty at the Mexican border and returned to their home stations; they were mustered out of the Federal Service as fol-

Regular weekly drills were ordered to be resumed by all organizations upon their return to the State, in accordance with General Orders, No. 28, A. G. O., Conn., October 19, 1916.

On February 14, 1917, the Governor received a request from the Commanding General, Eastern Department, (General Wood) for military guards for the protection of important railroad bridges throughout the State, to prevent their being blown up by alien enemies; in compliance with this request the 9th Company, Conn. Coast Artillery was ordered out in Special Orders No. 30, A. G. O., Conn., February 15, 1917, and the 13th Company, Conn. Coast Artillery was ordered out for the same duty in Special Orders No. 42, A. G. O., Conn., March 2, 1917.

On April 3, 1917, upon request of the Secretary of War, the 2nd and 4th Companies, Conn. Coast Artillery were ordered to be mobilized for Federal service and to relieve the 9th and 13th Companies on bridge duty. (See paragraph 1, Special Orders No. 67 and paragraph 8, Special Orders No. 69, A. G. O., Conn., March 31, and April 3, 1917, respectively).

On March 25, 1917, Special Orders No. 61, A. G. O., Conn., upon the call of the President for troops of the National Guard, the 1st Regiment, Conn. Infantry, was ordered to mobilize for Federal service at 7:00 A. M. March 26, 1917.

THE ADJUTANT GENERAL'S REPORT. 7

On March 28, 1917, Special Orders No. 64, A. G. O., Conn. the 2nd Regiment, Conn. Infantry was ordered to mobilize same day for Federal service.

On March 30, 1917, Special Orders No. 66, A. G. O., Conn., Batteries E and F, Conn. Field Artillery were ordered to mobilize same day for Federal service.

On April 6, 1917, Special Orders No. 72, A. G. O., Conn., the Naval Militia of this State was ordered to mobilize for Federal service at 7:00 A. M., April 7, 1917.

The Naval Militia left for the Boston Navy Yard on April 9, 1917, at 7:00 A. M.; all of the land forces ordered out remained at their home stations for some time for the purpose of recruiting to war strength, the 2nd Regiment, Conn. Infantry was encamped at Yale Field, New Haven, soon after mobilization and the 1st Regiment, Conn. Infantry, after having been in camp on the State Armory grounds at Hartford for some time, went into camp on July 23rd, 1917, at Pratt Field, bounded on the Yale Field, New Haven, where the 2nd Infantry was in camp.

On April 13, 1917, to complete the organization of the cavalry quota of the National Guard of this State, as required by the War Department, Troops L and M were ordered to be organized in General Orders No. 19, A. G. O., Conn. It should be noted here that the four troops of cavalry were, after entering the Federal service, organized into and are now known as the 101st Machine Gun Battalion, (Companies A, B, C and D).

On July 16, 1917, in General Orders No. 34, A. G. O., Conn., all the troops not previously entered into Federal service, were ordered to mobilize for Federal service, on July 25, 1917, at 7:00 A. M. These troops went into camp as follows: Cavalry, July 27th and 28th; Field Hospital, Ambulance Company, Signal Corps and 1st Separate Company, Infantry, colored, all to Niantic, Conn., July 28th; Coast Artillery to Fort H. G. Wright, Fishers' Island, N. Y., on July 28, 1917.

In accordance with General Orders No. 90, War Department, July 12, 1917, all organizations of the National Guard excepting the Naval Militia, were drafted into the Federal ser-

vice as of and from the fifth day of August, 1917, and stood "discharged from the militia" from that date, this included a detachment of the Quartermaster Corps, newly organized and not heretofore mentioned.

The Naval Militia does not come under the draft, but all its members, before entering the Federal Service, were required to subscribe to the oath of the National Naval Volunteers, and at the completion of the war they may be placed on an inactive status in the Naval Reserve Force of the United States and not returned to the Naval Militia of the State.

I beg to state here that Army Regulations require copies of initial muster rolls of all Militia Organizations mustered into the Federal service to be furnished the Adjutants General of their respective States; these rolls were received as soon as each organization was mustered after the first call in March 1917. After the initial muster into the Federal service, commanding officers are not required to furnish any further rolls or reports to their respective States. Hundreds of men were enlisted into the National Guard between the time when first called (mustered) into the Federal service, and August 5th, 1917, the date of final draft.

This office has made every possible effort to obtain copies of enlistment papers of men enlisted up to August 5th, and the numbers accredited in this report to each organization as in service on date of draft is based on enlistment papers on file at this office. In reply to a request on The Adjutant General, U. S. Army, for a loan of enlistment papers or muster rolls after the troops were drafted, to enable this office to copy them and thus obtain an absolutely correct record of all men enlisted in the several organizations of the Connecticut National Guard for this war, this office was informed that the papers could not be loaned, but the files would be accessible to any person sent to Washington by the State of Connecticut for the purpose of copying such records. It appears now that this course will have to be pursued after the close of the war, or as soon as the present rush of work in the adjutant general's department in Washington has sufficiently subsided to allow this matter the required time and attention.

THE ADJUTANT GENERAL'S REPORT. 9

Following is the indorsement to the request of the Adjutant General, U. S. Army, and also a letter from the Navy Department on the foregoing subject:

"1st Ind.

War Department, A. G. O.,—To the Adjutant General, State of Conn., Hartford.

Under the rules and regulations of the War Department the enlistment papers mentioned can not be loaned for the purpose stated as such records are being constantly referred to by this office in the transaction of official business. If, however, a duly accredited representative of the Adjutant General, State of Conn., be sent to Washington, he will be permitted to make copies of such of the above mentioned enlistment papers as are on file in this office.

The Adjutant General."

On August 22, 1917, owing to the increase of men in a regiment to war strength, 95 officers and 3,604 men, the 1st and 2nd Regiments, Conn. Infantry were consolidated and that regiment is now known as the 102nd U. S. Infantry, assigned to the 26th Division; the regiment was sent to France the following month under command of Colonel Ernest L. Isbell, former commander of the 2nd Conn. Infantry, and Colonel Richard J. Goodman, former commander of the 1st Conn. Infantry, with 34 officers and 270 enlisted men, including a sanitary detachment, all composed of the surplus of the old 1st and 2nd Conn. Infantry was sent to Camp Green, Charlotte, N. C., and later to Camp Wadsworth, Spartanburg, S. C., and this is now known as the 58th Pioneer Infantry.

The 1st Separate Company, Conn. Infantry (colored) was sent to Camp Stuart, Newport News, Va., and is now known as Company M, 372nd Infantry.

The Conn. Coast Artillery has been split up, part of the officers and men have been assigned to batteries now in France and others to Companies of Coast Artillery on duty at Fort H. G. Wright and other Forts on the American coast.

The Conn. Naval Militia, now known as part of the U. S. Naval Reserve Forces has also been split up and officers and men distributed among ships and navy yards in the U. S. Navy.

The Conn. Field Hospital Company, now known as Field Hospital No. 3, 101st Sanitary Train; The Conn. Ambulance Company, now known as Ambulance Company No. 3, 101st Sanitary Train; The Conn. Field Signal Troops, now known as Radio Company A, 326th Field Signal Battalion; Batteries E and F, Conn. Field Artillery, now known as Batteries E and F, 103rd U. S. Field Artillery; The Conn. Cavalry, now known as the 101st Machine Gun Battalion; the major part of the

1st and 2nd Conn. Infantry, now known as the 102nd U. S. Infantry, are all in France.

From all accounts, by the associated press, the Connecticut Troops have been engaged in the fiercest battles since their arrival in France, and have been highly commended by General Pershing, the Commander in Chief of the American Forces in France, on their splendid conduct and bravery. Captain Arthur F. Locke of Hartford, formerly Captain of Co. F, 1st Conn. Infantry, later Captain of Co. M, 102nd U. S. Infantry, was the first Conn. National Guard officer reported killed in action, and Major George J. Rau, also of Hartford, formerly Major of the 1st Conn. Infantry, later Major of the 102nd U. S. Infantry, was also reported killed in action.

The State of Connecticut has all reasons to be proud of its National Guard; it was one of the first selected by the War Department for service in France, its efficiency and bravery is of the highest, and in history it will go down among the best military forces of the United States in this World War.

Following is a table of organizations giving the strength of each, in officers and enlisted men drafted into Federal Service on August 5, 1917, based on records and copies of enlistment papers on file at this office at date of draft:

RECOMMENDATIONS

The National Government not having decided upon, or committed itself to a fixed military policy, although it is understood that the General Staff of the Army has a well thought out plan for presentation to Congress when called for, it would appear to be inadvisable for the State of Connecticut, by its Legislature, to adopt legislation at the coming session determining a military policy for this State. It would, in my opinion, be wiser to delay such action until it is known what will be required by, and of, the State. It may, however, be necessary to change existing law in this State to accommodate it to peace conditions should the present war terminate before, or during the session of the Legislature of 1919.

On June 3rd, 1916, the President of the United States approved an Act of Congress which corrected many inconsistencies in our military laws, especially those which related to the National Guard. One section of this Act; namely, Section III, providing for the drafting of the National Guard into the service of the United States has been construed by the Secretary of War to mean that when troops of the National Guard have been so drafted they do not return, when released from Federal service, to the service of the State. It is understood that this was not intended by Congress, but the Secretary of War has so determined it.

Guided by your keen foresight, the Legislature of 1917 enacted legislation which provided a temporary force for the existing emergency; namely, the Home Guard, now known as the State Guard, and the Military Emergency Board has, under your direction, built up a large and efficient force, composed of some of the very best men in the several communities where companies have been organized and maintained. This force has proven to be a valuable asset to the State.

Congress undoubtedly will, as soon after the present war is ended, and more likely before, devote its attention to legislation which will establish a fixed military policy for the United States. Should Congress enact legislation providing for compulsory military education, or, more properly speaking, military service, it would then appear that the State would only require a military force sufficiently large for State protection. In this event appropriate legislation might be enacted making permanent such portion of the State Guard as would be considered necessary. Should Congress, on the other hand, decide not to adopt the plan of compulsory military education and service, and to continue the plan provided in the Act of June 3rd, 1916, then the State should, and must continue to be as patriotic in the future as it has been in the past, and must, as soon as possible, proceed to the building up of its portion of a National Guard for the protection of our common country, and the safeguarding of our nation. If we are to rely on the National Guard for National emergencies, Connecticut must build in the future as wisely as it has done in the past, as evidenced, the National Guard of Connecticut was considered by the War Department fit to be placed in the first division of National Guard troops, the 26th, to be ordered overseas, and they were amongst the first National Guard troops to be landed on French soil, and today all Connecticut National Guard troops with the exception of the nucleus of the 58th Pioneer Infantry, are serving in France, and more, these officers and men have proven, by the supreme test; namely, service in war, their fitness, and that the War Department made no mistake in selecting them for this great honor to Connecticut and themselves is also proven. They have stood the test, fought nobly and well, and many will never come back, but there was never a waver; always in the front, ready and eager for every call, and when the history of the State of Connecticut in this war is written, as undoubtedly it will be, due credit will be given these men who hesitated not, but gave the best there was in them, even life when necessary, ungrudgingly for their country. Should Congress fail to provide some plan which will relieve the several States from raising and training National troops, then Connecticut must,

and I know it will, be ready to do its part in building up a new National Guard which, if necessity should ever require it, will be just as ready and efficient as the one now fighting in France for the cause of Liberty.

DRAFT

In compliance with your instructions this office has performed the duties assigned to the Adjutant General in Sections 54, 59, 61, 64, 66, 69, 92, 131-140-149, also Part VII, (Induction and Mobilization) and Part IX, (Disbursement Regulations) of the Selective Service Regulations.

The records of this office show that up to date, September 30th, 1918, there have been inducted and called for induction, from Class 1, General and Limited Service, twenty-nine thousand and forty-four (29,044).

The work of the District and Local Boards in connection with the work assigned to this office has been very exacting, and the Adjutant General desires at this time to acknowledge and praise the splendid patriotic spirit which has been apparent at all times; always co-operating in every way for the best results. This was exceptionally hard on all at first, by reason of the incompleteness of instructions and regulations. It was new work for all, including the office of the Provost Marshal General, but the results are astonishing in their completeness, and this was only possible by reason of the manifest desire on the part of all to co-operate for the purpose of performing the duties assigned to them; having but one object in view; namely, the raising of an army. This will go down in the history of Connecticut as another credit mark to the efficiency and patriotism of the State.

This office is preparing data, as completely as it is possible to do, as the work goes on for the records of the State, and for use in the preparation of a history of Connecticut in this, the greatest war in the history of the world.

The practice of giving medals for perfect attendance was continued.

DRILLS.

Considerable time was employed in instruction in guard duty a branch of military endeavor which the officers regarded as important at the time.

One hundred per cent medals were awarded to those men whose attendance was perfect at drills.

IN GENERAL.

As it has been for many years, the Company is recruited to the maximum allowed and maintains a waiting list of satisfactory number. The Company was never in a stronger position financially and socially and has lended itself handsomely to the patriotic endeavors and needs of the times. With considerable pride it is pointed out that during the period covered in this report twenty-one members have left the Company to enter the Federal Service and four have taken up war work with the Y. M. C. A. As the Company continually preserves a long waiting list, the absence of those who have entered the war have not injured the strength of the Command.

There were several changes in Commissioned Officers during the year. Fourth Lieutenant Arthur G. Warner resigned, January 23, 1918. Ensign Edward L. Fox was duly nominated and approved as Fourth Lieutenant and Sergeant Edgar Thomas was nominated and approved as Ensign, vice Fox promoted. Major John B. Kennedy resigned to date, September 23, 1918, which action was approved by the Commander-in-Chief September 30, 1918, orders were issued by Morelle F. Cross, Captain Commanding for the Company to nominate on October 7, 1918, a major, vice Kennedy retired.

With full assurances that the present high standard of the Company will be maintained in the future, I am, Sir,

Your obedient servant,

JOHN L. GILSON,

Major Commanding

Second Company

Governor's Foot Guard

ROSTER OF CONNECTICUT MEN IN THE WAR
WITH SPAIN.

By Special Act of the General Assembly of the State of Connecticut, January Session, 1915, the adjutant general was "directed to prepare a roster containing the names and complete military and naval record of the soldiers, sailors and marines who were in the service of the United States in the Spanish American War, Philippine Insurrection, and China Relief Expedition, from April 21, 1898 to July 4, 1904, who were credited on the quota from this State."

In order to secure as complete record of each man as possible, more than can be obtained from the muster rolls, the only records on file at this office, a blank form was adopted to be filled out by the veterans of the Spanish American War, or their relatives or friends. More than two thousand of these forms have been sent to camps and individual Spanish American War Veterans, and nearly nine hundred have been returned, properly filled out, and further efforts are being made to reach at least a majority of those who were in the military service during that war from this State.

It is considered advisable to postpone the printing of the roster until all efforts by this office to get the required data have been exhausted.

BADGES FOR VETERANS OF THE SPANISH AMERICAN WAR.

By Special Acts of the General Assemblies of the State of Connecticut, January Sessions, 1915 and 1917, the adjutant general was directed to secure an appropriate badge "for each person who served in the army, navy, or marine corps of the United States in the Spanish American War, and was credited on the quota from this State, also each person who served in the United States Volunteers in said war and who, at the time of enlistment, was a resident of this State."

The badges have been procured and are stored in the vault in this office. Up to this date five hundred and twelve badges have been delivered upon duly certified records of service; part of them have gone to nearly every State in the Union.

THE ADJUTANT GENERAL'S REPORT. 29

The wording of the act as above quoted differs from the wording of the act directing the roster to be prepared in that the badge, under the act, can be furnished only to "persons who served in the Spanish American War," which by declaration and treaty existed from April 21, 1898 to December 10, 1898.

I would recommend that the act of 1915 "concerning the distribution of badges to persons who served in the Spanish American War", be amended by adding the words "Philippine Insurrection and China Relief Expedition from April 21, 1898 to July 4, 1904", as reads the act of 1915, directing the adjutant general to prepare a roster of men in the service during that same period. The expense of purchase of badges will not be increased by such amendment.

LONG SERVICE MEDALS.

The long service medals are awarded under provision of Section 3053, Chapter 185 of the General Statutes, revision of 1902, as amended, to members of the Connecticut National Guard in active service and in good standing, for long and faithful service in the Connecticut National Guard, for terms of ten years, and each additional five years thereafter.

These medals are prized very highly by the officers and enlisted men to whom they are awarded and are conducive in keeping many good men in the service for longer periods than they would stay were it not for the State's recognition by these awards.

Following is the number of long service medals awarded to officers and enlisted men to date, September 30, 1918:

Number of claims allowed, 851, with a total first payment of \$32,879.86.

Number of vouchers executed during the two years ended September 30, 1918, 53. As pensioners are now paid by check direct from the Pension Bureau, Washington, D. C., vouchers are not required.

Total amount collected on vouchers executed in this department since June 1871, \$1,841,245.39.

On July 16, 1918, Congress approved an Act "to pension widows and minor children of officers and enlisted men who served in the War with Spain, Philippine Insurrection, or in China." There have been filed in this department ten claims for widows' pension under the provisions of said Act, and at this date are in process of adjudication.
